Fellows-Smith Case to Go to the Supreme Court.

Preparatory to taking the case of Fellows against Cornelius Smith and J. Stanley Smith to the su-preme court, E. C. Newcombe and Welles and Torrey, attorneys for the plaintiff, yesterday filed exceptions to the finding of Judge Purdy, who specfally presided in the case.

Fellows brought a suit for sixty-one acres of land on the West Mountain. He and his attorney, Cornelius Smith, had a disagreement and Fellows brought suit to recover a quarter of the land, which had been deeded to J. Stanley Smith, son of Cornelius, in The notice must state the office for consideration of legal services and which the writer is a candidate and of the case. He alleged that when the disagreement came his attorney agreed the signature. C. E. Chittenden, Chairman to return the deed for the land given to his son.

He failed to do so and instead had recorded in his son's name, it is Thanksgiving. All Photo work the best alleged. Court found that this dealing was fair and lawful and that the agreement had never been rescinded. To this the plaintiff takes exception and on this ground, principally, the case will be carried up.

## RUN OVER AND KILLED.

Unknown Man Meets Instant Death on the D. & H. Tracks.

A man whose identity could not be learned was killed by a Delaware and Hudson train near the Olyphant depot yesterday morning. The train was southbound and reached Scranton at 8.40 o'clock. At Tingley's crossing the man was noticed by Engineer William Bingham. He blew the whistle and re-duced the speed of the train, but the stranger paid no heed to the warning

Engineer Bingham says the man sank between the rails when the engine was but a rod away. This action indicated to him that the man was overcome with fear or some physical weakness. The engine and front part of the train

passed over the body, severing the head and frightfully mangling the form into an almost unrecognizable shape, Notification was sent to Coroner Longstreet, who will impanel a jury and investigate the case today.

### TODAY'S FOOT BALL GAME. Both Teams Are in the Pink of Con-

dition. The largest crowd that has ever witessed a foot ball game in northeastern Pennsylvania will in all probability throng Athletic park this afternoon to witness the game between the St. Thomas' college eleven, of this city, and the Wilkes-Barre all college team or the championship of northeastern

Pennsylvania. The development of the St. Thomas cam has been along the line of the jost advanced and scientific style of play. Perfect team work has been the labors, and Professor Pennington ap-object of its every effort and ambition peared before the curtain and were and the result of these efforts and ambitions is a unison of play, a directness of ottack and a coherence of the playrs in defense that leaves but little to 1c desired.

The team is light, but what it lacks n weight is more than compensated for by skill and sand. Here are the statistics giving the age, weight and positions of the St. Thomas players:

### THE GONDOLIERS WAS A BIG SUCCESS

LARGE AUDIENCE SAW THE OPERA LAST NIGHT.

Production Has Been a Great Success Througout and Reflects Credit on Those Who Participated in It and Had the Matter in Charge. Mr. Holland, of the Kindergarten of That Organ.zation from the Stage of the Lyceum.

The production of "The Gondollers" has gone into history and been recorded as one of the most successful productions of opera ever given by amateurs. As yet the exact financial re-sult is not known but it is probable that a very satisfactory sum will find its way into the treasury of the Scranton Free Kindergarten association.

As an operatic production "The Gonlollers" was a pronounced success. A matinee was given in the afternoon when a fair sized audlence was present and last night but few vacant seats were to be found in the house. The performance was marked by great dash and spirit and the participants were frequently compelled to respond to encores. Mr. Sandersen's solo in the first act called forth four encores and the beautiful Cachucha dance had to be repeated several times before the audience would be satisfied.

After the first net there was a loud and clamorous demand for the ap-pearance of Henry Dixey, the man who supervised the production of the opera-In response to the calls Mr. Dixey and his wife, who assisted him to his

Holland, president of the Free Kindergarten association, in the name of that organization gracefully thanked those who participated in the affair for what they did for that Institution.

Those who occupied boxes last night were Mrs. W. F. Hallstead, Mr. and Mrs. J. A. Scranton, Mrs. D. L. Tate, Miss Eloise Gilmore, T. H. Watkins and family, James Archbald and famlly, Miss Digna Reynolds, Miss Rowlands, Mr. and Mrs. T. E. Jones, Mr. and Mrs. A. D. Blackinton, Mr. and Mrs. H. J. Anderson.

### A BLACK COW DID IT.

Jumped in Front of a D. & H. Train

and Caused a Wreck. A jet-black com suddenly darted out from the shadow of the retaining wall at the curve, a hundred feet north of the Linden street bridge last night, shortly after 9 o'clock, when Delaware and Hudson passenger train No. 23 from Wilkes-Barre, was backing in from Carbon street junction. The darkness and the color of the cow comblacd to prevent the rear brakeman Association, Extended the Thanks from seeing the animal until the train

was upon it. Refore he could apply the emergency brake the cow had been knocked down and run over and the rear truck jumping the track sent the car crashing against the wall.

