ITS WEIGHT IN GOLD.

A NEW DISCOVERY WHICH IS WORTH THAT MUCH

To Any One Afflicted With Piles.

The Pyramid Pile Cure, the new, painless remedy which has been so remarkably successful in curing every form of piles and rectal diseases, has recently been placed on sale at druggists, and it is safe to say that when its extraordinary merit becomes fully known, there will be no such thing as surgical operations for the cure of this obstinate and common trouble.

Mrs. M. C. Hinkley, of 601 Mississippi St., Indianapolis, Ind., says: "I had been a terrible sufferer from piles for 15 years and no remedies benefited me, until I saw an advertisement of the Pyramid Pile Cure. I got a package, also a package of Pyramid Pills and used both according to directions. I was astonished at the immediate relief obtained and I now honestly believe the Pyramid to be the only certain cure for piles."

That you may realize how bad I was, I will say that I was confined to my bed and went before the college physicians here, who said my case was a new one to them and wanted seven or eight hundred dollars to undertake a cure. The great pain had brought on a rupture, and I knew an operation would be death to me on account of blood poisoning. Nearly everyone here knows of my terrible suffering from piles and I feel that I cannot praise the Pyramid Pile Cure enough, and the Pyramid Pills also. My husband will join me in highly recommending the Pyramid, my daughter was cured by one box only. For several years I weighed but about 50 pounds, now I weigh 150 and feel in perfect health."

This seems to be the universal testimony of every sufferer from piles who have ever tried the Pyramid; it is the safest, most painless pile cure yet discovered; contains no opiate, morphine or any poisonous ingredients whatever, has a soothing, healing effect from the first application, and the moderate price places it within the reach of everyone needing treatment. The Pyramid Pile Cure is sold by druggists at 25 cents and \$1.00 per box, and the Pyramid Pills at 25 cents per box.

FROM NEW ZEALAND.

Reefton, New Zealand, Nov. 23, 1898. I am very pleased to state that since I took the agency of Chamberlain's medicine the sale has been very large. My specialty of the "Cough Remedy," in two years I have sold more of this particular remedy than of all other makes for the previous five years. As to its efficacy, I have been informed by scores of persons of the good results they have received from it, and know its value from the use of it in my own household. It is so pleasant to take that we have to place the bottle beside the reach of the children.
