An area of territory four times greater than France itself, and almost double the area of the thirteen original colonies. This proposition when first made by Marbols was a greater surprise, if possible, to Livingston and Monroe than was the to Livings on and Morroe than was the surprise to the Americar, people of the unprecedented victory of Admiral Dewey in sinking the Spanish navy in the bay of Manila within a week after the declaration of war with Spain.

because of her inhumanity in the is-What new pathways in our national destiny have been blazed out by American cannon on land and battleships upon the seas, no prophetic ken can now foresee. If the intervention of this nation in hebalf of liberty and human-ity in the island of Cuba shall result in the providence of God, in the emancipation of ten millions of people in the colonies of Spain, from her despotic, barbarous rule, shall the American people shrink from this unexpected re-sponsibility to liberty and humanity? Has the rule of Spain in the Philippines been any more humane than in Cuba? Are liberty and humanity questions of latitude and longitude? A nation in this age of Christian civilization that appeals to battle for the settlement of any question must be ready and willing to meet all responsibilities to liberty and humanity resulting therefrom, whether foreseen or not.

FLAG OF OUR FATHERS.

Today the flag of our fathers rightfully fleats over an island in the Atlantic Ocean a thousand miles east of the coast of Florida, and in like marner, over a still larger island in the Pacific, in far-off Asia, ten thousand miles away. In addition to the questions of justice, liberty and humanity, grave questions of commerce over this vast expanse of territory are to be settled in ending the war with Spain, and in their settlement the American people

As the Democratic party is only a party of fault finding with everything not done by itself, it is incumbent upon the patriotism of the country to see that the President is sustained by a Republican majority in both branche of Congress, until the war is ended, and he questions resulting therefrom are finally settled. For it cannot be forgot-ten that in the war for the preservation of the Union, while the boom of vic cannon at Gettysburg was down the centuries, the Democratic party in convention at Chicago 1864, declared the war a failure, and demanded an immediate cessation of hostilities. The Union soldier then, was by the Democratic party:

Asked to solke his guns when the foe And the rags of his black bunner were dropping away: To tear down the proud name our nation her brave bird from his home

The Democratic party in national convention at St. Louis, in 1876 denounced in its platform the efforts the notinced in its partiers then making for the resumption of specie payments. There is not one of the glorious achievements of the Republican party in peace or war during the almost half century of its existence that has not been opposed with more or less violent opposition at the time of its occurrence

by the Democratic party.
So now the Democratic party, in its political action, shirks all responsi-bility on national questions and issues, and contents itself with fault finding With the cry of imperialism it is preparing to oppose whatever may be don by the present administration in finally ending the war with Spain. A party that has no convictions or is too ardly to express them on great national questions, affecting the destiny of the Republic, is not a party to be in-trusted with power in either State or

OUR CANDIDATE.

William A. Stone, candidate of the Republican party for Governor, by his own inherent force of character, with-out the aid of wealth or family influhas achieved honorable distinct tion. When too young to carry a bal-lot to the ballot box he carried a cartridge box and musket on the field of battle in defense of the Union of our Fathers. He is eminently fitted by his long experience in legislative positions and by his sterling integrity of character for the duties of Chief Magistrate

of this great Commonwealth. Charles W. Stone, the Republican candidate for re-election to Congress in this district, is one of the most effi-cient members in the present House. in committees and in the debates on the floor of Congress. His long experience in legislation and his familiarity with public affairs, in both State and Nation, makes him a most valuable member of Congress for these times, I trust his constituents will duly appreclate their obligations to the country by returning him to the Fifty-sixth Congress, Every consideration of patriotic duty calls upon the voters of Pennsylvania to see to it that the Keystone State in its executive and legis lative departments and in its delegation Congress, remain as heretofore united and steadfast, in support of the President in ending the war with Spain. MARRIED IN ARCHBALD.

John Fagan, of Peckville, and Miss Mary Lane.

At St. Thomas church at Archbald yesterday morning Miss Mary Lane, of that place and John J. Fagan, of Peckville were united in marriage. Miss Mary Moffitt, of this city, was bridesmaid and Bernard Fagan, a brother of the groom, was groomsman. Father Comerford officiated.

The wedding dinner was served at the home of the bride's parents, Mr. and Mrs. Michael Lane, of Cemetery

Mr. and Mrs. Fagan left later in the day for a visit to New York city and Boston. They will reside in Peckville.

IN THE PLAY HOUSES.

"Prisoner of Zenda."

The great romantic play, "The Prisener of Zenda," will be presented at the Lyceum Thuraday, Oct. 20, by a first class company, sent here by Dapiel Frohman, manager of the New York Lyceum thetheir settlement the American people have a greater interest than any other nation can possibly have. In the language of President McKinley, "We want no differences at home until we have settled our differences abroad; with a when sent upon the road Mr. Sothern was settled our differences abrond; with a good national conscience and the courage of destiny."

The President, being the commander-in-chief of the army and navy of the United States, is the only person duly authorized by the Constitution to negotiate terms of peace with Spain; and after that shall be done Congress must approve before the war is finally ended.

As the Democratic party is only a Ricard and others.

with E. H. Sothern in the title role, and when sent upon the road Mr. Sothern was followed by Hi ward Gould who has played it ever a nee and will play it here. A carload of special scenery is carried, and a fine company will be seen in the interpretation. Mr. Howard Gould will head the list and will be assisted by Messrs. R. F. McClannic, Vaughan Glaser, Holden Chandler, Duncan Harries, Robert Conners, the Misses Margaret Fuller, Nellie Strickland, Amy Ricard and others. Ricard and others.

