LORD SALISBURY MAY DECLARE PROTECTORATE TODAY.

Report That the French Mediterranean Squadron Has Received Orders to Prepare for Sea—Mobilizing at Toulon—The Admiral Summons to Paris—French Press Approves the Ministry's Silence on the Fashoda Question.

London, Nov. 9.—The Echo, an afternoon newspaper of this city, declares that the Marquis of Salisbury at the lord mayor's banquet tonight will certainly announce a formal British protectorate over Egypt.

Paris, Nov. 9.—The Echo de Paris, today, publishes a despatch from Toulon, which says that the entire French Mediterranean squadron is ready for sea. It adds that Admiral Fourrier, its commander, received a cipher despatch yesterday evening, whereupon he signalled Forbin, a third-class cruiser, to bank her fires, and the fastest torpedo boat conveyed orders to the admiral commanding the squadron of French cruisers and torpedo boats to assemble immediately at Toulon, where all the vessels are prepared for action and where the arsenals and shipyards have been worked all night.

Later it developed that Admiral Fourrier has been summoned to Paris. The French newspapers generally approve the silence of the chamber of deputies on the subject of Fashoda and congratulate M. Brunet on his withdrawal of the interpellation which he intended to address to the government on the subject.

THE RACE WAR IN NORTH CAROLINA

A Mass Meeting of 600 Citizens Held at Wilmington to Assert Supremacy of the White Man.

Wilmington, N. C., Nov. 9.—A mass meeting of 600 of this city was held at the court house today to assert the supremacy of the white man.

Ex-Representative Waddell presided and read a series of resolutions regarding the determination of the white citizens to forever rule the city and to commence the work immediately, declaring that hereafter white labor should be given preference over colored and calling for the banishment of Alex. Manly, a colored newspaper publisher, who printed an objectionable editorial recently. An amendment was offered calling on the mayor and chief of police to see that no colored man be appointed to any office in the city. The resolutions were referred to a committee, and while awaiting its report several speeches were made. One of the speakers, Representative-elect Belamy, urging the expulsion of Manly in twelve hours, but counselling moderation in other respects. The committee soon reported its conclusions, favoring the expulsion of Manly as proposed, urging the employment of white labor as far as possible and reciting that the mayor and chief of police have demonstrated their incapacity to enforce the laws of the city, and being a menace, they should resign. The report was unanimously adopted and a committee of 25 was appointed to carry into effect the resolution adopted.

It was understood that Manly has already left the city. The mayor and chief of police say they will not resign at the resolutions call for, but will serve out their terms.

CLEAN SWEEP IN DELAWARE.

Republicans Win Legislature and Another Seat in Congress.

Wilmington, Del., Nov. 9.—Detailed returns from Kent and Sussex counties were not received until this morning. They are sufficient to show that the next legislature of the state will be Republican on joint ballot. According to complete returns from the state, with the exception of a few districts, the next legislature will be Republican by a majority of 29. The Republicans will thus elect a successor to United States Senator Gray, Democrat.

Congressman Handy, Democrat, was defeated by John H. Hoffer, Republican, by a majority that will not be less than 2,000. By the same margin the Republicans elect Dr. L. Hender, state treasurer, and John A. Linge, state auditor.

The Republican nominee for state senator in Duck Creek Hundred, Kent county, was defeated, but the Republicans elected one representative in Kent county previously to the Democrats. That man is Dr. L. Hender, state treasurer, and John A. Linge, state auditor.

The control of the state senate by the Democrats will prevent any partisan legislation by the Republican majority, even with respect to the veto power of Governor Tamm, who is a Democrat.

DEMOCRATS WIN IN MINNESOTA.

St. Paul, Nov. 9.—The Democrats elect John Lind, governor. William Mitchell, Thomas G. and probably Daniel Huck to the Supreme court. Ringold and Towne, Democrats, are elected to congress, and probably Willis.

VAN VALKENBURG FIGURES IT OUT

Wanamaker's Man Tells How the Republican Victory in Pennsylvania Will Hurt Quay's Interests.

Philadelphia, Nov. 9.—F. A. Van Valkenburg, representing the Wanamaker opposition to Senator Quay, tonight gave out the following statement: "Complete though unofficial returns from every county of the state indicate that the Democratic membership of the next house will number 71, and that of the senate is making a total of 31. Upon this basis the estimated Republican majority will be 39 in the next legislature. Of the total membership, 254, are 159 anti-Quay men, which is 31 more than a majority on joint ballot. Twenty more have Quay leanings which, in their districts, is strongly anti-Quay. It is a mathematical certainty that Senator Quay cannot be re-elected by the legislature chosen this morning.

