The order designates two points, namely Nucvitas and Puerto Principe, to be occupied first, but the movement is to be extended as rapidly as the Spanish evacuation proceeds.

Troops are to begin to move at once. but, according to the calculations of department, it will be scarcely feasible to make the first landing before Nov. 22. Headquarters of the new corps, which has been created for the purpose of the occupation, are to be at Nucyftas under the command of General L. H. Beaver Dam, Wis., Nov. 3.-Adam Hammer, of this city, became suddenly insane yesterday, and, securing a gun, wounded nine men and was finally shot to prevent his doing further injury. Hammer was employed in the ma-

chine shops of the J. S. Rowell Manufacturing company. He was a good worker, but at times had spells of supposed insanity the result, it is said, of religious excitement. His peculiar ways made him the butt of practical jokers, Yesterday some one placed some tacks on a stool where he worked, and this angered him. He left the shop, went to a hardware store, where he rented by Admiral Sampson's fleet off the a shotgun and twenty-five shells, and, taking up his position south of the main building of the plant, kept every one that end from any private firm that at bay for over an hour, and shooting cared to undertake the work. ## WOULD-BE LYNCHERS BEATEN.

Unsuccessful Assault Upon a Jail in Georgia-Volunteer Soldier Shot.

Augusta, Ga., Nov. 3,-Yesterday a negro named Will Robinson, who assaulted a white woman, was arrested and confined in the jail. During the night about five hundred men, including a number of soldiers in camp here, marched to the jail, in which twenty policemen had been stationed, and demanded the surrender of the negro. One of the attacking party shot at a policeman and a general fusilade followed. William Moore, a volunteer soldier on furlough, was shot through the head and will die. When he fell the attack was abandoned. None of the policemen were injured.

#### Elroy Stock Company.

Elroy's Stock company will begin its engagement at the Academy of Music n Monday night, presenting a strong " of plays at people's popular prices, 10, 20 and 30 cents. The company is arger and better than ever. New plays have been added to the extensive repertoire; new scenery has been painted, and Manager Elroy has spared neither pains nor expense in making this a strong popular priced attraction. Of the many features this season are a number of strong specialties which will be introduced at every performance. The opening bill will be "The White Squadron," and it is safe to say the house will be packed to the doors. Lacites' tickets Monday night.

## "A Twig of Laurel."

The music is a great feature in "A Twig of Laurel," the play in which Eddle C. Bald, America's cycling champion, is appearing. It has all been originally composed expressly for this play by Frank Mandeville. It includes four original songs for a mixed quartette The members of the quartette enact not unimportant personages in the drama and, strange to say, their songs are made a coherent part of the action, instead of being "lugged in by the head and ears" according to the tom. The play will be seen at the Lyeum on Tuesday evening, November 8

#### Extra at the Gaiety.

A midnight performance is certainly novelty in the way of theatricals to Scrantonians, but that is what the Galety is to have Tuesday night in order that they may announce to their many patrons the complete election returns. Arrangements have been made for special telegraphic service, whereby two wires will be run into the theatre and report both local and national will be announced.

The regular first performance will ommence as usual at 8 o'clock and at the finish of that the audience as usual will be dismissed and the theatre will then open prior to the beginning of the midnight show. As every one is aware, the complete returns never begin to come in until about 11 o'clock, and from that on until about 2 a. m., and they are very interesting and decisive. When one considers that they can attend the Gaiety, secure a comfortable seat, smoke a cigar and witness a first-class performance, and in addition hear the election returns direct from the wire, the Calety certainly should be one of the best patronized places in town elec-

Tickets for both performances will be placed on sale Monday and may be reserved in advance. The returns will be read direct from the stage during the performances, but of course the more interesting will not begin to come in until about midnight. Special facilities for receiving the local returns have been made as well as the national reports, particularly those from Pennsylvania and New York states.

# THE MARKETS.

Wall Street Review.

New York, Nov. 3,-The market prac tically retrieved today the losses of the last two days, the majority of railroad stocks closing within a small fraction of the prices of last Monday. There was considerable irregularity at the opening, due to the depression in London. There was a good deal of activity during the first hour, mainly centered in the specialties and changes in the railroad list were almost un-appreciable though the market pointed to a very hard surface. Trading was dull almost to the point of stag-nation, until the last fifteen minutes, when the most notable gains were made. The market was held through the early dealings by the strength of sugar, which rose above 115 and closed there after various fluctuations. Tobacca and Federal steel preferred also showed a hardening tendency, but were much less active than of late The recovery in stocks was attributed to relief over the more peaceful prospects abroad, as indicated by the re covery on British consols, the recovery of the discount rate in London and the weakness of the wheat market. Total sales were 194,300 shares. Furnished by WILLIAM LINN ALLEN
