PAVEMENT COMPLETED.

The Sixth Avenue Bricks Are Now Laid

Yesterday the Sixth avenue pave ment was almost completed. The scarcity of bricks will not allow the finishing of the pave to Church street, which would be a great advantage to drivers of vehicles. The men have been working day and night for somtime past and with the lights burn-ing and men moving here and there, made a wierd scene which attracted

a large number of spectators.

It is impossible to tell when the next shipment of bricks will reach this city as Messrs, Blair & Kennedy have recompany which is supplying their demand. On account of Controller Wheeler's action in regard to the payment the contractors for paving River street over Seventh avenue, work has not yet been resumed on that thoroughfare, on which the curbs have been taid. The bed of the road is in such a condition as to impede traffic,

YAIR'S LAST NIGHT.

After a Prosperous Week the Event Will Close Tonight.

Last night the crowd at the fair ex celled all others in numbers as the hall was packed almost to its utmost capacity. Considering everything the fair has been one of the most prosper out ever given in the city and the sun netted by the venture will do much toward filling the coffers of the company who, however, will use most of the money to the benefit of the city at large. The watch contest goes merrily

Professor Stone, the local mesmerist kept the patrons in one continuous roar of laughter from start to finish. He is fast forging to the front as an artist with hypnotic ability enough to get the most unsusceptible under his control. At each succeeding performance his power seem to grow greater and it would not surprise a large num-ber of people to hear of him making his debut before the world before long His friends are arranging for an entertainment to be given in the Grand in

NIGHT SCHOOLS.

The Question Is Being Agitated in This City

The question of opening a number of night schools in this city is receiving considerable attention just at pre sent. Last year the residents of Belmont street school district had one of them opened in the Belmont street school and it proved a great success. Where there is a petition signed by twenty taxpayers of a district sent to the board asking that a school be opened the directors must comply.

The opening of the school will meaa large expense, but that can hardly be taken into consideration when the learning of a number of residents is at stake. It cost about forty dollars a month to maintain the school in the Belmont street building last winter. The board may hold a session tonight for the purpose of considering the mat which they believe of vital im portance. It is said the secretary has a number of petitions to present should the meeting materialize

SPORTING NOTES.

The people interested in outdoor sports will remember Michael Mooney's defeating Milton Salmon in a 440-yard dash in this city some months ago. That Mr. Salmon is a fast sprinter is evidenced by the fact that he, at the annual fall meeting of the track team at Lafayette college, Nov. 2, won the second heat in the 220-yard dash; was fourth in the --v-yard dash; second in the 440-yard run; and was one of the fourteen who, having won first and second place, will form the track team.

The Carbondale Indian foot ball eleven will leave today at 1.42 p. m. for Pittston, where they will play J. L. Cake's eleven, of that place. A number of persons interested in the team will accompany them.

BAPTIST CHURCH FOR SALE.

There is a "For Sale" sign tacked uopn the Welsh Baptist church on South Church street. The once large congregation dwindled recently to half a dozen devout members who attended the church every Sunday. Generally one of the six acting as preacher. Now there is but one member, Mr. John T. Richards, who will soon leave the city and join some of his brethren at Dickson city. The old landmark will probably soon be a thing of the past, but there is a possibility of a more modern structure being erected on the ground it occupies.

DON'T COUGH.

There is nothing more irritable to a cough than coughing.

Constant coughing is like scratching a wound; so long as it is done the wound will not heal. When tempted to cough draw a long breath and nold it until it warms and soothes every air cell, and some benefit will soon be received from this process. The nitromucous membrane, allays the desire to cough and gives the throat and lungs a chance to heal. At the same time the use of "77" will aid nature in her

LAST NIGHT'S PERFORMANCE.

The Elroy Stock company, who have filled a successful week's engagement at the Grand all jast week, played "A Midnight Alarm" last night. They will present "The Brakeman" at a matinee this afternoon, and tonight "The District Fair." The company has been favored with large houses each evening during their stay.

LOCAL AND PERSONAL.

A new organization has been formed among the ladies of the city which is called Thursday Afternoon Reading circle. Mrs. Hadyn Evans was elected president at a meeting held yesterday afternoon at the home of Mrs. George Cross, on Laurel street. Reading and literary discussion took up an hour's time, while several hours were spent in social enjoyment. The club will meet again on Thursday, Dec. 1, when the various offices will be filled.

The many friends of Miss Anna Roberts, daughter of Mr. and Mrs. J. T. Roberts, will be pleased to hear of her engagement to Mr. Edward Gramer. Both parties have many friends, who are ready to extend heartiest congrat ulations. The ceremony will be performed by Rev. Charles Lee at the home of the bride's parents, on the corner of Church street and Ninth avenue, on Thanksgiving eye, Wednesday Nov. 23

The Weish Methodists held a social and annual supper in the Welsh Methodlst church on South Church street last night. A large number of persons attended and enjoyed themselves. The receipts from the affair amount to a considerable sum, which will go to the improving of the church.

It was decided in the affirmative,

The Streng Brothers have had issued a summons in ejectment against James Corcoran, who recently caused to have erected a stone wall upon a strip of land, which they, the Strengs, claim as their property. The erection of this particular wall was accomplished between two days and was noticed at length in this paper when the work was done, and, of course, they knew what they were about when they put the rather novel scheme into effect. The Corcorans are confident that they are right, but it is evident that the court will have to decide the matter. The wall is still there up to the present time and a substantial building will scon be placed thereon, which will be in striking contrast to the burned rubbish that has lain on the Streng property, which was burned
