## CARBONDALE.

IThe Carbondale correspondence of The Tribune has been placed in the hands of Mr. J. M. Forbes. All complaints as to irregular delivery, etc., elso news licms, should be addressed to Roberts & Reynolds, news agents.]

#### HOSPITAL IN DANGER.

#### If the People Do Not Rally to Its Support, What Then?

That the residents of this city have taken little or no interest in the Emergency hospital of this city is a lamentable fact. At the last annual meeting of the directors the outlook was decidedly discouraging and if no donations are made it is feared that the excellent institution will imperaclose its doors.

Today there are twenty-six patients in it, almost as many as it can take care of. Reports of the past year show that seventeen persons were taken care of daily. The hospital has been run on up-to-date principles, although the outlay of money in maintaining it has often come from the directors private

The institution is now in debt to an enormous amount, which in some way must be cancelled if the appropriation does not cover the sum. It is owing to the trustees indefatigable labors tha the hospita is open today. The matter of heating the building was discussed at some length. Although there is an excellent heating apparatus in structure it is exceedingly cold in the interior

The medical staff appointed consists of the following physicians: Niles, Shields, D. L. Bailey, Gillis, Kelly, Jenkins, Fletcher, of this city; Shields and Manley, of Jermyn; Dwynn and Knapp, of Forest City; and Me-Vandling Officers were elected as follows: President, William Walker; vice-president, James G. Shepherd; secretary, Matthew Norton; Treasurer, James Scott.

#### A MAN OF FORESIGHT.

#### William Williams, of This City, Has Proven Himself Such.

At a meeting of the stockholders of held some years ago in New York city. as the Unique. Mr. Williams, who has some stock in the road, addressed the meeting at some length.

His words created a sensation and the day after be received much attention at the hands of the journals in the Metropolis, Mr. Williams, in his remarks, declared that the Delaware evening. and Hudson road was not in as good a financial condition as it apparently seemed to be, and that if the method of managing in vogue at that time was insisted upon the road would come to

an untimely end. Shortly after his return from the city he wrote a letter in which he said: The dividends paid to stockholders were seven per cent., while the profits were only a fraction over 6%. Thus it can be seen to pay the 7 per cent, on thirty-five million capital stock must have made a big hole in the surplus, which cannot last long." That Mr. Williams is a financier of some note is evidenced by his prophetic letter of

#### INTERRED AT MAPLEWOOD.

#### Remains of Mrs. Priscilla Hathaway Laid to Rest in Maplewood.

#### Maplewood cemetery. WHAT HAPPENED TO JONES? How the Story Goes from Start to

Finish. 'What Happened to Jones" is the attraction at the Grand for tonight. It is a catchy title and one calculated to arouse curiosity. Jones is a drummer. While attending a prize fight the place is raided by the police and Jones makes his escape with a musty pro fessor of anatomy. Ebenezer Goodly who has been induced to attend the fight by his prospective son-in-law, who has decidedly sporty proclivities. Jones bobs up serenely in the home of Goodly and refuses to leave fear of the police. Jones passes himself off as the bishop of Ballarat, a brother of the professor's, who is expected to arrive from Australia, almost at any moment, much to the discomfiture of the professor, who, however, is afraid to expose Jones for fear of the prize fight episode.

### EVANGELICAL SERVICES.

a violin at the fire company's fair at Archbald last Wednesday night. Mrs. Wafter Murray returned home estera y after spending several days with her daughter, Carrle, at Strouds-burg State Normal school.

Mr. C. L. Bell left Monday for Pittsourg, where he will spend a few days. Yesterday afternoon about half past three a man named Goldberg, from Archbald, was walking on the south bound Delaware and Hudson track and when he reached a point opposite the powder mills engine No. 20 came along and struck him, killing him instantly.

Mrs. Davis and daughter, Cora, attended the lecture at Carbondale last evening.