Senator since noon today all tell the same story of the unlooked for defeat of Quay legislators. Official returns will show the striking features of Tuesday's battle to the defeat in strong Stone districts of men bearing the Quay brand. The people took their own way to emphasize their opposition to the return of Senator Quay by giving Colonel Stone sweeping majorities and at the same time defeating Quay legislators in corresponding districts. The thoughtfulness with which the people did their work, shown in Chester county, which gave Colonel Stone a large majority, but repudiated the four pledged Quay candidates and elected the anti-Quay ticket.

Blair county gave Colonel Stone a large majority, but turned down the two Quay machine candidates for two anti-Quay men. Montgomery county elected the only two anti-Quay men on the ticket, and selected for their colleagues three anti-Quay Democrats.

Venango, a strongly Republican county, sent two anti-Quay Democrats instead of two Quay Republicans. Also were members of the last legislature.

Hon. B. K. Focht, of Union, is defeated by about the same majority that the county gave the Republican state ticket. The instructions he carried proved too heavy a stake for him to sustain.

Every one of the seven Quay candidates in Schuylkill were defeated, and Luzerne saved only one out of six for Senator Quay. The same story is told by the returns from a source of other counties, which emphasizes the fact that the Republican votes, while taking no chances on national party issues, make the re-election of Senator Quay impossible."

Referring to the association conflict with the Sherman anti-trust law, the resolutions declare the association dissolved and the association designate one person, who together shall constitute a committee to audit the accounts and adjust the accounts and obligations incurred in connection with the association, and that all books, papers, documents and property of the association be delivered to said committee by the commissioner, and that the same committee proceed as expeditiously as may be to close up the affairs of the association."

RESULTS IN WASHINGTON

TALK OF THE ELECTION

Washington, Nov. 9.—The election formed the theme that almost exclusively occupied the attention of the cabinet at a special session held today.

The session was called to take the place of the regular Tuesday meeting, which had to be deferred owing to the absence of the president and several of his official household. The meeting was in the nature of an exchange of congratulations on the general results and the dispatches of the Associated Press, sent over the special White house wire, were quickly communicated to the cabinet room and discussed by the members. Every one of the cabinet took part in the discussion and individual explanations and comments on the votes in their respective sections of the country were made. The feeling expressed at the meeting summed up was that the election results showed a hearty endorsement of the administration and that in the main the Republican losses in some of the states were attributable to the development of local feeling, following the tidal wave of 1896 in districts which then elected Republicans on very large majorities. There was great gratification at the outlook for the senate make-up, the opinion as expressed being that there would be a Republican majority of doubtless eight and possibly more in that body.

As to the house there was some apprehension, though the belief was expressed, based on the evidences at hand, that there might be a Republican majority of not more than three. The Democratic gains in the south created no surprise as the race issues had prepared the administration for the result. It was contended at the meeting, however, that in a general way the districts throughout the country, normally Republican, had remained so and it was asserted that the vote failed to show any sign of censure of the administration in its war conduct. The president, as well as some of the cabinet, was in receipt of dispatches bearing on the situation. The situation in Cuba was discussed and as a result it is believed that the Spaniards will be informed through our commissioners at Havana that the evacuation of the island is not proceeding with the dispatch that the United States have a right to expect. On the other hand it is said that yellow fever exists in Havana and that it would not be prudent to send troops to occupy the city even if the Spaniards were ready to evacuate it. There is no doubt, however, that the United States will take formal possession of the Cuban government on January 1, if not earlier. It is represented on good authority that the Spaniards are making the very most of their opportunities and that the common people are made to suffer in consequence. After the cabinet meeting it was stated that nothing had been received recently from the Paris commissioners and that so far as is known here there is no hitch in the proceedings.

BIG STORM COMING.

Blizzard Is Moving Northeastward from the Mississippi.

Washington, Nov. 9.—A storm of marked strength is central over the lower Mississippi valley, moving northeastward. In advance of this storm rain has fallen through the Mississippi and Ohio valleys, the southern lake region and the middle and east gulf states and following its movement from southern Texas, rain has been followed by much colder, clearing weather in the southwestern states. Miss Collins' attempt at self destruction is attributed to the fact that domestic troubles have been preying upon her mind.
