COL. STONE WRITES TO DR. SWALLOW

A BRIEF REPLY TO THE DOCTOR'S OPEN LETTER.

Col. Stone Believes That Dr. Swallow's Campaign Ammunition Should Be Placed Before the Grand Jury of His County—He Has Therefore Referred the Open Letter to the District Attorney of Dauphin.

Philadelphia, Sept. 23.—The attention of Colonel William A. Stone, the Republican candidate for governor, was called to the public letter addressed to him by Dr. Swallow, under date of Sept. 21, as he passed through Philadelphia today on his way to Williamsport and he promptly indited to Dr. Swallow the following reply:

"Philadelphia, Sept. 23, 1898. 'Rev. S. C. Swallow: 'My Dear Sir—My attention has been called to a published letter, dated Sept. 21, and addressed to me, in which you challenge joint discussion upon what you claim to be the issues in this campaign. I am not surprised that you have omitted Prohibition as an issue, but I am surprised that the Prohibition party, which nominated you upon that issue, should so soon forget the purpose and objects of their organization, and follow you in a crusade which entirely ignores Prohibition. You challenge me to discuss twelve declarations or charges upon the stump. All of your twelve declarations charge crimes and misdemeanors, which may be severely punished under the laws of the state."

"You do not name the offenders, nor the time when these crimes and misdemeanors were committed, but claim to have knowledge of them and to have evidence to substantiate them. I have no such knowledge except your unsupported statements, which you have heretofore made, but have been unable to sustain in the courts. If you have such knowledge of crimes committed, and have such evidence, it is your duty, not only as a good citizen, but as a Christian minister, to lay the evidence before the grand jury of your county. The witnesses which you propose to call in joint debate will be sufficient to obtain an indictment if they are sufficient to convince an intelligent audience of the truth of your charges."

"That is the proper tribunal to hear and determine the truth of these charges, and that is the proper course for you to pursue, instead of undertaking, on the stump, to prove the people against candidates whom you do not charge with committing the crimes or with knowledge of them. I have therefore taken the liberty to refer your letter to the district attorney of Dauphin county, where you reside, for such action as he may see fit in the matter, assuring you that if I am elected governor of Pennsylvania I will heartily co-operate in all cases to bring guilty parties to justice and punish all crimes against the state."

ROOSEVELT "INELIGIBLE."

Black Men Contend That He Is Not a Citizen of New York.

Albany, N. Y., Sept. 23.—The supporters of Governor Black tonight exposed their hand, which has been responsible for their great confidence in their ability to defeat Colonel Roosevelt for the gubernatorial nomination which makes the nomination of the colored man impossible.

When Colonel Roosevelt was sworn in as assistant secretary of the navy he swore to his residence as Washington, D. C. The federal constitution, however, provides that persons holding offices in the federal government retain their residence in the state from which they are appointed, but when Colonel Roosevelt resigned from the navy department he retired to private life. There after he enlisted in the army, and in accepting his commission, again swore to his residence as Washington, D. C.

THREE COAL MINERS ARE ENTOMBED

Terrible Accident in the No. 1 Shaft at Nanticoke—A Rescue Party at Work.

Nanticoke, Sept. 23.—By a rush of coal in No. 1 shaft today three men were entombed and probably instantly killed. They were George H. Morgan, 34 years; John Shannon, aged 22; and John J. Jones, aged 28. Two other miners, John Wolford and John Fox, had narrowly escaped with their lives. The men were driving a rock plane in the shaft, and had driven it about 35 feet above the adjoining chamber which had been worked full and played out. This chamber was directly above the main roadway and a stout box had been built around the pillars to prevent a rush of coal. It is supposed that this box gave way. Morgan, Shannon and John A. Jones were working in the plane, and it is feared that they were caught directly in the rush. Wolford and John Jones were coming down the plane but retreated and got out safely.

GARCIA AT SANTIAGO

The Brave Warrior Welcomed by His Fellow Countrymen.

