FOREIGN DEMAND FOR OUR PRODUCTS

BUSINESS THE MOST PROSPER-OUS IN YEARS.

England Has So Managed That French and German Gold Is Moving Towards America-Staggering Outgo of Wheat - Encouraging Prospects for Iron.

New York, Oct. 21 .- R. G. Dun & Co.'s weekly review of trade will say tomor-

With growing foreign demand for American products, exchange is influenced mainly by political uncertainties abroad. While Europe waits for the outcome between England and France about the upper Nile, the financiers of all European countries are trying to force upon each other the burden of providing cash for the enormous de-mands of the United States. England has so managed as to make France and Germany send most of the gold and the resulting war of exchanges between foreign nations checks for the movement of gold this way. Yet these and all other causes do not so far hinder business as to prevent an excess over the most prosperous of previous years. The exchanges through all clearing houses for the past week have been 6 per cent, larger than last year, and 1.7 per cent. larger than in 1892, but outside New York for the week the transactions were smaller than in 1892.

The outgo of wheat staggers all prophets of disasters but while the price has advanced 3 cents at the west, the rise would have been much greater but for the feeling that the enormous foreign demand may not last. Exports, flour included, have been for the past week 4,369,536 bushels at Atlantle ports, against 3,578,607 last year and 923,278 bushels from Pacific ports against 1.295.944 last year, making for the three weeks 11,984,538 bushels ugainst 14,227,390 last year. Without doubt many western farmers are still holding back their wheat and yet the receipts at the chief western ports have been in three weeks 20,592,494 bushels against 23,725,801 last year. It is significant that this heavy demand continues after foreign crops, officially reported as fairly large, have been almost everywhere harvested. The corn exports continue large, 2,634,441 against 652,377 last year, and 7,002,039 bushels for three weeks against 3,914,764 last year, is although it is the bottom point of the year for corn, prices have risen nearly 14 cents during the week.

There is much hesitation in the iron and steel trade partly because the outcome of various combinations in Bessemer pig, steel rails, bars, wire nails and the like, cannot yet be definitely anticipated. If general buying was expected to result from these movements it has not appeared thus far. Yet prices of domestic products have not declined and although the tone is somewhat weaker for bars and plates quotations are in part sustained by considerable orders for export. The plate mills have received orders for 25,900 tons from the government for ship purposes, and the bar and billet mills have a very encouraging demand. Failures for the week have been 221

In the United States against 224 last year, and 24 in Canada against 38 last

SOLDIERS PUNISHED. Sentences of Court Martials in Hon-

olulu Approved. San Francisco, Oct. 21.-General Merriam has approved the following court-

martial sentences First Sergeant William C. Prull, company M. First New York regiment. to be reduced to the ranks and to for-

feit fliteen days' pay for disobedience of orders and using abusive language. Private Harry J. Deutchbein, Company B. same regiment, to be confined at hard labor under charge of post guard at Honolulu for one month and to forfeit \$10 for disobedience of orders and using obscene language.

Private John Albert, Company A. same regiment, to be confined at hard labor under charge of post guard at Honolulu for thirty days for disobedience of orders.

JAPAN'S NEW MINISTER.

Jutaro Komura, Educated at Har-

vard Law School, Appointed. has informed the state department that the Japanese government has appointed Jutaro Komura, vice minister of foreign affairs, to be minister of Japan to the United States.

Mr. Komura was born in 1853 and studied law at Harvard University.

IN THE PLAY HOUSES.

"A War Correspondent."

"A War Correspondent" a play written by Lottie Blair Parker in which Burr McIntosh is making his first plunge as a star was presented at the Lyceum last night before a sparsely settled house. The play is about two weeks old, runs smoothly and is staged in a very handsome manner,

"A comedy" is the way the authoress refers to the play. As she wrote it she, better than any one else, ought to know what it is. It did not strike those who saw it last night as much in a comedy way, but with a trifle more of action and a better appreciation of what the public wants in the way of climaxes a "War Correspondent" becomes a drama the judicious theatergoer would approve and applaud.

Mr. McIntosh deserves commendation for giving the stage a newspaper correspondent that is real and natural. If his work last night had a fault it was the fault of being too realistic. Grace Filkins did admirable work and Edith Barker, Genevieve Ingersoll, George C. Staley and Errol Dunbar were members of the very excellent

company that supports Mr. McIntosh. The scenes of a "War Correspondent" are laid in the city of Havana and at the plantation of Estramadura, Havana province, the country residence a wealthy planter known as Senor Saldenha de Barbosa. A short time previous to the opening of the play, Storey the newspaper correspondent had spent several days at the plantation. Senor de Barbosa being away at the time, he and Storey

INDIGESTION. Hersford's Acid Phosphate ONE IN EVERY FOUR.

One Person in Every Four Suffers From Piles.

About one person in every four suffers from some form of rectal dis-ease. The most common and annoying is itching piles, indicated by warmth, slight moisture and intense, uncontrollable itching in the parts af-

The usual treatment has been some simple cintment or salve which sometimes gives temporary relief, but nothing like a permanent cure can be expected from such apperficial treat-

The only permanent cure for itching piles yet discovered is the Pyramid Pile Cure, not only for itching piles, but for every other form of plies, blind, bleeding or protruding. The first ap-plication gives instant relief and the continued use for a short time causes a permanent removal of the tumors or the small parasites which cause the intense itching and discomfort of itching piles.

