BOOM IN THE TIN PLATE INDUSTRY

MANUFACTORY TO BE ESTAB-LISHED AT PITTSBURG.

Interesting Figures Regarding the Industry Which Bids Fair to Become One of the Most Prominent in the Country-Imports and Manufacture of Tin Plate from 1889 to 1898.

Special to The Tribune.

Washington, Sept. 25 .- The announcement that the former owners of the largest tin plate establishment in the world have disposed of their works at Swansea, Wales, and are about to establish a manufactory in the vicinity of Pittsburg adds interest to some figures just compiled by the treasury bureau of statistics regarding the tin plate productions and importations of the United States during the past decade and including the fiscal year just

Tin plate, as is well known, was not produced in any considerable quanti-ties in the United States prior to 1891. The tariff act placing a duty of 2.2 cents mer pound on tin plate was enacted Oct. 1, 1890, and the government statistics of tin plate production cover the period beginning with July The production in the fiscal year ending June 30, 1892, was 13,646,719 pounds, in the following year, 99,816,-202 pounds: in the fiscal year 1894, 139,-223,467 pounds: in the fiscal year 1895 193,801,073 pounds; in the fiscal year 1896, 207,228,621 pounds; in the fiscal year 1897, 446,982,063 pounds, and for the fiscal year 1898, is estimated by experts at 640,000,000 pounds, the official figures for the year being not yet avail-Meantime the decrease in importations of tin plate has kept pace with the increase in domestic production. The imports of the fiscal year 1891 were 1,036,489,074 pounds, being much above the former average by reason of the desire of importers to anticipate in importations the tariff rates imposed by the act which went into effect during that fisal year. Those of the fiscal year 1892 were 422,176,202 pounds; those of 1893, 628,425,902 pounds; those of 1894, 454,160,826 pounds; of 1895, 508,038,938 pounds; of 1896, 385,138,923 pounds; of 1897. 220,073.683 pounds, and those of 1898, 171,662,545 pounds.

The following table shows in separate columns the imports and manufacture of tin plate during the past de-

IMORTS AND MANUFACTURE OF TIN PLATE IN THE UNITED STATES.

It will be observed that in each year since 1892 there has been an annual increase of about 50 per cent. in production of tin plate in the United States, and that since that time there has been a steady fall in importations until those of 1898 were but about onefourth of the average annual importations prior to the date at which the manufacture of this article in the United States began.

ey sent out of the country in the pur chase of tin plate is even more strongly marked than that relating to the importation. The value of tin plate imported in 1889 was \$21,222,653, while that for 1898 was but \$3,809, 148, being but about one-sixth of the amount sent out of the country for this purpose

The following table shows the value of tin plate imported into the United States by years from 1889 to 1888, and the average value per pound. It will observed that the annual price per pound has fallen over 37 per cent. since

IMPORTS OF TIN PLATE INTO THE UNITED STATES.

The only important field left in the United States to foreign manufacturers of tin plate is that occupied by the plate used in manufacturing articles for exportation. The law permits a payment of 89 per cent, of the duty paid on imported tin plate to persons who use the plate in manufacturing articles which are exported, and exporters of coal oil, canned meat and similar articles utilize considerable quantities of tin plate in the manufacture of their cans, used in exporting these domestic products. This consumption of tin plate for the manufacture of articles which are in turn exported amounts to about 138,000,000 pounds per annum. In 1897 the amount of tin plate re-exported was 139,246, 130 pounds and for the fiscal year just ended about 137,897,570 pounds. Deducting these "drawback" exportations of 1898 from the total importations of that year it will be seen that only 33,764,775 pounds of foreign tin plate went into domestic consumption in the United States during the fiscal year 1898, against an average domestic consumption of nearly 600,000,000 pounds per annum, prior to the beginning of the manufacture of this arti-

cle in the United States. Having almost completely supplied the home market for tin plate, our manufacturers are now beginning to turn their attention to the foreign market, and during the past year have made a small but promising beginning in the exportation of their domestic

production of tin plate. The following table shows the exportation of American tin plate during the past nine months:

SATURDAY FOOT BALL GAMES. U. of P. Makes a Big Score in First

Game of the Season. Philadelphia, Sept. 25 .- The University of Pennsylvania foot ball eleven rolled up 34 points in the first half and won out by 41 to 0 yesterday in their first game of the season. They were opposed by the Franklin and Marshall team. The Pennsylvanians showed better form than ever before at so early

Indians-Bloomsburg.

Carlisle, Pa., Sept. 25.-Bloomsburg Normal scool was defeated here yesterday by the Indians. The score was 43 to 0, the red men being too heavy to permit a showing by the Normalites.

Cornell-Colgate.

Ithaca, N. Y., Sept. 25 .- Cornell outlassed Colgate as a team in yesterday's game but could not prevent the latter from scoring, owing to the fine individual work of Captain Cramp. The score was 23 to 0 in the first half and 29 to 5 at the finish. For Cornell, Captain Whiting scored five touchdowrs.

