# **COMMISSION ON** HAWAII REPORTS

BILL IN REFERENCE TO GOV-ERNMENT OF TERRITORY.

Will Be Submitted to Congress with the Report of Commission-Territorial Form of Government Suggested-Citizenship Will Be Denied Japanese and Chinese Residents of the Islands-Public Property Secured.

Washington, Nov. 23.—The Hawaiian commission's report will be in the hands of the president before the meeting of congress, the first Monday in December.

The president will submit the report to congress, which will include the draft of a bill to carry into effect the recommendations of the commissioners. The bill will be introduced in the house by one of the administration leaders in that body and probably will be referred to the committee on territories. It is thought that no time will be lost in consideration of the measure in committee, and that when it is reported to the house it will be followed by a resolution from the committee on rules fixing a reasonable time limit on debate and providing for a

The commission met today for the first time since leaving Honolulu, Senators Collum and Morgan, Representative Hitt and Judge Frear being pres-

The meeting was devoted to discussing details or the bill and report which the commission will present to congress, which had not been fully decided upon at the last meeting. The legislation which will be recommended by the commission will be included in a bill which to all intents and purposes will be an enabling act and very much like the bills providing for the admission of new states into the Union except in the one important detail that it provides for the admission of a territory and not a state. The bill has been completed, but probably will be amended somewhat in detail. The report has not been completed.but the commission has decided upon its features. One of these is a recommendation that the system of importing laborers under contract shall be discontinued. The commissioners have concluded that as the system is contrary to the laws applying to this country as a whole it would not be wise to continue it even temporarily to Hawaii. It is understood that a majority at least of the members of the commission do not accept the theory that Americans and Europeans cannot do manual labor in the islands.

TERRITORIAL GOVERNMENT.

The commission will recommend a regular territorial form of government with a governor, a delegate in congress and a legislature. The legisla-ture will be elected by the qualified voters of the island, but there will be property and educational qualifications imposed on those who vote for members of the upper house of the legislature. The franchise will not be extended to the Japanese or Chinese in the island, but the Portuguese who become citizens will not be excluded under the restrictions imposed.

The commission will present full deails of the value of property acquired, m tariff taxes and other important facts bearing upon the gov- performances at the Academy of Muernment of the islands. They estimate ted States will amount to more than \$19,000,000. The public lands alone are believed to be worth about five million

The report will be presented to congress soon after it convenes.

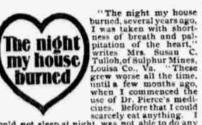

# TOWANDA.

The Young Men's Christian association lecture course, which begins on Nov. 28, is to consist of the following notable lecturers and entertainments. Nov. 28, Hon, George R. Wendling; subject, "Saul of Tarsus," Dec. 13, Charles F. Underhill, impersonator: Jan. 25, J. Williams Macy, humorist and buffo basso; Feb. 27, the Original Old Homestead quartette; March 25, Park Fisters Concert company, assisted by Miss Adele Weber, the dramatic and humorist reader.

A large coon was discovered last Monday afternoon in the large elm tree in front of the residence of Dr. Woodburn, but sporting citizens were not allowed to shoot at the animal and he escaped at nightfull.

As early as the time when W. J. Young, esq., was prothonotary, the members of the bar have been furnish-

ciues. Before that I could scarcely eat anything. I could not sleep at night, was not able to do any work, and could scarcely get around the house. I had given up all hope of ever getting well again; but I am well again, and I give Doctor Pierce's medicines all the credit.

I took the 'Favorite Prescription,' the 'Golden Medical Discovery' and 'Pellets.'.

Dr. Pierce's Favorite Prescription is a medicine for women only. It cures all forms of female complaint—stops back

and side-ache-allays the inflammation which causes those disagreeable weakening drains on the system — pro-motes regularity of

the feminine funcperiods a thing of the past.
Dr. Pierce's Golden Mediis a medicine for the blood,

liver, lungs, and nerves. It cures all bronchial and throat troubles, strengthens weak lungs, stops bleeding from the lungs, and builds up the entire system. It purifies the blood, stirs up a lazy liver, and soothes abused, crying nerves.

Neither of these medicines contains

any alcohol, whisky, sugar or syrup to preserve its properties, but both will keep perfectly in any climate.

Dr. Pierce's Pleasant Pellets cure constipation. They keep the bowels open and regular. They do not gripe.

When you ask a dealer for these medicines—get what you ask for. Substitutes are not as good. They are, at best, only imitations, and cannot imitate the cures wrought by the genuine.

A GREAT REMEDY.

## For Sufferers from Piles.

Dr. Reamond, a specialist in the study and treatment of piles and rec-tal diseases, recently stated that the Pyramid Pile Cure, the new discovery for the cure of piles, was the most re-markable remedy he had ever seen or tried in one respect; and that was the instant relief experienced in all cases, no matter how severe, from the moment the remedy was applied. was the more surprising to him because he had carefully analyzed the preparation and no trace of opium, cocaine or similar poison could be detected.

Physicians look with great favor upon the Pyramid Pile Cure, because t is rapidly taking place of surgical operations and because it is so simple, so easily applied and contains no mineral or other poisons so commonly used in cures.

Dr. Esterbrook reports that the Pyramid Pile Cure not only cures the various forms of piles, but never fails to give immediate relief on the first application, no matter how severe the pain or discomfort may be.

People who have suffered from piles for years are often astonished at the instant relief experienced from the first application. Another important advantage is the fact that anyone car use the remedy without detention from business or interference with daily oc-

The preparation of the calendar entails a great amount of work for the prothonotary, for which ie receives no pay whatever. Prothonotary Lilley has been compelled to issue a circular to the bar, star: # that he can no longer furnish the court calendars because of interference of the commissioners. This is only an unwise epetition by the commissioners of the ame treatment of General Madill, and is greatly to be condemned.

# RAPID WORK IN TRIAL OF SHEW

STARTLING TESTIMONY IN TRODUCED YESTERDAY.

Snew's Confession Read by Miss Frances Ammerman-The Stories of the Two Prisoners Dovetail in Every Particular-A Heathen Chinee Who Has No Memory. Other Witnesses.

Special to the Scranton Tribune.

Montrose, Nov. 23 .- The Shew trial progressed rapidly today. Shew and Eagen were both in court this after-noon, the latter for the purpose of being identified by those who saw the men on their way to Rush. Albert J. Terry, of Rush, passed the barn on the night of the tragedy. He did not see any light there. Russell Gibbs, who was with him, corroborated Mr. Derry's testimony, .ae most startling evidence, however, was that of Miss Frances Ammerman, who read from stenographic notes the questions propounded by District Attorney Ainey and answers of the prisoner, Shew. Shew took from Susquehanna, and cupation. Sold by druggists at 50 cents in it Shew completely lays the bur-per package. in it Shew completely lays the bur-den of Pepper's death on the shoulders of his partner, Eagen. With that exception his story goverailed in every particular with the confession of Eagen, barring minor details which would naturally differ.

Wen Wing Lee, or John Lee, as he s familiarly called by his large coof friends at Susquehanna, on the stand, that launwent dryman Celestial forgot everything he had ever known. He did not "lemembler they get rope to ketchee ksh," but "dont lemebler how bigee." Wing Lee undoubtedly furnished the rope which in both the confessions is admitted, but so far as the evidence in the case is concerned he was possessed of such an admirable forgettery that he made a poor witness.

Doctors Warner and Granger told of Jackson Pepper's injuries and the cause of his death. He had 28 wounds of the scalp and his skull was fractured in two places. The top of Pepper's skull was introduced as evidence as well as his clothing, worn on the night of the terrible affair.
