

CARBONDALE.

[The Carbondale correspondence of The Tribune has been placed in the hands of Mr. J. M. Fortes. All complaints as to its regular delivery, etc., also news items, should be addressed to Roberts & Reynolds, news agents.]

NEW OFFICERS.

At the semi-annual election of Olive Leaf lodge, No. 156, Independent Order of Odd Fellows, the following were elected: Noble grand, Frederick Cundy; vice grand, Thomas Booth; assistant secretary, William Masters; trustee, N. Moon, jr.; representative to the grand lodge, Edward Hall. At the meeting a number of applicants for membership were received and accepted. The condition of the lodge at present is flourishing. The officers elected will be installed next Monday night, when District Deputy Grand Master Wyland of the Golden Chain lodge, of Erieburg, and his installing staff will be present to assist at the ceremony. Last night the local lodge's installation team went to Forest City, where several members were initiated. They report a good time socially.

TO HONSDALE.

The Indian football team of this city, the champions of Wayne and Lackawanna counties for the season '97, will go over the mountains Saturday and administer Honsdale's annual defeat. The latter team will endeavor to hold the score down as low as possible and a good game may be anticipated. There was considerable rivalry in base ball, in which the Maple village had a trifle the best of the argument, and that adds to the interest of the coming game.

FIREMEN'S CONVENTION.

A large number of persons of this city contemplate attending the firemen's convention which will be held at Lebanon on the first four days of October. Messrs. Peter Ribbenberg, T. Herbert and Thomas Campbell, representing the Mitchell hose company, will leave for that place on Monday next. Messrs. Bailey, Meyer and Mitchell, of the same company will secure leaves of absence from the Thirteenth regiment to attend the convention.

LUCRETIAS ENTERTAIN.

The Lucretia lodge, Daughters of Rebekah, held a session last evening at which they conferred the degree on a number of visiting delegates from Archbald, Jersey, Forest City and Honsdale lodges. After the ceremonies attendant with the conferring of the degree, the members of the lodges served refreshments to the persons present. The members indulged in a social time and the visitors highly complimented the local ladies' hospitality.

LYMAN HOWE.

Lyman H. Howe, with his wonderful wargraph, will be at the Grand Opera house. Many persons will remember Mr. Howe being here last year with an animatograph with which were shown the most perfect moving pictures ever exhibited in this city. He still retains the animatograph and phonograph as parts of his excellent entertainment. The war scenes are all new, mostly being portrayals of the late Cuban conflict.

LAST NIGHT'S LECTURE.

Hon. M. J. Fanning, the noted temperance lecturer, drew a large audience to hear him at the Grand Opera house last night. Nothing was demanded for admission and almost every seat in the theater was filled with enthusiastic temperance men. The lecturer has a fine voice and his oratorical efforts were appreciated by his listeners. His discourse was an instructive and entertaining one throughout.

CAMBRIAN OFFICERS.

The following officers were elected Saturday by the Cambrian lodge, No. 55, Independent Order of Odd Fellows: Noble grand, William R. Hughes; vice grand, J. H. Calvins; secretary, C. A. Kase; assistant secretary, H. R. Williams; treasurer, J. F. Robinson; trustee, Angus Cameron, jr.; representative to grand lodge, O. E. Histed. The officers will be installed on Saturday night, when a special programme will be carried out.

PAINFULLY INJURED.

Frank Clifford, of Cottage street, met with a painful injury while engaged with his duties at No. 1 mine. In some unaccountable manner he came in contact with a coal car and received an ugly gash in his upper lip, almost severing the tissues. A physician was called and found it necessary to take six stitches in the wound which will render Mr. Clifford unable to attend to his work for some time.

LOST HIS SIGHT.

John Matthews, of South Terrace street, mourns the loss of sight from both his eyes. He has been suffering from rheumatism for many years past and to this the loss of sight is attributed. Mr. Matthews is over fifty years of age, and on this account it is very doubtful that his vision shall ever return.

Why Beauty Fades

Women, through ignorance, accept periodical pain as a matter of course and do not look for aid.