Yale-Trinity.

Hartford, Sept. 25 .- In the first game his season for both teams, Yale yesterday defeated Trinity on the latter's grounds. The score was 18 to 0.

SCRANTON PLAYERS WON.

Defeated Dunmore's No. 1 School Football Team Saturday.

The football game between the No. 1 Dunmore school team and a picked eleven from Scranton at No. 5 grounds Saturday afternoon, was remarkable for the numerous altereations in which the players became involved and the number of blows exchanged. The officials of the game enforced their authority and with some trouble managed to subdue the turbulent players. At the line-up it was seen that the Dunmore team was outweighed at least wenty pounds. Dunmore won the toss up and chose the goal. On the kick-off the ball was caught by Coalter, who when tackled, lost the ball. The Scranton team by mess plays worked to within ten feet of the goal where they lost the ball on downs. Dunmore then, by alternately rushing Coalter and Cowles through the center carried the ball to the center of the field when they also lost the ball on downs. The Scranton team then worked the ball down the field until finally when Screnton but five seconds of the half were remaining, they forced Nealon through the center for a touchdown. Nealon then kicked a goal which closed the first half, the score standing 6 to 0 in

favor of Scranton. In the second half Dunmore had the field and Scranton the goal. Dunmore kicked off the ball being caught by Grimes who made a run of ten yards before being downed. Coalter went through center for three yards; Cowles center for eight yards; Brown center for five yards when it was Scranton's ball on downs. During the last rush Turnbull and Gallena were slightly injured and Brady and Moran substitut-

Nealon was sent through center for ten yards; Grimez right and eight yards and Nealon center for five yards. In the next play the Scranton team tried to execute a double pass, and The decrease in the amount of mon- funibled. Moran got the ball and made pretty run of 40 yards. Coalter then kicked the ball which was caught by Swift who made a run of twenty yards before being downed.

The line-up of the two teams were

as follows:

SPORTING NOTES. The Original Jolly Eleven foot ball team the central city would like the people understand there is only one Jolly ven in the city, and that is the Orig-

nal Jolly Eleven, and others are frauds. lonn Mortimer, manager. The Original Jolly Eleven foot ball challenge any foot ball team in the city un-der 120 pounds, except the "cleven stiffs," known as the Jolly Eleven. We will play the Jolly Eleven, but we object to playing a combination team made up of the omets and the first Jolly Eleven team.

John Mortimer, manager. St. Thomas' college will open its season icx; Saturday at Factoryville, where i will meet the strong eleven of Keystone

The fast game of the Scranton high school eleven will be played in Bing-hamten with the high school team of that city. William Langstaff, ir., is its manand Clarence DeBow is captain of the local team.

IN THE PLAY HOUSES.

Agnes Herndon This Week

For the first time at peoples' prices, it 20 and 30 cents, Agues Herndon, the beautiful and accomplished star, will ap-pear at the Academy of Music this week n a repertoire of farce-comedies and comedy-dramas interspersed with singing and dancing specialties at every performance. Monday evening the well-known Ameri-can play, "A Wife's Honor," "La Belle Marie or a Woman's Revenge," will be presented with special scenic effects and a brilliant array of handsome costumes. Special ladles' tickets have been distributed for this evening's performance an can be exchanged without extra charge.

At the Gaiety.

Bright girls, funny comedians, elegant wardrobe and dazzling scenery will be seen at the Galety theater beginning with matinee today, when the Butterfly buriesquers are here. The ollo contains such stars as Frobel and Ruge, the ariel won-ders; Clifford and Dixon, in bright disue, funny songs and good dancing; Eldridges, the greatest colored team on the stage today; Gladney and Howe, a clever set that always pleases; Galiagner and Hild, the comedy sketch team; Lubin and his violin. The burtesque, "A Stranger in Turkey," introduces all the stars of the company and a chorus of sixteen shapely ladies in forty minutes of

THE MARKETS. THE TRIBUNE'S OPPORTUNITY BUREAU

Wall Street Review.

New York, Sept. 24.—Speculation was inclined to wait on the bank statement today and there was much doubt con-cerning what the showing would be. The realizing movement in the stock market upon its face indicated that the return is not regarded as altogether favorable, in spite of the rise in the net surplus reserve of \$4,012,475. The stock market showed a quiet but large absorption of railroad stocks, notably of the Pacifica and Grangers on the traffic returns of those roads. There were noteworthy movements also in the preferred stocks. of Pittsburg C. C. and St. Louis, Evans-ville and Terre Haute, Cleveland, Loraine and Wheeling and Duluth. South Shore and Atlantic. The miscellaneous list showed a tendency to reaction, which was checked by the firmness of the rail-road list until the realizing movement on the bank statement. Wheeling and Lake Eric consol fives rose 2% per cent., mak-ing the net rise for the week 8% per cent.

Total sales were 151,500 shares.