"A War Correspondent."

Burr McIntosh, who will make his first appearance in this city as a star at the Lyceum theater Friday and Saturday with a special matinee Saturday in Lottic Blair Parker's new war comedy, "A War Correspondent," is well known for many reasons. In the play there is nothing to appeal to the shorting sensibilities, only article worn that he used in Cuoa is the hat which was his pillow whilst spending several hard nights on the ground. Everything else was stolen or burned. "A War Correspondent" is not built around Mr. McIntosh's Cuban ex-periences. The play was written before he went to Cuba for Leslie's Weekly, Mr. McIntosh was with the United States army at Santiago, the scene of the play is located in and about Havana and the time of action is March, '98, before the war was declared. "A War Correspondent" is a comedy. There is a pretty love story, which is romantic as well, that is worked out between the correspondent and the beautiful daughter of a wealthy Cu-ban planter. During the more serious portions Mr. McIntosh shows that the war correspondent must be a man of re-source and brains. With his actual excriences to guide aim he should be able give a good account of himself.

The Seidl Concert.

Monday evening the Seidi orchestra will give a concert at the Lyceum. The Sy-focuse Standard of yesterday says: 'As a conductor, Herr Schmitt won the instant favor of his audience. He is a man of fine presence and looks every bit the accomplished musician that he is was Seidl's concert master and at Seidl's death he took up the baton. Of the programme rendered last evening, the nu cheral fusue in G minor of Bach-Abert, the Sec. b symphony of Mendelssonn, and the prelude and finale from Wagner's opera, "Tristan and Isodie," There were two your numbers on the programme, rendered by Miss Sara Anderson, which vere greatly enjoyed. Miss Anderson has a rich, mellow sopramo voice and her method is faultiess. She is the daughter of Mrs. Sara Barron Anderson, a well known artist who is now living quietly

New England Stock Company. The managers of the New England Stock Dramatic company, which opens a week's engagement at the Academy of Music on next Monday night, have en-deavored to cater to the tastes of all classes of people in arranging the reper-toire of plays. While the plays are all of the highest class, each being a leader in its particular line, the style is so varied that the most exacting taste should have no difficulty in being suited. In order to be in line with the prevailing craze for vaudeville features, a number of high class specialties are presented between the acts, thus avoiding the necessity of marring the dramatic unities of a strong play and giving a continuous perform-ance. There are no waits during the entire entertainment.

THE MARKETS.

Wall Street Review.

New York, Oct. 19 .- Only a few days n the history of the stock exchange can offer such a record of duliness and apathy as that of today. The Industrials still continued to lead the market in volume of transactions but even in them business was comparatively insignificant. The somewhat cation of the memory of these martyred heroes is the expulsion forever of the flag and sovereignty of Spain from the American continent. In doing this the American people find themselves charged with new, unexpected responsibilities to eight millions of Spanish subjects in far-off Asia. Shall the American people shrink from any responsibility to liberty and humanity because it is unexpected and unforseen? acute depression existing in foreign exchanges on account of fears that ing this early decline and prices dragged along at the lower level throughcontinued use for a short time causes out the day, Total sales were 126,886 shares.

In the olden days men were physically, at least, worthy of the admiration of women. It is a great big something for a woman to feel that her husband is truly a capable and intrepid pro fector. It is a com-fort for her to feel that he has the physical stamina and courage to de-fend her through all the vicissitudes of life. Nowadays there

mire about average in a n from a physical standpoint. He may be a moral and a men tal giant, but the flesh of ill health is weak, and he is probably a physical coward. It is not in nature for a sickly man to be a brave man. His spirit may be willing but his body is weak. That is the man's own fault. Any man can be healthy who will pay a lit-tle common sense attention to his health tle common sense attention to his health when he has it, and when he gets a little out of sorts, take the right remedy. Many of the diseases that afflict mankind are traceable directly to indigestion torpidity of the liver and impurities in the blood. Dr. Pierce's Golden Medical Discovery is the greatest medicine for disorders of this nature. It strengthens a weak stomach, corrects all disorders of the digestion, gives edge to the appetite, invigorates the liver, purifies and enriches the blood and tones purifies and enriches the blood and tones up and invigorates the nerves. It searches out disease germs, kills them and carries them out of the system. It is the great blood-maker, fiesh-builder and nerve-tonic

and restorative. It makes strong, healthy men out of weak, sickly invalids. Medi-cine dealers sell it and no honest dealer will cine dealers sell it and no honest dealer will urge a substitute upon you.

"I have been taking Dr. Pierce's Golden Medical Discovery and 'Pellets' and must say that they have worked wonders in my case." writes Mr. L. L. Pack. (Box 175). of Hinton, summers Co., W. Va. "I feel like a new person, in fact I think I am well, but will take one more bottle to make sure the cure is permanent. I cannot speak too highly of the Discovery. I can eat anything now without misery in my stomach. I have gained some eight or ten pounds, weighing as heavy as I did three years ago.

"The medicine certainly worked like a charm on me, but when I first began to take it I felt a little worse for a few days, had pains through my body and bones, but all this left me after taking the medicines four or five days."
