THE SCRANTON TRIBUNE-THURSDAY, SEPTEMBER 22, 1898

BEFORE A GENERAL COURT MARTIAL

PRIVATES M'LANE AND STACY PUT ON TRIAL.

One Is Charged with Going to Sleep at His Post and the Other with Leaving His Post While on Guard Duty Without Permission-Letter from Lieutenant W.W. Inglis Says That He Is Recovering-There Is a Demand for Oil Stoves-Some of the Gossip of the Camp.

Special to the Scranton Tribune.

Camp Meade, Middletown, Pa., Sept.21 -The only cases of trial by a general court-martial which the Thirteenth has so far had were those of Private Frank McLane, or Gill, of B company, and Private Stacey, of A, both of whom were tried yesterday morning. The charge against the former is that of having left his post without orders or without having been properly relieved during his tour of guard duty; that of the latter consisted of going to sleep on his post. Both offences took place on the night of September 7, and are usually reckoned among the most serious which can be committed, especially in time of war. The degree of punishment is usually regulated by the circumstances of the particular case. It rests with the discretion of the court, and may be anything from a slight fine and short imprisonment up

to, and including, death Itself. It is not known what it will be in the present instance, but may include four, five or six months imprisonment. This is the first case of this serious nature which the Thirteenth has had. Both men pleaded "guilty" to the charges when read to them, and the result is awaited with some interest.

LAYING A PIPE LINE.

The pipe line which is to supply the Third brigade with water is now ready to be laid. For the past two days a cosmopolitan gang of laborers has been working at a high pressure, and now the level has been reached at which it is intended to lay the pipes. They will be placed three feet beneath the surface of the soil. Plumbers from Harrisburg and Middletown are joining the links and getting things in readiness. It is expected that in two days, at the most, the work will all be done. The water is pumped across the hills from a point not far from corps headquarters and fills three large tanks, con-taining about 35,000 gallons each, and reared on piles to about ten feet above the ground. From this point to the Thirteenth and Twelfth Pennsylvania and the Fifteenth Minnesota it is a straight incline, which will give a good force and volume of water.

The many friends in the regiment of Lieutenant W. W. Inglis, of D, will be glad to learn that he is fast regaining his health and strength in the west. A letter was received from him yesterday by Company Clerk Jennings, of D, and he states that he has recovered to a great extent. He is now staying at the Hotel Antlers, Coloado Springs, and sometime next week will see life on a typical ranch where he will stay two or three weeks. He expects to be able to rejoin the regiment in thirty days. The boys of D Company are very much pleased at the prospect of having Lieutenant Inglis with them so soon.

Predicament of an Ex-Judge of South Carolina.

Philadelphia, Sept. 21.-Thomas J. Mackey, who is said to be an ex-judge of the circuit court of South Carolina. was arrested in this city today on the

charge of bigamy. According to Mackey's story, he is the victim of perse-cution. He has nearly reached the four score mark, and the woman whom he claims to be his legal wife is but 25 years of age. Her name was Bertha Porterfield, and until her marriage to the judge she lived with her parents who are said to be prominent people of Charleston, W. Va.

They were married about a month ago at the girl's home, and from there went to New York. While in that city she claims to have learned that her husband had another wife. He is said to have explained that he was married in 1891, but several months later his wife told him that she had another husband, and the judge left her. He did not see her again, he is said

to have declared, until his visit to New York, and thereupon learning of his second marriage, she threatened him with arrest.

For a time he pacified fears of wife No. 2 by declaring that he would have the first marriage annulled, as it had never been legal. But the status of affairs reached the ears of the girl's parents, and a warrant was at once issued for Mackey's arrest. He was arraigned before Magistrate Jermon late in the afternoon, but the hearing was postponed pending further investigation by the police.

By Associated Press.

Camp Meade, Middletown, Pa., Sept 20, The trial of Major Charles R. Parke, of Scranton, has been called off and forts are being made to hush up the mater. Parke and his attorneys, howver, will not have it that way. The major has been under arrest for ten days for refusing to accept descriptive ists of patients delivered to the Second division hospital while he was surgeon in charge. Such an order was

never served on him and he is anxious for a trial, so that he may show his innocence of any neglect of duty. The charges will probably be dropped and Parke restored to his position of executive officer of the hospital. Major Jackson, of St. Louis, has relieved Major Weaver as surgeon of the Sec-

ond division hospital. The Seventh Ohio regiment will start for Columbus tomorrow over the Faltimore and Ohio for muster out at the expiration of a 30-day furlough. This will probably complete the departure of troops from Camp Meade until the final movement to the West Indies and Philippines. Santander, Spain, Sept. 21 .- The Anchor line steamer, City of Rome, chartered by Admiral Cervera to transport to Spain the Spanish soldiers captured at the battle of Santiago, arrived here

today from Portsmouth, N. H., where she left on September 12. Captain Eulate, the former commander of the Spanish cruiser Vizcaya, and the other naval officers landed, and were mistaken for a party of which Admiral Cervera was a member. The latter, however, was still on board the City of Rome, but a crowd of people followed the officers and cheered for Admiral Cervera. Captain Eulate refused to make any

statement for publication, declaring he reserved what he had to say for the court martial.

TRAIN MEN MAY STRIKE.

Employes of Lines Entering Pittsburg Troubled-They Want to Be Put on an Equality with Their Brethren in Other Parts of the Country.

Pittsburg, Sept. 21 .- The Post today mys that for some time past reports that a big railroad strike might be declared soon have been circulated, but nothing definite could be learned until yesterday, when it developed that the conductors and brakemen of the roads entering Pittsburg want to be placed on an equality with their brethren in other parts of the country. To accomplish that object two branches of the Protherhood of Railway Trainmen yesterday presented to the officials of all railroads entering this city a scale of wages. An answer is requested within thirty days.

The demand calls for a ten-hour day, with extra pay for every hour's work beyond that. The rate of wages asked is as follows: Day conductors, \$2.75; day brakemen, \$2.50; night yard con-ductors, \$2.90; night yard brakemen, \$2.70. Extra per our: Day conductors, 27% cents; day brakemen, 25 cents; night conductors, 29 cents; night brakemen, 27 cents. The present wages are based on a twelve-hour day. The men say that the rate asked by them is paid in Chicago, Cleveland, Youngstown and

many other western cities. The district for which the advance is asked extends east as far as Altoona and west to Ashtabula. Ninety-nine per cent, of the conductors and brakemen in this dictrict are members of the Brotherhood, and they expect the comning beneath four large pillars of coal panies to grant their demand without in a breast directly under the building.