#### AVOCA.

While the remains of the late Mrs. Hugh Jennings reposed in a handsome asket surrounded by a wealth of flora! offerings, hundreds of sorrowing friends passed before them and the sorrowful countenance on all assembled bespoke their feelings of grief. The marks of henor that attended the burial gave evidence of the fact that the deceased was held in high esteem. The remains were taken from the home of her parents, Mr. and Mrs. William Dixon, of York street, to St. Mary's church, which was filled with sympathizing friends of the family. A solemn high mass of requiem was sung by Rev. G. brother of the de F. Crane, deacon: J. J. McCabe, subdeacon: P. F. Quinnan, master of cermonies. In the sanctuary were: Revs. J. F. Greene, B. E. O'Byrne and P. E. Lavelle, of Pittston; J. J. Curran, of Wilkes-Barre; J. J. Loughran, Bellerue; J. A. O'Reilly, J. J. Feeley and M. E. Loftus, of Scranton; A. T. Brodrick, Hyde Park; J. W. Healey, Pleasant Mount; J. J. Griffiths, Carbondale; J. M. Smoulter, Olyphant; T. F. Kiernan, Parsons; D. W. McCarthy, Sugar Notch: J. F. Jordan, Rendham; M. J. Millane, Dunmore, Rev. M. F. Crans preached a beautifu! and impressive ermon, in which he paid a deserving tribute to the faultless life of the deceased and spoke words of consolation to the bereaved friends. After the burial service the cortege moved to St. Mary's cemetery, where interment was made. Among the many floral creations were: Broken shaft, students of St. Bonaventure's college; Gates Ajar, Manager O'Hanlon; Cross, Mrs. B. J. Durkin, Pittston; Monument, employes at Brooks & Dale's store; Cross, sisters of deceased; wreath, from parents; pillow, from her husband; wreath, Mr. and Mrs. William Clauss; wreath, Miss. Minnie Cawley; wreath, J. R. George, The flower-bearers were: Charles Bolond, William Geackle, James F. Shea. James H. Walsh, of Wilker-Barre; J. F. Kane, T. F. Nolan, F. J. McCann. M. J. McAndrew, M. C. Judge, T. J. Flynn, W. H. Jennings and W. J. Miller. The pall-bearers were: Michael Garvey, George Webber, Frank Clark, James Moran, Matthew Cawley and William Shean. The benedictus at the grave was sung by Revs. O'Reilly, Broderick, Loughran, Loftus, McCabe and Quinnan.

### PECKVILLE.

The returned engineers, Messrs Archie Chivers, Russell and Ralph Hoffecker, are kept busy these days relating their experience in Porto Rico. It is interesting to listen to their stories of the condition of Porto Rico and their own personal experiences. The kinetoscope exhibition at the hose house was well attended last The audience was pleased with the production.

A Scott township farmer arrived in own yesterday with a load of pigs for sale. He drove a team attached to a sleigh. There was not enough snow on our streets to make a good snov ball, but this did not disconcern the farmer. He drove along the streets, his team nearly exhausted from drugging the huge sleigh through the mud just as though there were three feet of the beautiful covering the ground. returned home after visiting relatives. ### THE NEW WOMAN.

#### The Secret of Strength and Beauty.

The athletic woman is everywhere in vidence. You can see her on the wheel, swinging a golf club, rowing, riding, running, her every movement so graceful that you instinctively pause to look at her. The day of tight-laced, waspwaisted women is over and gone. The age has given us a new women who thinks more of her lungs than she does of her waist, and who is proud of her muscle. But have you noticed that these girl goddesses are almost without exception unmarried? As soon as a woman marries she begins to lose the swinging stride, the easy carriage, the steady hand, the quick eye, Her back hurts and she can't row,or swing a golf club. She is nervous and the old sports and recreations are impossible to her. The reason for this condition is obvious Few women are prepared for marriage either intellectually or physically They have no intelligent understanding of their own physiology, and no appreclation of the radical, physical changes which marriage inaugurates. The re-sult is that debilitating drains are set up, and allowed to continue unchecked. The delicate female organs become ulcerated and inflamed, and probably there is female weakness, or displace ment of internal organs, with bearingdown prins. The consequence is ner-

much quicker, and a much smallet quantity of medicine is needed to

That woman blesses the day when she wrote her first letter to Dr. Pierce. This free consultation by correspondence which Dr. Pierce offers is a privilege women eagerly avail themselves of when they once understand that there is really no charge, and that every let er is read in private, answered in private, and the answer mailed in a per-fectly plain envelope without any ad-

ertising upon it. Many women let these diseases fasten on them because their modesty shrinks from the questionings, indelicate examinations and local treatments their friends have had to submit to. These offensive features are entirely away with in Dr. Pierce's method of treatment. Write a plain letter. You are not writing to a woman for sympathy but to a man for help. And it's n the very law of our beings that man should feet

A HELPFUL SYMPATHY. or woman, such as is rarely extended y one woman to another. It's singular but it is true that women in general make light of the sufferings of other nembers of their own sex, and are apt o be critical and cynical over their pains. And perhaps for that reason vomen prefer to confide in a physician who like Dr. Pierce can give the prac tical sympathy of help. In a practice of over thirty years as chief consulting physician of the Invalids' Hotel and Surgical Institute at Buffalo, N. Y., Dr. Pierce has treated more than half million women, and cured perfectly and permanently ninety-eight out of every hundred. This vast experience which covered every form and variation of feminine disease, puts Dr. Pierce at the head of specialists in the treatment of diseases of women. Don't you want to get back that ath-

vousness, physical languor, weak back, headache, and a score of other ills. Even then it probably doesn't dawn on the afflicted woman's mind that the pain in her head, in her back or at her heart is in any way connected with the diseased conditions of the delicate womanly organs. Yet that is the exact condition of affairs. Thousands of women have proven this, who have used Dr. Pierce's Favorite Prescription to cure debilitating catarrhal drains, and an ulcerated and inflamed condition of the internal organs, and have found to their glad surprise that when the local health of the womanly organs was established, strength came back to the whole body.

