

PREPARING TO RECEIVE PRESIDENT HE WILL REVIEW THE TROOPS AT AUGUSTA TODAY.

They Will Leave Camp in Light Marching Order at 10 O'clock, and Will Pass Before the President's Reviewing Stand Shortly Before Noon—Major-General S. S. Sumner Has Reported and Is Now in Command of the Division—Late Camp Gossip.

Special to the Scranton Tribune. Camp Meigs, Augusta, Ga., Dec. 18.—The citizens of Augusta and the soldiers are all anxiously awaiting the arrival of the reviewing stand tomorrow. He will review the troops in Augusta in the forenoon. They will leave here in light marching order at 10 o'clock, and will pass before the president's reviewing stand shortly before noon. They will then return to camp by the nearest road, the president and party coming in a special car over the branch road to Wholes, after which they will proceed directly to camp, which he will inspect, once more reviewing the troops on these grounds. He will be accompanied throughout all the forms of militia exercises by a squadron of cavalry, the six companies of the Third, which are now stationed here.

Major General S. S. Sumner has reported for duty and has taken command of the division. Major General Young is now the permanent corps commander. Captain Samuel S. Derman of Company A, returned to camp last night after an absence of nearly three weeks on account of sickness. Sergeant Lee A. Taylor of Company G, is dangerously ill of typhoid fever in the division hospital. It is very unlike Christmas week here. This was a summer's day in camp and most of the boys were around without their coats. This evening fires are burning in front of the stoves.

Company Frank Mallot and John Galtner and Privates Scville, Quinn, Boggs, Burkhauser and Regimental Orderly Zeidler, of B, are the tenants of what is known as the "Hotel de Smoker." All are vigorous smokers of strong tobacco. Richard J. Bourke.

YOUNG MEN'S CLUB.

Bishop Talbot Attended the Formal Opening in Green Ridge.

The gymnasium and reading room of the Young Men's Club of the Church of the Good Shepherd (Protestant Episcopal) was opened Saturday evening. About 200 persons were present. Excepting the failure of the apparatus to arrive in time to be in place, there was no disappointing feature in connection with the affair.

Following are the names of the officers of the club: President, W. Perry; vice-president, Sidney Bone; secretary, F. W. Goodall; treasurer, Fred Metcalf; management committee, president, secretary and voter and W. Watson, G. Cook, John Hay and Emanuel Day.

Bishop Talbot and Rev. Rogers Jernel were present and addressed the gathering. The room was handsomely decorated with palms, ferns and potted plants. Music was furnished by the Ringgold orchestra. An address was delivered by the rector of the church, Rev. F. S. Ballentine. There were selections by William Gifford, the blind musician, and recitations. A delightful

EVERY-DAY THINGS THAT FLAVOR OF CHRISTMAS.

Chances in Small Furs

Nothing need be said as to the qualities. The fact that they're here is a guarantee of their excellence. By a rare bit of merchandising, these are here at under values and await your approval at corresponding reductions in prices. Only the good and fashionable furs in the latest fashionings of Collars, Collarettes, Half Capes, Boas and Muffs. A desirable display of Children's Furs.

Some Recent Golf Capes

Where can one find a more desirable article of apparel—suitable alike to the long or short figure and drawing admiration by reason of its very picturesqueness. A recent lot discloses some happy combinations of color plaids in Scotch Shawls converted into these slightly and easy fitting garments. Some are plain and others "shawl fringe" trimmed. Prices so low now, that they invite a selection.

The Handkerchief Sales

The importers say it's wonderful the amount of handkerchiefs we have sold during the past ten days. This is an ALL LINEN Handkerchiefs Store—not a cotton one to be had, and we sell "All Linen" at the prices others sell cotton, hence our immense sales:

For 12 1/2 pure linen hemstitched all sized handkerchiefs. For 10c all linen quality, hemstitched or embroidered. For 25c extra quality linen with dainty embroidered initial. For 25c fine linen handkerchiefs with lace edged nap-ties. For 31c 6-fold embroidered and hemstitched quality—and so on, up to the choice Dutch Lace Handkerchiefs at \$3.40, \$4.10 and upwards—a very acceptable gift to a young lady.

NO FAITH CURE

ABOUT STUART'S DYSPESIA TABLETS

They Cure Stomach Troubles and Indigestion Anyway. Whether You Have Faith in Them or Not.

More faith will not digest your food for you, will not give you an appetite, will not increase your flesh and strengthen your nerves and heart, but Stuart's Dyspepsia Tablets will do these things, because they are composed of the elements of digestion, they contain the juices, acids and pepsines necessary to the digestion and assimilation of all wholesome food.

Stuart's Dyspepsia Tablets will digest food if placed in a jar of bottles in water heated to its degree, and they will do it much more effectively when taken into the stomach after meals, whether you have faith that they will or not.

They invigorate the stomach, make pure blood and strong nerves, in the only way that nature can do it, and that is, from plenty of wholesome food well digested. It is not what we eat, but what we digest that does us good.

Stuart's Dyspepsia Tablets are sold by nearly all druggists at 50 cents for full sized packages, or by mail from the F. A. Stuart Co., Marshall, Mich.

Lunch was served. About \$700 was required to equip the rooms and nearly all of this amount has been paid in. The club has forty-two members and a number of applications to be considered at the January meeting.

STATE OF THE COAL TRADE.

What One of the Trade Journals Has to Say About It.

The current number of the Engineering and Mining Journal has this to say about the anthracite coal trade:

Continued cold weather with very low temperatures during the past week, has stimulated consumption and thereby caused a more cheerful feeling among hard coal producers and dealers. Still, it is worthy of note that the increased demand is not as great as it would have been had the large producers not jammed so much coal on the market at cut prices during the fall.

The November production was very nearly 1,500,000 tons, not as large a figure as some anticipated. This month's production is likely to be not less, probably under 4,000,000 tons. The stocks on hand at seaboard points on December 1 are reported 250,000 tons less than on the same date last year. The present outlook is for a much heavier consumption this month than in December, 1897, and some of the more sanguine sales agents are prophesying that tide-water stocks will be lower on January 1 than on the same day in a number of years.

In the west tide-water is in good shape. In the east, though higher prices are spoken of, the only size that is in short supply is chestnut.

MINE MUST BE FLOODED.

The fire in the No. 6 mine of the Pennsylvania Coal company which began last Tuesday has defied all efforts to subdue it up to date and it has been decided to flood the mine to prevent the fire from spreading to adjoining mines.

Yesterday workmen were engaged in putting brick walls in place to shut the water out of connecting mines and others were laying the foundations for pumps alongside the Susquehanna river, from which water will be pumped into the mine.

The shutting down of the mine will throw 1,000 men out of employment.

Baby Badly Afflicted with Eczema. Medical Treatment Useless. Cured by Cuticura.

My niece's little baby boy had Eczema all over his face, so that he needed constant watching, and he scratched the sores constantly. Morning, his face, hands and clothes would be stained with blood. She never could take him out, his face was so full of sores. She had medical treatment, and tried everything she heard of. She commenced using the CUTICURA REMEDIES. The sores left his face and he was entirely cured, and now his face is smooth and rosy.
