About eighty couples enjoyed the well selected programme of damce provided for them at the twelfth unnual ball of St. Leo's battalion, which was held last evening in St. David's hall, or North Main avonue

The hall was artistically decorated for the affair. The nutional - dors and evergreen were the predominating forms of decorations. Festoons of evergreen and streamers of bunting in parallel rows were run from the center chandelier to the corners and sides of the hall. Pendaug from the center was a large wheel, the rim of ever green, the spokes of bunting. The walls were beautified with flags of all nations, in pair arrangement set in frames of bunting. In the center of each side was a group of swords, arcanged in cluster style. The music for dancing was provided by the Star orchestra. James Degnol acted as ic hall. BURGLARS AGAIN RAMPANT.

Rev. J. B. Whelan, rector of St. Patrick's church, was recently acquainted with the fact that two bold attempts were made to burglarize the parochiat residence situate at the corner of South Sumner avenue and Jackson street. Both were made early Monday morning and both proved fruitless, owing to the opportune passing by of two railroaders on their way to work. The first

attempt was made about 3.30 a. m. and the second about half an hour later. The two men, unknown to each ether, called at the parochial residence the following day and recounted the occurrence to Father Whelan, who, of course was much surprised. Both men stated that the operating party comprised four men and that the fact that they were in the yard peering about, drew suspicion to them. When spoken to they ran from the yard down South Sumner avenue. Poth men forgot to

"My husband was terribly affilicited, to such an extent that he could not ride in a car. He used to bear down on the seat with his hands to break the jar. Walking was no less painful. The doctor said he had lumisage, but Mr. Gray felt sure he was coming down with Bright's disease. Fortunate-ly, he took my advice and began the use of a preparation which I knew was valuable because it had done my mother so much good."

"Half a bottle helped him and when he had taken six bottles he had not as much as a backache. Mr. Gray can-not speak too highly of Safe Cure and he believes that if he had not taken it he would now have been dead of Bright's discovery.

The everlasting wearing out of human tissues results, among other things, in a deadly polson called uric acid. If the kidneys do not take this for to life from the blood the work will not be done at all and Bright's disease will soon be established. Fainting fits, chills, sick stomach, bad eye-sight and fluttering heart are signs of this merciless and destructive malady.

Structive malady. So triffing a thing as a cold may be the beginning of a slow and ultimately fatal sickness which must be checked at once and by the use of the best known remedy. The fame of Safe Cure is spread by happy husbands saved to their families, and by happy wives who feel that they would be wearing widow's black were it not for this remet. remedy.