Many physicians for a long time supposed that the remarkable relief afforded by the Pyramid Pile Cure was because it contained cocaine, opium or similar drugs, but such is not the case. A recent careful analysis of the remedy showed it to be absolutely free from cocaine, opium, or in fact any poisonous, injurious drugs whatever. Sold by druggists at 50 cents per pack-

Send to Pyramid Co., Marshall, Mich., for free book on cause and cure

ter, Josephine, and the correspondent Ches. & Ohio. Chie. & G. W. fall immediately and mutually in love. This fact is scarcely realized at the time, even by themselves, and is not made known to each other or any one else until after the action of the play has begun. The play opens in Havana, March 13, 1898, during the progress of the inquiry into the Maine disaster. Hither comes Storey who has been detailed by his paper to go to Havana for the purpose of acquiring all pos-sible information of the situation and the progress of events, and the entire N. Y. Air Brake ... 103 family of de Barbosa for the purpose N. Y. Central ... 115 family of de Barbosa for the purpose of attending a reception at one of the No hotels given to the Spanish officers at the time in Havana. Here Storey Pacific Mail . meets and renews his acquaintance People's Gas with Josephine. Here he also meets high family, Antonio Jorrin, a secret helper of the Cuban cause, through whom Storey has obtained much valuable information concerning both the Spanish and Cuban arms and resources, Also he meets a lawyer from New Orleans We Desheeshard who research the Wabash, Pr. 1884. leans, Mr. Dechenhard, who proves to be an old friend of his(Storey's) father. Their meeting in the first act give the information that Storey's father years back, had been defrauded of the greater part of his fortune by a de faulting partner. The audience learn in the first act that this defaultin partner is none other than de Barbosa the father of Josephine, with whon Storey has fallen deeply in love. A the end of the first act Jorrin, who a the opening of the play has just re turned from a visit to the insurgents bearing important documents, is about to be arrested. His escape, which i assisted by Storey, forms the climax o the first act.

The second act shows Storey's apart ment in the hotel to which he is brought, under arrest for having assist-release from the custody of the Spanish officers. The third act takes place in the plantation Estramadura, the home of de Barbosa. Here Storey declares his love to Josephine and fights a duel with Captain Castellia, a Spana duel with Captain Castellia, a Span-ish nobleman and rival suitor for the Economy Light Heat & Powhand of Josephine. The act culminates in the discovery of the fact that de Barbosa is the absconding partner of Storey's father. The fourth act is devoted to extricating the characters from this situation and to settling the fate of the lovers, Josephine and Stor- Moosic Mountain Coal Co

The play will be repeated at the Ly ceum this afternoon and evening. Mr. Scranton Pass. Railway, first season proposes to present it to New

The New England Stock Co.

A dramatic revival of unusual interest is announced for next Tuesday evening when the New England Stock Dramatic company will give an elab-orate production of Sir Charles Young's great play, "Jim the Penman." Though years have passed since It was last given in Scranton and the A. M. Palmer Stock company is a thing of the past, and many of the artists whose names are indelibly associated with the success of the play have joined the great majority, still there is an almost affectionate memory clinging to the play.

Seidl Concert. An exchange says of the Seidl or-hestra which will give a concert at the Lyceum Monday night: "The prograname was carried out in a manner that gave uralloyed satisfaction. The orchestra has made a wonderful improvement in the direction of refinement of execution and beauty of tone roduction since its first appearance in Toronto at the Pavilion Music hall in November, 1892. Whether the fact to be attributed to the enlistment of new material since that event or to the influence of Mr. Seldi's long-continued direction, the artistic advance in the niceties of playing by the orchestra is most marked. The rich and exquisitely smooth effects from the wind sections, the purity and sensuous charm of the tone both in the solos and in the combined mass, have rarely been equalled by any of the great orchestras which have visited the city."

The Glad Hand.

Next week the greatest show of the season, Weber & Field's "Glad Hand" company will be seen at the Gaiety introducing Fields and Woodley, Manning and Weston and other artists.

At the Academy.

There was a large audience at the Academy of Music last night to see the King Dramatic company produce that striking drama, "The Cherry Pickers." This afternoon the company will be seen in "She" and tonight in "The Last

Joe Murphy Next Week. Joseph Murphy, the favorite Irish comedian, will present his successful play, the "Kerry Gow," at the Lyccum theater next Tuesday night. Mr. Murphy will play the title role of the warm-hearted Irish black-smith, Dan O'Hara. The horseshoeing scene in this play is one of the most realistic as well as novel of any play ever presented on any strge. Mr. Murphy is a legitimate, sincere and skilliful actor. Wednesday night "Shaun Rhue" will be

THE MARKETS.

Wall Street Review.

New York, Oct. 21.-The motory nerve of the world's markets was touched today by the reported orders of the government of France to Major Marchand to retire from Fashoda. There was a prominent recovery in market securities in London and Paris and in corporate stocks in all foreign markets. For the same reason there was a weakening in the wheat markets of the world, including Liverpool, New York, Chicago and San Francisco, This checked yesterday's advance in the stock market. But when it became evident later in the day that there was good support in the wheat market for a continued heavy demand for export in spite of the subsidence of the war scare and of the continued heavy recelpts at primanry points there sprang up a demand for railroad stocks, which showed itself more confident and urgent that anything that has been seen in the stock market for several weeks, The movement of the industrial specialties was relatively much less important than of late. Total sales were
