LAWYERS HAD A DISPUTE.

Court Was Called Upon to Settle Their Squabble-Ruling of Judge Archabld-Bad Day for Respondents.

Court was called upon to settle another dispute between the attorneys in the election contest, yesterday.

Mr. Holgate began the examination of a witness by asking him his age. Mr. McDonald objected to the question on the ground that nothing was material until it had been shown that the witness had voted for the office of county treasurer at the fall election. Mr. Holgate contended that he could ask the questions in whatever order he saw fit, and that the opposing counsel could not govern him in this regard

It was a trivial matter but both sides were stubborn and when they insisted on a ruling the commissioners had it certified to court.

Judge Archbald decided in Mr. Holgate's favor, holding that the examination could possibly be for the purpose of showing that the witness had illegally assisted somebody in preparing a ballot or something of that na ture.

It was another bad day for the respondent, no less than a dozen votes ing invalidated according to the claims of the contestant's attorneys Christ Whitner, Anton Stedler, Ernest Lowenstein, C. T. Boland, John Plegemen, Henry Burnsko, Leonard Fesell and Vincent Krampe, of the Nineteenth ward, voted without being registered. Jacob Cardier, jr., and Jacob Pfaff, of the same ward, made defective affidavits. Patrick Miles, of the Twentieth ward, was not registered and Patrick Daly, of the same place, had improper assistance in marking his ballot. There were thirty-two witnesses exaniined altogether. They were: Leonard Faslen, John Plagemaul, John McGraw, jr., Henry Bernisco, Frank Kane, Jacob Petry, John O'Donnell, Robert Grosstick, Mike McDonough, C. T. Boland. James Pfaff, Jacob Corder, jr., John McGraw, sr., Matthew Fraff, W. F. SCRANTON GERMANS HONOR BISMARCK

ELABORATE MEMORIAL EXER-CISES HELD AT LYCEUM.

Addresses by Dr. L. Wehlau, Rev. F. E. C. Haas and Judge F. W. Gunster-Resolutions of Condolence Adopted for Presentation to the Family of the Deceased Chancellor. Stereopticon Views Aid in Depicting the Life of Bismarck.

Scranton's most representative German-Americans assembled at the Lyceum last night and paid fitting trievent that will be long remembered by the participants, and when portrayed to the family of the widelymourned chancellor will undoubtedly call forth from their heart tokens of appreciation.

The exercises consisted of addresses by prominent German citizens, portraying Bismarck's life, eulogizing his virtues and lauding his achievements; a representation of famous scenes in his career by the aid of a stereopticon, and the adoption of a set of resolutions bespeaking the sympathy est sympathy of this community for the family of the dead prince. Appropriate music, vocal and instrumental, interspersed the exercises.

The assemblage was large as well as representative, the theater being comfortably filled in parquet, balcony and gallery. In the boxes were nearly half a hundred veterans of the Franco-Prussian war, a prominent figure among them being Wilhelm Lutz, of 426 Prospect avenue, who wore on his breast the "Iron Cross," the medal given to private soldiers for especial dent; Theo, Hemberger, secretary Con-deeds of valor and which was won in the instance by rallying a company Rev. surmounting a tall, black pedestal was the central figure. In the back ground were two large flags, the red, white and blue, and red, white and black, their poles crossed just at the rear of the pedestal holding/Bismarck's bust. Bauer's band of forty members with their rich uniforms seated in a semicircle on the stage, added much to the pretty effect of the setting. The programme opened with Beethven's "Funeral March," by the band, after which Dr. Ludwig Wehlau, pres-

ident of the evening, made the initial address. In a few appropriate words he mentioned the occasion of the meeting and then proceeded to explain why Germans love, revered and honored Bismarck. He sketched the bloody history of the land now comprising the empire, describing the scenes that led to the conditions which confronted the Iron Chancellor when he first conceived a United Fatherland, and then briefly went on to tell how from this chaos Bismarck brought order, and how by his wonderful will, foresight and valor made a reality of what had been the fond dream of poets, a united Germany, a Fatherland powerful and tranquil, occupying her proper place among the nations of the world.

DR. WEHLAU'S ADDRESS. In concluding his address, Dr. Weh-

lau reverted to the occasion itself in these words:

Many people in American cannot com-prehend our love and reverance for the old country, and think it even wrong and dangerous. I wish to say our love for the fatherland is a law of nature as the love of the child to its mother. Only that man, in following the good impulses of his nature, preserving a grateful remembrance for the land in which his cradle stood, who cherishes deep within his bosom the memory of his mother, her words of comfort, the loving hand which would fain protect her child in all hours of danger, the heart that beats for the absent one until the last throb, that man who reverences the memory of his fath-er, of his watchful care and guidance, with loyalty until grim death calls him, only such a man can feel a fitting love for the country of his choice, that love which is always ready to sacrifice all worldly possersions, yes, even his heart a blood, if need be. Only such a man is worthy to be called a true and faithfu

The audience sang "Die Wocht am Rhine" to the accompaniment of the band after which Rev. F. E. Haas delivered in German a biographical sketch of Bismarck. It was an elo-quent and scholarly effort. Chronologically he depicted the life of the great statesman from the day

of his birth, April 1, 1815, to his demise July 31, 1898. He pictured Bismarch during his first school days from 1821 to 1835, followed him in his mulitary education, received in the years 1836 and 1837; his management of his father's estates and his election to the Prussian Landing. He dwelt at length on the ardent ove of Bismarck for the house of Hoh-

enzollern and the decided position he took in the revolutionary spirit of 1848-1850. He next traced Bismarck's diplomatic

carrer, telling of his serving as an ambassador at St. Petersberg and Par-is, (1862.) and then spoke at length of his activity as minister of Prussia and later as Chancellor of the German empire outlining the events that led up to and made that possible.
