SCHEME FOR THE RULE OF HAWAII

ILL FOR TERRITORIAL GOV-ERNATENT REPORTED.

Changes Made by the Senate Committee-No Color or Nationality Line to Be Drawn in Citizenship. Hawaii on Aug. 12, 1898, to Be Citizens of United States-Qualification of Territorial Senators.

Washington, Dec. 21.-The senate viding a territorial government for Hawail, and Senator Cullom reported the changes to the senate. The most important of the changes are as follows:

The section defining citizenship was amended by striking out the word Portuguese and was left to read as follows: "That all persons who were citizens of the republic of Hawaii on Aug. 12, 1898, are hereby declared to be citizens of the United States."

The request of one-fifth of the members of the territorial house of representatives is made sufficient to demand the axes and noes, the original requirement being one-third.

The provision in regard to the qualifications of territorial senators is changed so as to require that the senator shall be a male citizen, thirty years of age, that he shall have resided in the Hawalian islands not less than three years and that he "shall be qualifled to vote for senators," the explicit property qualification being stricken Situation with the Telegraphers As-

sacted Prior to Adjournment.

Washington, Dec. 21.-The absence of a quorum of the senate today saved Senator Proctor's resolution providing for the appointment of a committee of senators to investigate the conditions in Cuba and Porto Pico during the approaching long recess of congress from decisit feat.

An effort was made by Mr. Duniel, of to obtain consideration of the resolution but his motion mustered only eight of the thirty-eight votes No business of importance was disposed of at teday's session. Only some routine business, including the passage of a few private pension bills, was transacted.

WHEELER IS SILENT.

Has No Comments to Make on Bailey's Resolution.

Washington, Dec. 21.-Chairman Henderson, of the house judiciary committee, says the inquiry into the right of member to hold two offices ordered by the house today will not be taken up until after the holidays. It is expected that General Wheeler, whose status is involved in the inquiry, will be given every opportunity to present his view of the question.,

General Wheeler stated after the inquiry resolution was agreed to by the louse that he had no comments to make

Adelaide Herrmann's Dances.

Dramtic authors, as is well known, at times take their ideas from novels.

Dramatized they have made the most successful of plays. Adelaide Hermann, who is always up to date, has mann, who is always up to date, has placed to the propers and the propers of the proper taken Rider Haggard's weird heroine "She" for the subject of one of her She calls it Witch," or "The Resurrection of She." First she appears clad as an old hag, copied after Charlotte Cushman's famoue character Meg Merriles, and amids thunder and lightnining, accompanied teered in the Spanish-American war to by realistic dramatic music, she is seen tottering around the stage. Feeble with age, she falls to the ground, struggling to gain sufficient strength to reach the enchanted fire, which is seen smoldering in the distance. She reaches it and rises erect with outstretched hands toward heaven, as if imploring the Almighty for youth. A terriffic crash is heard as she falls in a shapeless mass into the flames. They suddenly burst into a furious blaze and in their midst stands the beautiful danseuse, arrayed in ethereal attire, smiling and contented. Her hopes have been realized and the sought for youth and beauty has returned. This is only one of the four beautiful dances to be presented by Adelaide Hermann at the Lyceum next Monday night.

"Ups and Downs of Life."

Oliver Byron and Kate Byron, supported by an excellent company, will e the attraction at the Academy on 'hristmas matinee, presenting Ups and Downs of Life." Oliver Doud Byron has long been recognized as the foremost actor in the comedy drama line, and has probably more friends among the theater-goers than any other actor who presents that class of attractions. His play, the "Ups and Downs of Life," is written on the best of melo-dramatic and comedy lines. Kate Byron is an actress who has made for herself a line of comedy peculiarly her own. Mr. and Mrs. Byron have a stronger company this season than ever before, and they usually have a strong one.

At the Gaiety.

It is customary for leading actors to have an understudy, but such a thing as a dog having an understudy is something hardly to be thought of, but it is a fact nevertheless, for "Fritz," the singing dog who appears with the Bruns and Nina High Class Vaudevilles, has an understudy in case he should feel indisposed to perform his act, but which has not yet occurred. 'Fritz" gives a correct imitation of the singer in the gallery and knows his cues as well as the rest of the artists with the company and seems to enjoy the applause bestowed upon him by the audience. The company will be at the Gaiety for the remainder of the week, beginning today,

THE MARKETS.

Wall Street Review.

Wall Street Review.

New York, Dec. 21.—The market was strong most of the day, particularly in the late trading. Fractional gains were general in the railways while the advantage in a number of specialities reached considerable proportions. Most stocks unaffected by special developments or foreign quotations were freely offered by the traders but this caused little more than a period of hesitancy and a shading in railway quotations. Federal Steel stocks were bought confidently by the same parties who have recently been large purchasers at the same time they emphatically denied rumors that Federal Steel was about to absorb another large concern. Total sales were \$15.99 shares.