[A TALK WITH MRS. PINKHAM.]

Nearly thirty years of woman's life is a struggle with menstruation. From the dawn of womanhood to the calm of middle life, the monthly period is the pivot on which the female existence swings.

Tradition handed down from generation to generation has made some women believe that this constantly recurring event must be accompanied by great pain and real sickness.

While it is very true that a certain amount of discomfort is unavoidable, those prostrating headaches or dull, wearing pains, and in some cases excruciating agony, are for the most part unnecessary and cruel.

The relief from painful menses, resulting from the use of Lydia E. Pinkham's Vegetable Compound, has been proven conclusively by the testimony of thousands of women. It goes straight to the root of the trouble and relieves quickly and permanently.

Nature has not intended that women should suffer so, and it is a pity to see beautiful young women fade early in life because of needless pain.

Mrs. George Nemross, of Crittenden, Erie County, N. Y., says: "There is no need for women to suffer if they will only take Lydia E. Pinkham's Vegetable Compound. I suffered for years with painful menstruation, thinking there was no remedy for it; but, after reading your little pamphlet, I thought I would give your medicine a trial, and it is wonderful how quickly it relieved me. I recommend it for all women who suffer with painful menstruation."

Here are letters from two other grateful hearts:

From the time my courses commenced, every time they came I would suffer terrible pain. I got so bad that I would be taken with fits and would fall. I was treated in two hospitals in New York and in Middletown. Every month I was out of my mind. I thought I would try your Vegetable Compound; and after using one bottle, I found it was helping me. I continued its use, and now it is a great surprise to all who know me to see me so well. I wish to thank you for the great relief I obtained from taking your Vegetable Compound, and would recommend it to all suffering women.—Miss HELEN HAESCHE, 242 Atwater St., New Haven, Conn.

I am a girl that has to work for a living, and am obliged to be on my feet a great deal. I was troubled with my menses being irregular and painful, but by following your kind advice I have found relief. I shall never regret the money I spent for your medicine. I highly recommend your Vegetable Compound for irregular and painful menstruation.—Miss LAURA GRUBER, 5th Ave. and Scott St., Leavenworth, Kan.

If there is any further advice you would like to have on this subject, you are privileged to write freely to Mrs. Pinkham at Lynn, Mass. Her answer will be free and prompt. Remember you address a woman, not a man. This fact is important.

TAYLOR NEWS.

This Evening's Attraction—Elected Officers—Personal Mention.

This evening will occur the grand animatograph entertainment of the Edison Lyceum company at the Calvary Baptist church under the auspices of the Junior Baptist union. This is an entertainment of surprise. The marvelous animatograph makes it possible for us to show you the bombardment of Matanzas and Manila. The New York Postian and Spanish batteries in full action, shells exploding in air and water, making it one of the grandest features ever produced. Admission, 25 and 15 cents for adults and children respectively; reserved seats, 35 cents.

Lily lodge, Independent Order of Odd Fellows, elected officers last evening. The Tribune branch office in Taylor is in the Cobleigh building.

Miss Jennie Thomas left on Monday for Parkersburg, Va., to visit friends. The Delaware, Lackawanna and Western collectors are working full time in this place and vicinity. Mr. Joseph Renard has returned from a business trip to New York city. Miss Mary Birkbeck is spending a few days at Yatesville.

SHOT HER SISTER-IN-LAW.

Fatal Results of a Quarrel in the Ewing Family. Maryville, Mo., Sept. 27.—Mrs. George Ewing shot and instantly killed Mrs. Frank Ewing at the former's home last night. The woman are sisters-in-law. The former's husband was away from home and the latter had gone to stay with her all night. During the night, it is stated, they quarreled and Mrs. George Ewing got a pistol and shot her sister-in-law.

THEY PERISHED IN THE KLONDIKE

SEVENTEEN GOLD SEEKERS DROWNED AT HOTHAM INLET.

