In the Second district of the Eighth vard, the polling place was changed to the building owned by Rudolph Bloezer at 227 Spruce.

There was a movement afoot to change the polling place in the Secand district of the Twentieth ward from the building in the rear of 1407 Prospect avenue to another building on the front of the same lot. Court, however, declined to pass upon the matter forthwith, but granted a rule to show cause why it should not be changed, returnable at argument court.

TO CUBAN CAMP

MEN DISLIKE TO HAVE TO STAY IN THE SOUTH.

They Know They Will Be There Only a Short Time When They Will Have to Break Camp and Go to Havana, and They Prefer to Do All Their Moving at Once-Regimental Hospitals Have Not Been Re-established.

Special to the Scranton Tribune.

Camp Meade, Middletown, Pa., Nov. -Camp is becoming quieter daily. It is the calm which precedes the uproar, the turmoil and the excitement of moving. Neither cold, nor work, nor hardships, nor election now seems to have any effect on tuem. They bear all alike without complaint, without comment and with utter stolidity and indif-The reason of all this is plain. The men feel that Camp Meade is doomed, and they are only waiting to bid it a long farewell and to get out with mingled gladness and curiosity n their hearts and minds.

The kaleidoscope has apparently been turned once more, and from prospects of Santiago. Havana now alone is considered. When the boys of the Thirteenth read that the Second and the Seventh Army corps had been seected by the war department to do the work of garrisoning the city and the province of Havana, they could not refrain from expressing their satisfaction. They consider that Havana is Cuba, and that their camp life there will give them a better and a more interesting insight into the modes of living and into the character of the people of that island than they could possibly find elsewhere. This is why they are anxious to leave here at once, and most of them would prefer going to Cuba at once without going to the trouble of pitching their tents at Augusta and then, when settled there, to move once more.

MOVEMENT TO GEORGIA. The movement to Georgia was scheduled for this week, but at present it is not known whether or not it will be begun. Acting Regimental Adjutant David J. Davies informed The Tribune correspondent this morning that no clinite information has yet been received. He is simply awaiting orders

which may come at any hour. The regimental hospitals which were ordered to be re-established some time ago by the surgeon-general of the United States army, have received somewhat of a set back from Colonel Girard, the corps surgeon. Though a requisition has been sent in for all necessary supplies and equipments, he has issued an order recently to the effect that the regimental hospitals are not to be reestablished till the several regiments South and gone into camp there. This, at present, is of very little importance, as most of the patients have been removed from the divisions hospitals and few cases of seri-

our illness are now recorded. Private W. O. Pender, of F company, who has been sick for some time, has received a sick furlough. He left yesterday for the home of his parents in

Private George Conrad. of A. has returned to camp after an absence of seventy-seven days on account of sick-He was taken to division hospital while the regiment was at Dunn Loring, and for a long time was in a precarious condition. He is now in first-class health.

Sergeants Eugene Fellows and Scott Shaver and Corporal William P. Williams, of F, returned here last night after having spent a week on fur-lough with their families and friends in

CALLED HOME.

Private John H. Evans, of H company, left for home today on a short furlough. He received word last night of the serious illness of a member of his family.

Private Charles Sprandle, of C. who returned recently from sick furlough, has returned to the duties of his old

First Sergeant George E. Downey, of F,was granted a five day furlough yesterday, and left for the city of Lancaster, where he will visit friends, Private George Ball, of B, was called nome last night. A message was received notifying him of the serious illness of his father. Pertinent to the question of leaking tents and bad, rainy weather, Sergeant James Lovelace, of H, has the follow-

post as color guard, relieving Private George Schlager, of the same company, who temporarily filled that position.

ing morsel of logic to offer against the issuing of good tents: "When it rains one does not desire to change a bad for a good tent, and when it does not rain, one does not need to do so. Ergo, the bad tents should and must be kept in any case." To one who is domiciled in a tent which springs a leak every time it rains, the irony of this reasoning is more apparent than the logic

Quartermaster Sergeant Enoch Smith of G, is suffering from a slight cold on the lungs.

Company Clerk Vandermark, of E. who for a long time had been treated in division hospital as a fever patient, and who had a narrow escape from death, has received his discharge from the service of the United States on ac count of physical disability. He left for his home in Carbondale yesterday.

HE HAS RECOVERED. Sergeant Herbert F. Kellow, of B returned to camp last night after an absence of thirty-seven days. He went home on a week's furlough, and while there became quite seriously ill. His furlough was extended thirty days. He says his health is now better than ever. The boys of B company were glad to see him return.

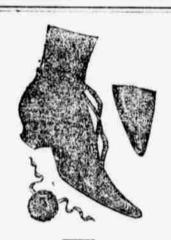

Private J. Scott Ward, of G. who re turned to camp Friday after a long absence on account of sickness, was sent home again last night, as he was still far from being well.

Sergeant Lee A. Taylor, of G, and Corporals Lewis B, Carter, of A; Geo. Stuckart, of F, and Richard Bourke, of C. are on brigade guard today. Captain Harry P. Decker, of F. returned to camp last night after a fiveday leave of absence Richard J. Bourké.

wife's awful

My wife was in the most harrible condition of any human being, from Rezema. She could neither sit down nor Hodown, her terture was so intense. I triod all the doctors that I could reach, but she got so that I firmly believe she would have died within twelve hours if I had not been advised of Curicuma REMEDIES and got them. My wife went to cleep in two hours after the first application, although she had not slept for seven days, and with two baxes of Curioura (cintment) and one cake of CUTIOURA SOAP the was absolutely cured, and is well and hearty to-day.
