Paine's

Celery

Compound

Makes People Well.

The one true specific for diseases arising

from a debilitated nervous system is Paine's

celery compound, so generally prescribed

by physicians. It is probably, the most re-markable remedy that the scientific research

of this country has produced. Prof. Edward

E. Phelps, M. D., L. J., D., of Dartmouth college first prescribed what is now known

the world over as Paine's celery compound.

positive cure for despepsia, billousness,

liver complaint, neuralgia, theumatism, all

nervous diseases and kidney troubles.

Paine's celery compound has succeeded

again and again where everything else has

KEYSTONE LEAGUERS

Closing Sessions of Endeavorers' Convention.

Yesterday morning's session of the Keystone League of Christian Endeavovers was opened by song service and devotional devotional exercises. The subject "Christian Individuality" was presented by Rev. J. Womeldorf. Other ministers made remarks on the subject.

The trend of the arguments was that no two persons do the same work in the same manner, and yet the work is done proper. Let each Christian be himself and not ape after some other person. God's work is accomplished, although the workmen all have different characteristics.

Discussion on the subject "The Keystone Leaguers in Relation to Mid-Week Services" was opened by Rev. J. C. Briggs. Faithfulness to the pledge and efforts to attain a higher Christian experience, he contended, necessitates that the members of the league attend mid-week services.

The subject "Junior Societies" was presented in two papers, one by Rev. possible price and guarranteed S. S. Murray and the other by Miss Laura Buck. Childhood, it was argued, is the time to begin to train individuals for the work of Christ. Minds then are not yet steeped in wickedness, not lives stained with vice. Youthful activity should be early properly directed, and their subsequent lives will be pure and manly. "The Past, Present and Future of the Christian Endeavorer' was further discussed. The result of bservation seemed to indicate that the Christian Endeavor movement is not making the progress at present that it did in former years. This fact calls for more persistent and faithful effort, the speakers held.

The evening session commenced at 30 and was opened by devotional services. The committee on resolutions presented its report.

After the transaction of some busiess, the subject "Consecration-How and How Often?" was opened for disussion by Rev. E. E. Shaffer. The convention closed with a spiritual con-

secration service. BEFORE ALDERMAN MILLAR.

LARGE NUMBER OF DIPHTHERIA CASES

UNPRECEDENTED RECORD DUR-IN THE LAST MONTH

The Report of Secretary R. J. Murray, of the Board of Health, Shows That There Were 103 Cases in October and That Ninety Per Cent. of Them Were in Green Ridge. Epidemic, However, Is Abating. Gist of Other Reports to the Board.

An unprecedented record of contagious diseases for any one month was disclosed in Secretary Murray's report for October prepared for presentation at the meeting of the board of health scheduled for last night, but which did not take place, owing to the lack of a

All told, there were 118 cases, 103 of which were diphtheretic. Ninety per cent, of these cases were reported from Green Ridge, the center of the epidemic which the faulty ventilation at No. 28 school is alleged to have caused. Aithough this is an increase of seventyone over last month, the epidemic : not streading, but on the contrary the number of new cases for the past two weeks is on the decrease as compared with the preceding three weeks. In fact, the board of health believes the further spread of the disease is not at all probable and has authorized the reopening of No. 28 school on Monday morning next.

BUILDING TO RE-OPEN.

Dr. Allen informally reported to Mesers, O'Malley and Kelly, the two poard members present, that the school building, as reported yesterday in The Tribune, is being thoroughly disinfected and further, that the prosecution in connection with the alleged neglect to which the epidemic is attributed is in the hands of City Solicitor McGinley. Secretary Murray's report in full was

as follows: Contagious diseases reported: Diphtheria, 103; typhoid fever, 11; scarlet fever, 4. Deaths from contagious diseases: Typhoid fever, 4; whooping-cough, 2: diphtheria, 9: membraneous croup, 2, Births, 108, Marrlages, 26. The total number of deaths was 127, of which 9 were from accidents. The mortality for October for four years preceding was as follows: October, 1894, 83; October, 1895, 122; October, 1896, 104; October, 1897, 136.

Superintendent Thomas' report shows that during the month of October the crematory destroyed 1,032 barrels of garbage and ten dogs with the consumption of twenty-two tons of coal.

FOOD STUFFS DESTROYED. According to Food Inspector Cullen's report \$20 visits of inspection were made. During these visits 227 lactometer and 48 Babcock tests were made. I'nwholesome food stuffs were confiscated and destroyed as follows: Beef, 75 pounds; pork, 130 pounds; veal, 83 pounds; sausage, 35 pounds; poultry, 26 pounds; fish, 1,280 pounds; clams, 5,000; potatoes, 34 bushels; sweet potatoes, 6 bushels; apples 36 bushels; tomatoes, 3 baskets; peaches, 5 baskets; pears, 51 baskets; plums, 39 baskets. Patrolman Schmidt, while testing the doors of Myers & Mansfield's furnishing store, on Spruce street, at 11 o'clock last night, saw the floor flooded with water. He sent for Sergeant Ridgeway and he, in turn, sent for Mr. Mansfield, who came and opened the basement to get at the water stop and the supply to the building was shut off. The damage to the stock in the store will not amount to much, but it is probable that the law offices on the second floor are pretty well soaked. CAN VOTE BY PROXY.

"Where a voter is one of a detail of less than ten voters who are not able to reach their company or regular polling place, he may deposit his vote in a scaled envelope and give it to a qualifled elector of the district in which he votes, to cast for him by proxy. This vote is subject to challenge the same as if the voter was present.

"A poll tax of ten cents is imposed en every Pennsylvania soldier in the field at the time of an election, but he shall be exempt from all other personal taxes. Election officers receive no

ompensation." Where there is a conflict between the Curtin act and the Baker ballot law Zamanananananananana Repauno Chemical Co's explosives the more recent law will, of course obtain. The only conflict is that ballots of the present blanket style will be substituted for the old fashioned folder ballot.

The act does not apply to the election of councils or ward and division officers in the city of Philadelphia.