REMOVE THE CAUSE. It's of no use to treat the head or the back or the heart. The center of the diseased condition lies in those delicate stitutes when "Favorite Prescription" womanly organs, and through them the is called for. That's hardly fair for womanly organs, and through them the whole body becomes sympathetically affected. But, one practical example is worth a volume of theory. Here is the actual experience of one woman.

"After a silence of a few months I again write you in regard to my health which has been very much improved by the use of Dr. Pierce's Golden Medicai Discovery, 'Favorite Prescription' and 'Pleasant Pellets,' " writes: Mrs. Mollie E. Carpenter, of Linaria, Cumberland "I have used thirty bottles of 'Favorite Prescription' and 'Golden Medical Discovery' and many vials of the 'Pellets.' When I first wrote to Dr. Pierce concerning my health I was so weak I could only write a few words until I would have to rest. I was so weak I could hardly walk Words cannot express my sufferings. Dimness of sight, palpitation, shortness of breath, black spots or else shining lights before my eyes, terrible headache, numbness in my arms and hands and tongue, also my taws would get numb; constipation, falling of the womb, leucorrhea, soreness through my bowels; in fact I was diseased from head to foot. Now I can do my own washing and cooking. I can take a ten quart pail in one hand and a six quart pail in the other (full of water) and carry both one-fourth of a mile and never stop to rest. I am as neavy as I was at 19 years (125 pounds) I also had dimness of sight and impaired mem ory. I had spells that when I would try to speak I couldn't think of the words I wanted to say, but would say something else. I have improved, oh, so much, and Dr. Pierce's medicines have done the good work. It has been about a year since I commenced the use of the medicines. My health has been improving slowly but surely. We cannot expect a disease that has been oming on for years to be cured in a few days. If any lady suffering as I have been will write to Dr. Pierce and get his advice and use his medicines according to directions, a cure will

surely result. DISEASED FROM HEAD TO FOOT. That experience is worth thinking

over. Look at the gravity of the case. I was diseased from head to foot." Contrast the former weakness when she wrote her first letter to Dr. Pierce, and "could only write a few words until I would have to rest," with the present strength, which enables her to "take a ten quart pail in one hand and a six quart pail in the other, both full | earnest of water ,and carry them a quarter of a mile without stopping to rest." That's only the case of one woman in thousands who have been similarly cured by "Favorite Prescription." But it's an most hopeless conditions yield to the persistent use of "Favorite Prescrip- ling, was walking along the plane tion." In ordinary cases the cure is when his left foot became it some

letic girlhood again? Write to Doctor Pierce and take the first step to health. Remember there is no charge for this consultation by letter, and that every letter is held as strictly private and sacredly confidential. This offer will bear

signed to create the impression that if you write you will receive advice of a physician. The most insidious of these offers of advice are artfully framed to appeal to woman's sympathy. "THE BEARDED LADY"

and invites "women to write to women and get a woman's sympathy, etc." Even if these letters are genuinely answered by a woman and sympathy is expressed, this is not what invalid women want; they want medical advice. No woman can give this who is not a trained physician, and so far as known there is no qualified woman physician associated with any proprietary medicine. It is certain that there is no | Irving's, 6 vols, worth \$3.50, for. one connected with any institution Optic's Boat Club, 3 vols, worth \$3, for 1 29 who has, like Dr. Pierce, a record of success extending over thirty years, and covering the treatment of more than half a million women.

There is no alcohol, whisky, or other | More About intoxicant in "Favorite Prescription," neither does it contain opium or any other narcoctic drug. It does not create a craving for stimulants and narcotics. Of no other medicine especially signed for women can this be truthfully said. Here and there is found a dealer who seeks to make a little extra profit at a customer's expense by trying to sell one of these "just as good" subyou. When you buy a "just as good" baking powder, which of course pay the dealers a bigger profit, you get something for yourself, a spoon or a pitcher or something as a premium. But in this case the dealer gets all the extra profit and you get a bottle of medicine that you didn't ask for, and don't know anything about, except one thing which you may know for certain, that it won't cure as does "Favorite Prescription." It isn't the right remedy and it hasn't the right record. Don't let the dealer do it. Go for Dr. Pierce's

and get Dr. Pierce's, DICTIONARY OF HEALTH You don't want to use a dictionary very often but when you do want it, nothing will take its place. That fact is equally true of Dr. Pierce's dictionary of health-The People's Common Sense Medical Adviser. You may not want to consuit it every day, but when you do, it is the one book for your need. In its 1008 pages can be found the answer to almost any question relating to iuman health and physical well being. This great book is given away. It will be sent free to any one on receipt of stamps to pay the cost of mailing only Send 21 one-cent stamps for the edition in paper or 31 stamps for the same book in cloth, Address, Dr. R. V. Pierce, Buffalo, N. Y.