About One Thousand Men Awaiting an Opportunity to Return from Kotzebue Sound—Favorable Reports from the Minook District. Coal Found on the Yukon—The Death Rate Five a Day in Dawson City.

Port Townsend, Wash., Sept. 27.—The steam schooner Fulton has arrived, fourteen days from St. Michaels, having encountered severe gales during the voyage. She brought fifty-nine miners, representing almost every mining district in Alaska. The crowd, according to the statement of the purser, has between \$50,000 and \$100,000 in gold dust.

Among the passengers were John Emerson, of Minnesota, and Charles Daniels, of Honolulu, who left Kotzebue Sound on Aug. 25. They have prospected almost every stream emptying into the Sound, but found nothing beyond small colors. They had heard nothing of the reported strike on the Kowak river. About 1,000 men were on the beach awaiting an opportunity to return south. All the business houses which had opened there to catch the trade of the miners, had their goods packed ready for shipment to some other point.

Seventeen prospectors are known to have been drowned during the season at Hotham Inlet. Many others are missing. It is supposed they lost their lives in attempting to ascend the small river. Favorable reports from Minook district are brought out. Captain Robert J. Dunham, of the river steambot Rideout, says that a number of new strikes along the creeks in that district have been reported and the prospects are more favorable. He also reports the discovery of two veins of coal on the Yukon river about 900 miles from its mouth. The coal is being mined and sold to the steamboats at \$25 per ton. It will render navigation on the river much cheaper, as wood is scarce and expensive. During the trip up the river the steambot paid \$4,700 for wood. The coal is mined easily, one man being able to take out from five to seven tons a day.

AVERAGE DEATH RATE.

Utah Senator J. W. Range, of Seattle, who is among the returning Dawsonites, said just before leaving Dawson that Colonel Davis, president of the relief committee of the combined secret orders, told him that the average death rate was five per day during the last two months. The highest number of deaths in one day was eighteen.

On her way down the Fulton found the schooner Louise J. Kennedy, which was floundered successfully and taken to Dutch Harbor, where she is undergoing repairs. She will be in a sea-going condition soon.

Vancouver, B. C., Sept. 27.—Sixty-five Klondikers have arrived here in the steamship Horsa. A majority were paupers. Two men, one named William Sundstrom, from Chicago, had been travelling for a year on the Edgemont route. They were lost in the Rocky Mountains for a week. Several thousand men are on the trail, but only a few could reach Dawson, they say. J. W. Sheppard, of Illinois, brought down \$5,000 from Pine Creek, the result of the sale of two claims.

Several accidents have occurred recently on the Skagway railway. Two men, it is said, were buried under a slide.

Seattle, Wash., Sept. 27.—Out of a party of twenty-six men that left San Francisco early in the year to go to Dawson via the Stekeken trail, Herman Long, of this city, is the only one that pushed through. Two out of the number were drowned, two are insane, and the others are far in the interior endeavoring to regain their health at trading points.

In the swift Chesley river in the north rivers seven of their boats were dashed to pieces on the rocks and the outfits were lost. In two of the wrecks Dr. Black and a man named Morgan, both from California, were drowned. Long says that many of the men but came temporarily insane after their provisions began to give out. They had to be watched continually as several attempts at suicide were made.

GOLD IN NORTH BORNEO.

Rich Placers Being Worked by a British Syndicate.

San Francisco, Sept. 27.—A. R. Dunlap, who presides over the Darvel Bay district in Borneo, under the direction of the Chartered company of British North Borneo, is in the city. A few months ago he led the government forces in a successful campaign against the rebel chief Matsaleh.

He says that gold mining operations in British North Borneo are very promising just now. An English syndicate has been formed to work the rich placers ten miles from Lahandah, the chief settlement on the east coast.

Dunlap has had considerable experience with the Filipinos and declares that they are utterly incapable of self-government.

The Plumber in War.

The Lieutenant—"Is that one of our men over there in that field?" The Orderly—"It is, sir." "Who is it?" "Fossett, the plumber." "What is he doing in that onion patch?" "Looking for leaks, sir."—Yonkers Statesman.
