MANY FEMALE ILLS RESULT FROM NEGLECT.

Mrs. Pinkham Tells How Ordinary Tasks May Produce Displacements That Threaten Women's Health.

Apparently trifling incidents in women's daily life frequently produce displacements of the womb. A slight twist, lifting during menstruation, standing at a counter, running a sewing machine, or attending to the most ordinary tasks, may result in displacement, and a train of serious evils is started. The first indication of such trouble should be the signal for quick action. Don't let the condition become chronic through neglect or a mistaken idea that you can overcome it by exercise or leaving it alone.

More than a million women have regained health by the use of Lydia E. Pinkham's Vegetable Compound.

If the slightest trouble appears which you do not understand, write to Mrs. Pinkham at Lynn, Mass., for her advice, and a timely word from her will show you the right thing to do. This advice costs you nothing, but it may mean life or happiness or both.

Mrs. Mary Bennett, 314 Annie St., Bay City, Mich., writes to Mrs. Pinkham: "I can hardly find words with which to thank you for the good you remedies have done me. For nearly four years I suffered with weakness of the generative organs, continual headache, dizziness, and all the pains that accompany female weakness. A friend told me about your Vegetable Compound and she brought me home two bottles. After taking these I felt much better, but thought that I would write to you in regard to my case, and to you for your advice and for the benefit I have received from the use of your medicine. I write this letter for the good of my suffering sisters."

The above letter from Mrs. Bennett is the history of many women who have been restored to health by Lydia E. Pinkham's Vegetable Compound. Ask Mrs. Pinkham's Advice—A Woman best Understands a Woman's Ills!

HIGH SCHOOL COURSE. There is Already a Big Sale of Season Tickets. At nine o'clock this morning the diagram opens for the high school entertainment and lecture course. Nearly 700 season tickets have been sold and it is safe to say that this will be the most successful lecture course ever run in Scranton. That it deserves to be successful none will gainsay. In the first place the attractions are unquestionably the very best and they will never again be brought together in such a course in our city. In the second place the price is ridiculously low.

While 700 season tickets have been sold no one need hesitate to buy for fear of not getting good seats. The high school auditorium has 1,000 open chairs in place and every seat in the hall is in full view of the stage and in every respect desirable. The attractions that have recently been improved so that a listener in any part of the hall can hear everything spoken on the stage.
