CAMP MEADE IS THINNING OUT

MOVEMENT OF TROOPS SOUTH INAUGURATED.

The Division Hospital Now But a Matter of History - Sergeant Smith, of Company B, Removed to the Lebanon City Hospital-The Thirteenth Regiment Band Gives a Farewell Concert at Hummelstown-Camp Gossip.

Special to the Scranton Tribune. Camp Meade, Middletown, Pa., Nov. 10.-Camp is already beginning to present a desolate appearance. As scheduled, the Thirty-fifth Michigan moved this morning at 9 o'clock, and is now on its way south. The other troops will move as already ordered, and in a few days hence this place will re-turn to its primitive state. The whole country round presents a scene of the greatest activity. Tents are being struck and floors placed in heaps. The wagon trains, moving to the sidings near the commissary, block almost every road, and the men in blue are all

bustle and anxiety. It was expected a few days ago that a part at least of the Third brigade would be left here for an indefinite period to guard government property. This idea was not accepted with much cheerfulness by the men, who object very scriously to being detained here any longer, especially when their comrades leave for more comfortable quarters. This purpose, if ever really contemplated, has been entirely abandoned and as a consequence the members of the Third brigade rest con-

A THING OF THE PAST. The division hospital is now practically a matter of history and has seen

its end and its usefulness in the present war. The last ward now remains and that also will have passed away in a day or two. The hospital equipage has been placed on board the trains and will be moved south, probably, this evening. When once arrived in Georgia and in South Carolina, the regi-mental hospitals will take the place of the division institutions for caring for the sick, and it is confidently expected that no one will have reason to regret the change. Sergeant Chester D. Smith, of B.

company, who was taken sick about s week ago, immediately after his return from a short furlough, has been removed to the City hospital, Lebanon, Lieutenants Blanchard and Merriman, of the medical staff, and Lieu-tenant Walter F. Gunster, adjutant of

the Second battalion, have returned here after a week's leave of absence. The Thirteenth resiment band was invited last night by the people of Huramelstown to give a farewell concert there before the boys leave for the south. A large hand wagon conveyed the musicians to their destinaation and back again to camp They were treated loyally and the people of Hummelstown rade the regiment, through the members of the band, a

warm and friendly farewell. The following programme, under the leadership of Sergeant T. 11. Miles, was rendered in excellent style; March, "Peace Jubilee"

Carnival Of Furs

There's a chill in the air, and it leads us to announce the preparedness of our annual display.

For the women who prefer new ideas to old ones, this is a show worth attending; for we have car- Rain Washed Away the Filling from ried over absolutely nothing from last year-these are all NEW.

Their novelty and beauty mark the source of their origin-our own imports from Paris, London and Berlin, and the confined styles from leading New York furriers.

We have bought largely and we have also bought well. It's THE GREATEST GATHERING OF FURS that we have ever shown.

Furthermore, these are our own garments, bought outright, and with each goes the Isaac Long guarantee of highest grade skins, perfection of making, and exclusiveness in style.

Touching the character of this collection-this hint of some of the leaders:

JACKETS--

Of Alaskan Seal, Persian Lamb, Combinations of Broadtail and Sable.

CAPES--

Of Electric Seal, Black Marten-dark, Mink-Stone Marten. Storm Collars, Cluster Scarfs, Collarettes and Boas, in all the Stylish Combinations of Fashionable Furs.

You will note the significant predominance of moderate pricesprices unusually fair for such elegance as assembled here. Jackets up to \$300, and other fur wearables as low as \$2.49.

the Diamond Pea Coal Dump.

The small locomotive which hauls the ars on the pea coal dump at the Diamond breaker toppled from the track at 7 o'clock yesterday morning and vent almost down the bank. Its wheels fireman was not on the engine, but was was on his side the engine overturned. The track runs within ten feet of the edge of the dump. This was the first trip of the day, and the filling under the ties had been washed from the outside by the rains, and when the engine came along its weight turned the road lopsided and over it went. The engineer and fireman set to work as soon as the engine stopped to pull the fire out and let the steam escape to guard against an accident by explosion. A few hours later the engine was hauled down the bank by means of ropes and replaced on a track which connects

The order from the war department not to muster James H. Hamilton, of the Fourteenth Pennsylvania, has complicated matters in this command. Secretary Alger has decided that an eight company reglment is entitled to only one major and that Hamilton cannot be mustered in. He holds a commission from Governor Hasting and this may induce the secretary of war to change his ruling. If he insists that Hamilton cannot serve as a najor he will have to go back as captain of Company I, and Captain George W. Wright will be reduced to first licutenant.

At ten o'clock he was given hearing before Mayor Bailey and riding on a trip it was pulling, other-wise he might have been injured, as it to the county jail. In the afternoon the transcript was certified to court and the case was heard by the grand jury. It is more than probable that a true bill was found against him. Boose was not a burglar in the egal sense of the term; he did not break into the Columbia dining room. but sneaked in, as they are open all night for the accommodation of guests. Before he was discovered he had pocketed two dozen forks, eigh-

He scampered along Italiroad alley, but Patrolmen McColligan and McMullen got on his chase and soon ran him down. When he was brought to the police station the stolen articles were taken from his pockets.

Boose gave the name of William Davis, but his identity was made known later in the day when he sent out word to some of his friends to get him ball. He is not thirty years old, and is married. One of his friends said that Boose had trouble at home which ended in his wife's leaving him.

I tried three doctors and medical college but he kept getting worse. There was not one quare inch of skin on his wholebody unoffected. He was one mass of sores, and the stench was frightful. In removing the bandages they would take the skin with them, and the poor child's screams were heart-breaking. After the second application of Curicuna (oirtment) I saw signs of improvement, and the sores to dry up. His shin peeled off twenty times, but now he is entirely cored.
