To the Editor of the Scranton Tribune.

A short time ago I came to your city troubled with a bad case of fistula By reputation I have heard of Dr. Charles D. Shumway, living at 206 Jefferson avenue, and an entire strangr I placed myself under his care. am now cured and I could not have been more skillfully or kindly treated. In October, 1897, a friend of mine from Shamokin, Pa., having been troubled for years with bleeding plies came to Scranton and was treated by Dr. Shumway and has not had them since. Both my case and my friend's were treated without the use of the knife. This statement is written with-out the knowledge of Dr. Shumway and know he would not consent to its publication, as he is opposed to physicians advertising their cases, but have a right to express my opinio; publicly if I choose, and I do it sole-ly that the people of Scranton may know what an excellent physician and surgeon they have in their midst as 1 feel perfectly assured that so able a man in the treatment of rectal troubles is fully competent to treat any sickness or disease. Respectfully Yours, Lewis Dewart
