"I am certainly glad the war is

in being under fire. When you hear a

man say he likes to fight you can tell

him with truth that the liars are not

all dead. I have been under fire many

many times, and let me say that I never

knew what my emotions were during

the ordeal. I realized after it was over

that I was glad. But a man does not

SCHLEY'S INTUITION.

"Since my return I have begun to

have heard so many stories

believe that I was not present during the destruction of Admiral Cervera's

about the action and so many details

altogether new to me that I am nearly

certain I could not have been there,

as I never saw or heard anything of

these supposed facts during the en-

gagement. All these stories about my

being unprepared to receive the Span-

ish squadron are bosh. The fact is that

knew of Cervera's proposed move

twenty-four hours before the squadron

dashed out of the harbor. How did I

know it? By intuition, I had stu-

died the situation carefully, and was

ertain that Cervera must move within

forty-eight hours. I watched every

ressel in that fleet for three days be-

fore the dash was made. I not only

watched them, but I knew every move

they made. I could tell every time a

the hills; we could see columns of

smoke rise up into the air at certain

periods. It was not hard to connect

this smoke with the funnels of the

vessels of the squadron, and thus I

was kept informed as to their where-

abouts. Every time one of the vessels moved the tell tale smoke followed

her course, and so did I. So all night

before the dash was made a thousand

pairs of sleepless eyes on board our

ressels watched the mouth of the har-

bor as a cat watches a mouse. Not for

one second did we lose track of the

Spanish squadron, and we were fully

FOOT BALL SATURDAY.

Cottage Athletic Club and Indians

Line Up Against Each Other. The Cottage Athletic club and the Indian foot ball team played at Alumni park Saturday afternon before a small number of spectators. The former eleven secured the ball on a fluke in the first balf and succeeded in scoring a touchdown, which Johnson falled to convert into a goal. The second half was an interesting exhibition of foot ball. The playing during this half was all in the Cottage club's territory. The Indians had the ball within a few feet of their opponent's goal, when the crowd surged in on the gridiron, and although the referee gave the ball to the Indians the Cottage eleven's centre refused to give it up. During the bickering the timekeeper shouted time and the game was over. Estabrook, a High school man, acted in the capacity of referee and plainly showed that he knew little or nothing of the rules gov erning this season's play. C. F. White-

lock acted as umpire. Before the big game the second High school eleven and the Indian, jr. played an interesting game, which resuited in favor of the latter by the score of five to nothing. There are some youngsters on either of the teams which can play all around some of the members on the older teams. They consumed too much time in parleying on the referee's decisions. The High school team did not go to Honesdale on account of the threatening weather,

CHURCH SERVICES.

A special programme was carried out at the Methodist Episcopal church last night, at the Epworth league rally, to which the public were invited. Rev. A. O. Williams delivered a very interesting address.

William Clemmo occupied the pulpit at the Welsh Baptist church last night. Mr. Clemmo, who is an exceptionally fine orator, chose for his subject "The Sure Foundation." His address throughout was most interesting and instruct ive, his fine voice adding considerably to the effect.

A BICYCLE ORDINANCE.

At Friday's council meeting the following resolution was introduced: Bicyclists must be provided with a bell or whistle that can be heard at a distance of thirty yards; their speed shall not exceed eight miles an hour and in rounding corners four miles an hour, Bicycles can be pushed on the sidewalks, but only in single file; they must be equipped with lamps at night and the penalty of a violation of any of these provisions is a fine of not less than two dollars and not over five.

GAMEWELL SYSTEM ADOPTED.

The joint fire committee met last week and recommended the Gamewell fire alarm system for the adoption by city council. At the meeting on Friday night councils acted unanimously in regard to the matter and before long the aforementioned alarm | Leah and Maud Evans, of North Main system will be set up. Just at present the municipal funds are rather low, which will cause a delay in the purchasing of the system, which requires an outlay of \$4,370,

KENNEDY PLAYERS TONAGHT.

The favorites with Carbondale audiences, the Kennedy players, will open a week's engagement at the Grand opera house tonight, when they will present one of the best plays in their repertory, "The Hand of Fate." Miss Nellie and John J. Kennedy, old-time favorites in this city, are with the company. A lagre number of seats have been reserved for this evening's performance. Matinees will be given each afternoon, commencing tomorrow.

INJURED PAINFULLY.

Michael Kelly received a painful injury while engaged with his duties at the Gravity shops, Saturday afternoon. Mr. Kelly is employed as a machinist Pyne mines were idle on Saturday, and was working on a large piece of fron which, through the breaking of a chain that held it in position, fell from the lathe. The iron fell upon his left leg and painfully, though not seriously

injured it. Dr. Kelly was called to

Get Strength, Vigor, Clear Complexion and Good Digestion, Not by Patent Medicine, But in Nature's Own Way

Any honest physician will tell you that there is but one way to get inreased flesh; all the patent medicines and cod liver oils to the contrary not vithstanding.

Nature has but one way to increase esh, strength and vigor, mind and oody, and that is through the stomach, wholesome food, well digested. There is no reason or common sense in other methods whatever,

People are thin, run down, nervous, ale, and shaky in their nerves simply ecause their stomachs are weak. They may not think they have dy cepsia, but the fact remains that they lo not eat enough food, or what they eat is not quickly and properly digest-

d, as it should be, Dr. Harlandson says the reason is ccause the stomach lacks certain direstive acids and peptones, and deficent secretion of gastric juice.

Nature's remedy in such cases is to upply what the weak stomach lacks. There are several good preparations which will do this, but none so readily as Stuart's Dyspepsia Tablets, which are designed especially for all stomach troubles, and which cure all digestive weakness on the common sense plan of furnishing the digestive principles which the stomach lacks,

Stuart's Dyspepsia Tablets give per ect digestion. First effect is to inrease the appetite and increased vigor, idded flesh, pure blood and strength of nerve and muscle is the perfectly natural result.

Stuart's Dyspepsia Tablets is the safest tonic known and will cure any orm of stomach trouble except cancer gists at 50 cents for full sized packages or direct by mail from Stuart Co., Marshall, Mich.

An informal musicale was given at the home of Miss Lizzie Reese, of Union street, last week by the Rendnam Glee club. Refreshments were served. Those in attendance were: Mr. and Mrs. William Reese, Mr. and Mrs. John Gordon, of Scranton; Mrs. Mc-Peck, of Green Ridge, and Misses Elizaboth Reese, Lizzie and Margaret Enderline. The latter sang some very choice selections which were heartily applauded.

The many friends of Miss Susie Barcon, of Rendham, tendered her a reception on Saturnday evening at the iome of her parents. The evening was spent pleasantly in a manner of games and other amusements until a seasonable hour, after which refreshments were served. Those present were: Misses Maggie Price, Susie Barron.