At about the same instant that the collision occurred the air brakes were et and the only damage that resulted was a crushing in of the upper corner of the rear cope of the car. The jolting, crash and sudden stoppage caused much consternation among the passengers but it was allayed very quickly when it was seen that nothing serious

had happened. The second couch from the rear ould not be uncoupled and this neessitated making up a new train at Green Ridge to take the passengers on their journey. A wrecking crew from Carbondale started in at 19 o'clock to replace the deraffed car.

## SCHOOL PUPILS **GENEROUS GIFT**

TONS OF THEIR THANKSGIVING PROVISIONS DISTRIBUTED.

Superintendent Howell's Request for Staple Food Articles Met with a Response That Was Overwhelming-Two Big Storerooms Jammed Full of Good Things Which Will Be Distributed Among the Poor Families of Scranton Soldiers. Brother Francis Is in Charge.

Every pupil in the public school who gave ever so small a Thanksgiving offering in response to the request of Superintendent Howell, would have been filled with as much wonder as joy if he or she could have seen the many wagon loads of provisions gathered at the distributing point yesterday. The whole of one vacant store room and part of another across the alley from the board of trade building on Linden street were packed so full of eatables that it was with difficulty that one could walk about there.

The goods are being distributed among the families of soldiers in the Thirteenth regiment, families too poor to buy anything like a plentiful Thanksgiving spread, but deserving,

nevertheless,
PLENTIFUL SUPPLY. The giving is according to a custom of several years in the public schools. Superintendent Howell has encouraged it and in so doing has received many scores of expressions of approval from people generally in all parts of the city. This year it was announced that the provisions would be for the families of soldiers. But the quantity of goods re-ceived is so great that the sixty families who have been receiving aid from the Relief association could not begin to consume the good things in three teals, so after these families are well supplied the distribution will be continued among other deserving poor.

WORK OF DISTRIBUTION. Brother Francis, relief agent for the Soldiers' Relief association, is directing the work. He is thoroughly familian not only with the beneficiaries of the association, but knows as much, if not more, than any one person in Scranton concerning the needs of its poor people

generally. The school children were instructed to bring their offerings to the school buildings on Tuesday. The great ma-jority brought but one article, either a cabbage, or a turnip, a squash, a package of canned goods and the like. But in every school building a wagon load of eatables was thus obtained. During Tuesday afternoon and yes-

erday three teams were busy hauling the supplies from the school houses to the distributing depot on Linden street. The articles finally gathered there-and the work was not finished until last evening-comprised about every nonperishable food substantial found on a hotel table. There were huge piles of cabbage, potatoes, turnips, onions, squashes and other vegetables, canned cods, pickled goods-in fact, everything. The two big rooms were jammed so full of good things that the place had the appearance of a large and newly-opened market and store where it had been impossible to set things in

WAS NO CONFUSING.

There was no real confusion, however. Brother Francis had three men indoors and three men and as many teams outside to help him. Tags bearing the addresses of families to be supplied had been written in advance and arranged in groups corresponding to store delivery sections for all parts of the city. A half-dozen or more tags were given out for each wagon load and as many sets of supplies, each set ontaining a liberal variety of things, accompanied the tags and were hurried

out for delivery. The work of distribution began yesterday afternoon, was continued into the evening and will occupy all of this It is estimated that forty

#### wagon loads will be delivered. TRIBUTE TO REV. DR. HARD. Paid to Him by the Zion Herald of

a Recent Issue. The Zion Herald, in its report of the annual meeting of the Church Exten-sion Society of the Methodist Episcopal church, says:

"One is impressed, while observing

the proceedings of the annual sessions of this society, that it is being conserved by a very competent management. The three secretaries, Drs. Kynett, Spencer and Hard, make a great grandly complementing other. Dr. Kynett is the judge, financier, statesman, the man of the comprehensive, open eye, who takes in the whole case and decides judiciously and safely. It is believed, so long as he is at the helm, that the important interests of this society can never suffer. "Dr. Spencer is the man for the peo de, the 'Great Heart' of the secretariat, the man who goes up and down the land rousing the church to the privieges of consecrated offering for this great cause. He is equally at home and happy and successful in conductng a revival service, and to him church xtension means the spread of the spir-

itual conquests of our Lord. "Dr. Hard is a combination of much that is best in his two colleagues. He has proved himself indispensable to the cause which he represents. Untiring and indefatigable, he never spares himself, and everywhere that he goes h links himself in closest bonds with the churches and his brethren in the min-istry. God bless this noble trinity!" The article is adorned by an excellent picture of Dr. Manley S. Hard, who was formerly presiding elder of this
