SPECIAL MEETING OF SCHOOL BOARD LAST NIGHT.

Rules for the Government of Teachers Were Considered and Teachers for the Night Schools Were Selected-A Considerable Amount of Other Important Business Was Transacted-Hose Received by the Neptune Fire Company-Rev. Mr. Arthur Spoke in the Tabernacle.

A special meeting of the school board was held in No. I building last evening. Messrs, Wilson, Bronson, Webber, Spencer and Kellam being present. The object of the meeting was to go over and consider the school rules revised at the request of the board, by Superintendent Boyard, and also the night school question.

The rules, as revised, were read by Superintendent Boyard and several necessary changes, or additions, added to them by the board. By Mr. Kellam's suggestion, the secretary was instructed to have a copy of the rules made for each member of the board, and the superintendent so they may be able to go over them carefully themselves, and if they see fit suggest changes needed at the next regular meeting. Among the new rules are the following:

That civil government and bookkeeping be introduced into our schools and taught for six months each year; that any pupil in order to pass into another grade must make at least a percentage of 75 per cent. in the examination questions; that the teachers, or innitors be not allowed to leave their respective building during school hours: that the teachers have power Arthur's sermon last evening was full over children going to and from school; that teachers have no right to write biters, read, etc., during school hours: each afternoon for children and for that the bours for the superintendent to be in his office for persons or parents who wish to see him be as follows: 8,30 to 9,15 a. m. on Monday and Tuesday of each week, and from 2.30 to 4.50 p. m. on Friday at No. 1 building; that no person shall be allowed to exhibit to either teachers or pupils any its the guest of relatives at Kizers. book, paper or article of apparatus, or to announce any public entertainment during school hours.

# BOARD OF TRADE.

Lackawanna Iron and Coal Company Is Willing to Sell a Large Plot on the West Mountain for Park Purposes at a Reasonable Price. Some Social Events That Are to Take PlaceTonight-Mrs. Rebecca Colby Had Two Ribs Broken.

Though last evening's nie that of the West Side board of tra. was a postponed ong the attendar . was the absence of President Holmes and Vice-President Struppler. The park

question was the main topic of discussion and Secretary Oliver, who is common councilman from the Fifteenth ward, made a short but interesting The Neptune Fire company received explanation of how this important matter was being treated in the proposed bond ordianance. Other matters which received some

consideration were a branch public library on this side, the viaduct and the opening of Division street, from Seventeenth to Twenty-second street. No particular business was transacted after the board was called to order until the report of the committee on parks was reached. William Farrell then asked for some information in reference to this question as covered by the bond ordinance. Secretary Oliver stated that the clause giving "\$25,000 toward the purchase of a tract of land for park purposes from the Lackawanna Iron and Coal company in the Twenty-first ward' was insterted upon the recommendation of Park Commissioner Andrew Bedford. Commissioner Bedford had approached the officials here of the Delaware, Lackawanna and Western company for the purpose of securing land for park purpose, but had met with a positive refusal along this line. He then tried the Luckawanna Iron and Steel company and had better success. The company's agent, C. C. Mattes, pointed out a tract of land which the company would sell, but only for the stipulated purpose of using it for a park. This tract lies north of Keyser avenue and is bound on the west by Jackson street, north by Newton turnplke east by the Richard's farm. It is eighty-seven and one half acres in extent. One half, facing on Jackree street, is being plotted for building lots. This portion they will sell for \$17,500 or the whole piece for \$25,000. If selling to a land developing company for building purposes they would ask \$70,000. Figuring five lots to the acre at the general price of \$300 a lot, this would be a moderate price, so it seems that the price asked of the city is not exorbitant. The tract has about five acres of a grove, a large pond and a very substantial farm house, with out buildings. A good stone wall surrounds part of it. It is good land and could in a short time be turned

into a most beautiful park at little cost. It will be remembered that this very site was recommended by the West Side board and it is through the efforts of its park committee that Commissioner Bedford made his inspection. T. Fellows Mason moved an endorsement of the committee's work and a tender of the board's support in the matter. The motion carried. D. D. Evans suggested that some steps be taken by the board toward securing a branch of the Albright Publie library located on this side. Sec-retary Oliver stated that such a moveley, Patrick Moore and Patrick Flaherts. ment was on foot already. Judge H. M. Edwards, Benjamin Hughes and James A.