Santiago de Cuba, Sept. 23.—To the residents of Santiago yesterday was the most important since the capitulation, as it was the occasion of the first visit of General Calixto Garcia to Santiago since he left there in a bad temper on July 17. At 9 o'clock in the morning General Wood, with a portion of General Lawton's staff and several American officers, met General Garcia outside the city limits and escorted him into the town. Garcia was accompanied by his staff and by his son, Colonel Calixto Garcia, by many Cuban officers who have recently come to Santiago and by two hundred cavalry. The streets through which the party passed were thronged with cheering people and it was estimated that 10,000 persons filled the plaza in front of the palace, where Garcia dismounted. He was met at the door by General Lawton and an informal reception by the American officers was held in the audience room. At night another reception was tendered General Garcia at the San Carlos club, which was filled with prominent Cubans, American officers and ladies. The plaza was brilliantly lighted and decorated with flags, and music was furnished by the band of the Fifth Infantry. The Americans wore dress uniforms and General Garcia and his officers wore white uniforms and high boots.

MORE ARRESTS IN BRIDGEPORT CASE

Harry Oxley and Howard Guernsey Are Held on Mysterious Evidence. Both Are Prominent Men.

Southington, Conn., Sept. 23.—Some strange news seems to pursue the remains of the unfortunate young woman who was the victim of the Yellow Mill pond tragedy, and who has been identified as Emma Gill, of this village. This morning the remains were exhumed from the Potter's field in Bridgeport and brought here for burial. Funeral services were held this afternoon and the remains were scarcely again returned to the grave when Dr. Rosenbluth received a telegram from Corner Station, of Bridgeport, asking him to make an examination of the teeth. The body had been buried, but a permit was issued and the remains will be disinterred tomorrow and the examination made. Dr. Rosenbluth is the dentist who did all the work on Miss GILL'S teeth.

SCENES OF EXCITEMENT

Shortly after the report was circulated that an explosion had taken place at the Empire mine and that many miners were entombed, Water street, a narrow thoroughfare leading to it, was crowded with people. There were moving toward the mine. There were moans and sobs and a general feeling of painful apprehension. When the mine was reached, willing hands at once went to work. Every body seemed to want to go into the mine. It was by sheer force that those in charge at the entrance kept the crowd out. It was announced that there was a sufficient force of men inside to do rescue work, when a weary and painful wait of hours took place. Just above the entrance to the mine was an artificial plateau. From the edge of the plateau a good view of the track leading to the mine could be had. Here women stood wringing their hands in anguish and weeping. The hundreds of people reported that they stood at the entrance of a living tomb.

It was several hours later that the tinkle of the electric bell in the engine house announced that a train of coal cars were coming from within. The scene of the disaster is more than a mile from the city. It took about ten minutes for the first load to reach the outside world. When the little train of cars emerged, a shudder was visible in the crowd. First, there came two cars loaded with coal. Then three cars in each of which were two bodies. In one were two brothers side by side, John and Salem Halston. In the others were Robert Davidson and John Bennett, William Pritchard and John Cartwright. James Hall was in the last car.

THE FOUR PRISONERS

Tonight four persons, two men and two women, who had not heretofore figured publicly in the case are now under arrest and the release of Charles Plumb, who was arrested in Stamford yesterday, will undoubtedly be followed by the release tomorrow of Walter Foster, who was arrested in Hartford Wednesday morning. Harry Oxley and Howard Guernsey, who were arrested in Southington, have brought home tonight and were closeted in Chief Birmingham's office about three hours, after which they were locked up. Soon afterwards Rose Drayton, colored landlady for Mrs. Guilford, and her eighteen-year-old daughter, Clara, who had been employed by a domestic in Chief Birmingham's office, were locked up. There is no doubt in the mind of Chief Birmingham but that strong evidence has been procured to connect Oxley with the case, though as usual he will not say what it is. Guernsey, it is surmised, is being held only as a witness.

GARCIA'S SPEECH

"After thirty years of desperate, deadly struggle, the Cuban people today celebrate the success of their efforts. It is a day for the remembrance of the names and deeds of those heroes who fought and died for the freedom of Cuba, from 1895 to 1898, and for the remembrance of the heroes who fought in the war of 1898, which was called the 'little war'—little only because of its short duration, but great on account of the principles defended and for the freedom of the man who opposed the army of the United States. Our gratitude will long live for America."

"General Garcia's speech, which was delivered with considerable expression, aroused much enthusiasm among the Cubans present. General Garcia will remain in Santiago for several days, the guest of the Cubans of this city."
