#### BUILDING NOTES.

B. B. Hicks, clerk at the Third National bank, is having plans drawn up by Architect E. G. Worden for handsome home to be erected in the near future. It will be a two-story frame residence, attic in the rough. The cottage style will predominate, and the interior finishings will be very elaborate. The whole work will cost about \$4,000. The building will be loctaed near the corner of Linden street and Colfax avenue.

Few of the many guests who attended the affair given last week by Mrs. Charles Schlager, of Clay avenue, at the coming out of her daughter, knew that the handsome interior furnishings of the Schlager residence were from plans made by Architect Harvey J. Blackwood. They were impressed by the beauty of the work and several remarked that they hardly knew the house formerly occupied by Horace Hand. Since purchasing it Mr. Schlager has had the residence interfor remodelled from top to bottom. The main hall is finished in quartered awed oak with a beam effect. This effect is carried into the dining room with added beauty. The dining room is panelled with wild cherry (second growth) and the filling is done with real tapestry. The staircase leading from the reception half is indeed "a meet for rehearsal in Archbald's hall thirg of beauty and joy forever" in woodwork. All designs are original by

### dinary running expenses. This valuation is classified as follo tate, \$3,400; building and loan shares, \$1,000; camp paraphernalia, \$700; balance in treasury at last report, \$300. This state of affairs is due to the Globe Warehouse

continued careful and conservative management and efficiency of its officers throughout the twenty-five years of its existence. Only once did an officer prove unworthy and that was when treasurer J. H. Millspaugh, who was then city treasurer, departed, carrying with him much of the camp's funds. Up to September 15, last, 595 mem-bers had been initiated. The present membership is 270 and nearly every two weeks a member is added to the rolls. During the twenty-five years mourn the loss of twenty-three of its
