**MRS. COLE A MUCH MARRIED WOMAN**  
**RELATED HER TROUBLES TO JUDGE AND JURY.**

She Denied There Was Anything Criminal in Her Relations with W. H. Cole—James Connors Got an Unpleasant Surprise During the Trial of the Case Against Him for Assault and Battery—Must Now Answer a More Serious Charge. Some of the Other Cases Heard.

A jury retired from Judge Archibald's court just before adjourning time to pass upon whether or not Florence Wade, alias Flora M. Kimball, alias Flora M. Cole, was guilty of living as the wife of W. H. Cole, while she was still the wife of Oscar Wade. The charge was preferred by the real Mrs. Cole and she brought the prosecution, she said, to vindicate herself and her children before her neighbors. Several years ago the prosecutor left her husband because of his drunken habits and went to live at Niagara Falls, N. Y. She returned here recently to find the defendant living with her husband, W. H. Cole, and passing herself off as the real Mrs. Cole. The husband sent his adopted wife away and effected a reconciliation with his wife. Things would have gone along well enough if the pretender had only stayed away but she insisted on returning and making love to Mr. Cole. This brought on her arrest.

Her defense was that she married a man named Cole in Kalamazoo in 1881 and that she had been married to him for six years prior to the return of the real Mrs. Cole, she lived with W. H. Cole, but averred positively that their relations were simply those of landlady and boarder.

The proofs of her former marriages and divorce were looked up in her brother's safe in Honesdale. She was on her way to get them when she was arrested and clapped into jail. Judge Archibald wanted to allow the case to go over until today in order to give the defendant opportunity to get the papers, but she chose to go on without them, saying it was impossible for her to go to Honesdale.

James Connors, one of the defendants in an assault and battery case, tried before Judge Archibald in court room No. 2, got a very unpleasant surprise. Connors lives at Providence and with his brother, John Connors, he was indicted for beating Alfred Griffin on June 10 last.

The story of the prosecutor was that the defendants entered the boiler room at the Cayuga mine, where he was employed, and after demanding payment of an account, and his refusal to settle, set upon and beat him severely. The defendants denied attacking the prosecutor and stated that at the time mentioned the prosecutor began the trouble by striking James Connors and knocking him down when the other stepped in to prevent his being further injured. Attorney Vosburg & Dawson assisted Mr. Thomas for the prosecutor and Attorney M. F. Conry represented the defense.

The testimony in this case tended to show that James Connors was running an unlicensed saloon in Providence and after the jury retired Judge Archibald called each defendant in \$500 bail to appear at next session to answer for selling liquor without a license. Alfred Griffin was also placed under \$500 bail to appear as a witness. Both defendants were convicted.

**GARZINE ACQUITTED.**  
Nicholas Garzine was acquitted of the charge of assaulting and beating Frank Maniano at Old Forge on June 20 last, but the jury placed half the costs on the defendant. The court remitted the costs placed upon the prosecutor. Attorney Joseph O'Brien and John T. Martin represented the defendant and M. F. Conry appeared for the prosecutor.

The verdict of guilty was returned in the case against William H. Palmer, the jury agreeing without leaving the box. Palmer was charged with the larceny of a coat from his father in October last.

Samuel Dumbo was found guilty of the larceny of two barrels of potatoes from a freight car at the Delaware and Hudson road. The defendant lives on the West Side. A. A. Vosburg represented the commonwealth and Hon. J. P. Quinnan the defendant.

Edward Early was tried for an assault and battery inflicted upon Patrick Carey. Carey, the prosecutor, was in the employ of H. A. Dupue last summer, when the defendant demanded of the prosecutor a piece of wire netting which the prosecutor refused to give when the alleged battery. The jury was still deliberating when the court adjourned.

Thomas Davis, of Olyphant, who was charged with assaulting Edward Jones with a chair, was returned not guilty, but directed to pay the costs. Michael Gibson was found guilty of the charge of breaking into a Delaware and Hudson freight car at Dickson City. The jury recommended mercy.

David Clearwasser was acquitted of the charge of assaulting and battery and Michael Lenter, the prosecutor, was directed to pay the costs. Peter Luleanski, alias Roche, charged with robbery, failed to appear for trial and his bail was forfeited. Matthew Lucas was prosecuted for larceny.

A verdict of not guilty was taken in the case of Kitty Fox and James McCadden, charged with robbery. Chief of Police Gurrell was prosecutor. The county was directed to pay the

costs in the case of William Bannack, charged with aggravated assault and battery. Chief of Police J. T. McAndrew, of Carbondale, was prosecutor. Just before court adjourned, Peter Sweeney was put on trial before Judge Herring for larceny and receiving. Chief of Police Gurrell is prosecutor.

