WILL SOON MOVE TO SUNNY SOUTH

TROOPS EXPECT TO BE IN MO-TION NEXT WEEK.

All Are Tired of Pennsylvania and Its Frosty Mornings and Sighing for Georgia Is General-Company H Makes a Kick for More Food. Five Men Refuse to Go on Guard Without Their Breakfasts and Are Placed Under Arrest.

Special to the Scranton Tribune.

Camp Meade, Middletown, Pa., Nov. 3.-The prospects of a movement south in the near future is by no means displeasing to the troops now here, and, in the case of the Thirteenth, no credence whatsoever is given to the repeated rumors and reports which refer to a mustering out of the regiment. Whatever may be said of the wishes of the men, there is no doubt as to what they think of their chances in that respect. They are convinced that it is ten to one against their being mustered out. The consultation of all the colonels of the First division yesterday afternoon with the commanding officer, Major General Young, marks the first step in the next important movement. It is the beginning of the end, and the resolution to begin to leave here some time next week is, to say the least, very welcome news. Camp life becomes monotonous after a certain time, and the only panacea for the men in such a case is to change them to another locality. Such is the condition here. All have grown tired of Penn-sylvania, and the contemplated trip to Augusta, Georgia, will surely cure the discontent. If the "plan of campaign," which was outlined yesterday, is fully carried out, the regiments of General Young's command will be leaving here, at the rate of two per day, by Thursday or Friday of next week. If the order of seniority is respected, the Third brigade will be the first to break camp, and of this the Eighth is the senior regiment, and the Thirteenth comes next. This would mean that, of the entire division, these two would be the first regiments to bid adieu to Camp Meade. This possibility gives the men of those commands much satisfaction, not only on account of the change of scenes, but also because of the very icy reception with which they are meeting here just at present

place, be fairly well split up, and its several sub-divisions separated by considerable distances. The corps and the division headquarters, the First brigade, commanded by General Chambers McKibbin, and the Third brigade, composed of the Eighth and Thirteenth and the Fifteenth Minnesota, will be located at Augusta, Georgia; while the remaining parts will be distributed at Summerville, Spartanburg and Columbia, South Carolina, and Greenville and Athens, Georgia, This is the programme as it stands at present.

By way of further preparation for the important event, an order has been published by Major General Young instructing the surgeon in charge of the First division hospital to return to their proper officers all property, extra clothing, ordnance effects, etc., belong-

CLAMOR FOR FOOD.

The food question, which has been threatening trouble for some ways. reached an acute stage this morning when Company H in body went to Major Wood and afterwards to Colonel Coursen and lodged a complaint to the effect that they have not been getting. and are not getting at the present time enough to eat. Both the major and the colonel promised to look into the matter at once, and to thoroughly sift the cause of the trouble

To make matters worse, five members of that company who had to go on guard at eight o'clock and who. up to that time, had not gotten breakfast, positively refused to go on guard till they had something to eat. commander of the guard reported this the officer of the day who placed the men under arrest. These men do not belong to the more reckless class of individuals, and they are therefore. not without sympathy. It is not known what action Colonel Coursen will take in the matter, but he will hardly be severe with the men under the cir-cumstances. He will first investigate theguestion of shortage of rations. Colonel Coursen is division officer of the day today.

The 203d regiment will vote tomorrow.

An order was received today at corps headquarters to muster out the remnant of the First Delaware regiment, which has been retained to fill the state's quota in the volunteer service. The men of the Fifteenth Minnesota refused to be vaccinated and General Graham issued an order directing the regimental surgeons to begin vaccinating at once. If the mer again refuse they will be punished.

General Wood at Santiago Makes a Startling Discovery About the Conditions Aboard a Transport About to Sail and Applies the Remedy in Short Order.

Santiago de Cuba, Nov. 2.-The steamer Fort Victor was to have left today at noon for the United States with a number of sick officers and men. Fortunately, just before the hour fixed for her departure, General Wood, military governor of Santiago, went aboard. To his amazement he found no provisions specially suited to sick persons, an entire lack of delicacies and an insufficiency of medical supplies.

General Wood was fully equal to the provisions, and the transport left the harbor in time to pass Morro Costle before sundown.

The custom house receipts at the port in the military department of Santiago for the month of October aggregated nearly \$100,000.

CUBANS WILL BE SENSIBLE.

No Trouble Is Expected from the Convention at Santa Cruz.

Washington, Nov. 2.—President Maso, of the provincial Cuban government, has cabled from Santa Cruz del Sur to Senor Quesada, secretary of the Cuban delegation here, saying: "As-sembly has not met, owing to the absence of quorum." This was called out by an inquiry from Senor Quesada as to reports coming by way of Santiago, representing the Cuban assembly as in session at Santa Cruz del Sue and engaged in deciding important questions relating to the future of the island. There are evidences that President

Our little girl's humor commenced with a tiny sore on one nestril, but it kept on spreading till we thought she would never get it cured. We tried everything we could get, but it kept getting larger all the time, till both nostrils, the upper lip, a part of the lower lip, and up one side to the eye, were a solid sore. We thought there was no cure, and that she would be disfigured for life. Finally we tried CUTICURA REMEDIES. We used CUTICURA RESOLVENT and nearly a box of CUTICURA (ointment), and in a short time she was entirely well, with noscar or trace of the humor.
