Do You Need Building Up?

You may be a large eater and yet be weak and not weigh as much as you should. This is because you do not receive proper nourishment from your diet. If you wish to be strong and increase in weight take Johann Hoff's Malt Extract. Taken with meals it will assist the proper digestion of food and cause it to be easily assimilated; you will then obtain from your diet the largest amount of nourishment. Johann Hoff's Malt Extract is not only a true nutritive tonic, but is a food in itself,

Dr. H. B. Buterbaugh of Indiana, Pa., writes: "Have used Johann Hoff's Malt Extract with very satisfactory results, I have one patient who began to use it about six weeks ago. His weight then was 95 lbs. He now weighs 148 lbs. and is strong and healthy.

Get the genuine Johann Hoff's Malt Extract. Avoid substitutes.