**ALLEN'S CONDITION IS VERY SERIOUS**  
**HAS NOT MORE THAN AN EVEN CHANCE OF RECOVERY.**

He Has Been Unconscious Since the Explosion in No. 4 Shaft at Pittston Tuesday Night—Superintendent Alexander Bryden's Condition Is Not Alarming—Large Force of Men Is at Work Trying to Subdue the Fire, Which Is Now Well in Hand.

During yesterday there was no change in the condition of Superintendent Alexander Bryden and Andrew Allen, superintendent of engineers of the Pennsylvania coal company, both of Dunmore, who were injured in the explosion of gas in No. 4 shaft at Pittston Tuesday night. Mr. Bryden's condition is not alarming, but Mr. Allen has not more than an even chance of recovery.

Mr. Allen has not been conscious since the accident. He was blown with considerable force against some timber work. His head was injured and it was at first feared there was a depression of the skull on the brain.

Dr. McCreevy and Gutherie, however, have reached the conclusion that concussion of the brain and not depression of the skull has been produced. This makes the case more hopeful, though it is very serious. He is at the Pittston hospital. Superintendent Bryden is being cared for at the home of his father Andrew Bryden, on William street, Pittston.

The accident happened very near the spot where Mine Foreman James Bryden was killed by an explosion of gas a few years ago. Last evening's Pittston Gazette, in describing an inspection of the shaft by one of its reporters, says the reporter "found Assistant Superintendent James Y. Bryden in charge on the surface, while Foreman John Jopling, of No. 4 shaft, a former foreman at No. 4, was in the mine looking after a large force of men who are at work repairing the damage done to the mine by the explosion. Owing to the fact that the air courses were destroyed, the men were not allowed to go toward fighting the fire until the beatles and doors are restored. At this writing no thorough inspection of the heading, where the fire is located, has been possible, and it is feared that it has gained considerable proportions."

**MEETING OF CITY CLUB.**  
**Present Officers Will Continue in Service Until Next September.**

The City club met last evening in their rooms on Spruce street to nominate officers for the ensuing year, but it was determined to continue in service for one year from Sept. 1, the present officers, who were elected at the reorganization on that date. The active spirits of the organization aver that everything else was favorable for a successful future. Care has been and is being exercised in approving applications for membership and the active spirits of the organization aver that within a year the club will be one of the most popular institutes of its kind in this region.

**DIFFERENCE OF OPINION.**  
**Judges of the Superior Court Do Not Agree About It.**

The opinions in the case of Edward Thome against the Scranton Traction company were received from the superior court yesterday. Thome sued to recover damages for injuries sustained while he was riding on the platform of one of the Traction company's cars. The company asked for binding instructions on the ground of contributory negligence and the superior court says the request should have been complied with. A dissenting opinion written by Judge Smith and concurred in by Judge Orndy, takes an opposite view of the case.

**Rockwood Pottery**  
Born in America; created from American materials, and enriched with native art, it has surpassed anything ever produced in the old world. No mere illustration in black and white conveys to the mind any of the many subtle qualities it possesses, the bloom of the peach, the glint of sunshine on an upturned leaf, or on the sea, are qualities that through familiarity are vaguely felt, if not understood, and it is so with Rockwood.

It has many imitations, but these imitations at best are as the peach without the bloom, the water lacking that tiny gleam of light, which adds a glamor to the scene and converts a mill-pond into a poem. It is necessary to see it and hold it in your hands, for no words can give an adequate idea of its charm.

We are sole agents in Northern Pennsylvania and have all the newest effects—Sea Green, Iris and Blue.

For a Wedding or Christmas Present it makes an acceptable as well as a cherished gift.

**Two Pointed Questions Answered.**

What is the use of making a better article than your competitor if you can not get a better price for it? Ans.—As there is no difference in the price the public will buy only the better, so that while our profits may be smaller on a single sale they will be much greater in the aggregate.

How can you get the public to know your make is the best? If both articles are brought prominently before the public both are certain to be tried and the public will very quickly pass judgment on them and use only the better one.

This explains the large sale on Chamberlain's Cough Remedy. The people have been using it for years and found that it can always be depended upon. They may occasionally take up with some fashionable novelty put forth with exaggerated claims, but are certain to return to the one remedy that they know to be reliable, and for coughs, colds and croup there is nothing equal to Chamberlain's Cough Remedy. For sale by all druggists, Matthews Bros., wholesale and retail agents.
