# Now, the climax== Friday and Saturday

Last days before Christmas. Looking backward over the past few days, the overwhelming crowds that have thronged this store have taught us to prepare for a grand wind-up to a most prosperous holiday season—they have taught us, in the biggest and best preparations we ever made were the demands that have been made on it. This has been and is a Christmas store such as you should not miss even if you must travel a little to get here. Stock, service and elegance all around designate that this store has achieved even a greater level than before.

Cut prices on

Many of the finer pieces in our bric-a-brac department will be holiday goods sacrificed between now and Saturday evening in order to clear out

everything that appertains strictly to the holiday season. The same with dolls and children's toy books. All of these will go at a big reduction of prices. You can save many dollars by looking over these before making your purchases.

Free Sachet powder again today

Very acceptable with a purchase of handkerchiefs. Regular ten-cent packages of Rosiris Sachet, free with

every purchase at our perfumery and handkerchief counter. Several thousand packages laid away for today's giving.

# THE BUSINESS YEAR

Enormous Transactions at the Stock Exchange - Exports Increasing. Iron Story Like a Dream.

New York, Dec. 23,-R. G. Dun & Co.'s weekly review of trade will say in tomorrow's issue:

It is a year beyond parallel and goes to its close with the biggest volume of business ever seen. Enormous transactions at the stock exchange makes some difference and heavy railroad earnings, but when all the transporting and speculative interests are eliminated there is still a much larger business than in any other month of any year. Last year the exports were in volume greater than in any previous month in the history of the country, but this year the three weeks shows an increase of 25 per cent. against 9 per cent. in imports, which would indicate much more than \$70,000,000 excess of exports this month. The payments through clearing houses have been for the week 26.5 per cent, greater than last year and 12.4 per cent. greater than in 1892. Until now no greater volume of business has ever been done in the history of this country than in the closing

month of this year. Shipments of wheat have been 4,285,-704 bushels, flour included, at Atlantic ports, against 3,698,321 last year, although western receipts for three weeks have been 25,088,581 bushels against 10,309,929 last year, a fact which the believers in small crop may well congider. From Pacific ports the shipments have been for the week 1,316,019 bushels against 956,000 last year. Considering the enormous exports from July 1 to date, exceeding last year's, one can only wonder that the outgo this year has been so large and the price has risen during the week a cent and a half. Corn exports also have been 3,824,836 bushels against 4,549.613 last year and for the month thus far 11,012,-138 against 19,867,407 last year. The price has advanced about 2% cents, but the continued foreign demand is aston-

Ishing If the cotton manufacture takes a leading place this year it is not morely because raw cotton is an eighth lower than a year ago, nor because prospects for buyers are thought good. The manufacture has been much panded by increased demand, so that prices of nearly all the goods quoted in our report have advanced more or less, and there is a feeling that with unreasonable accumulation of print cloths out of the way, this is a brighter prospect for all goods. Sales of wool have been large, 27,366,100 pounds against 23,115,206 last year, and 21,580,-200 in the same weeks of 1892, with small as well as large manufacturers buying very freely, which indicates a general improvement in the demand for goods, although not enough as yet

to life prices. The story of iron is like a dream. With \$5,000 tons of Hessemer pig sold at \$9.40 and Chicago sales limited only by the capacity of the works, and eastthere is a demand for finished products | edy oration "The Actor."

for Asiatic Russia, 25,000 tons for Aus-BEYOND PARALLEL and about 10,000 tons domestic at the east, 6,600 tons structural work at Chicago and Pittsburg and 8,000 tons for car builders at Chicago, all the works there being crowded, with heavy buying of sheets and wire rods, and sharp competition at the south in cotton ties, a pending contract for 20,000 tons cast pipe for Yokohama and sales of similar quantities in each class too numerous to mention. Prices of iron and steel products have not materially changed. although the tone is everywhere stronger and for wire nails quotations have been advanced to \$1,30 at Pitts burg. But this country is beating the world in this industry.

Failures for the week have been 258 against 292 in the United States last year, and 31 in Canada against 33 last

### IN THE PLAY HOUSES.

### Herrmann, the Magician.

Leon Hermann, the eminent prestidigateur, will been seen at the Lyceum Monday, afternoon and evening. His fame is widespread throughout the two continents. For years he has mystifled young and old with his wonderful optical and mechanical illusions, and in all that time he has never disappointed in the expectations of the audience. Nothing has been left undone that foresight could suggest to make the present tour a culminating one in the series of successes imagurated and maintained by Hermann the Great. He will be assisted by Adelaide Hermann, who has become famous as the originator of a number of marvelous spectacular dances, which has given her a fame second only to that of Hermann him. second only to that of Hermann him-

## "Ups and Downs of Life."

On Monday matinee at the Academy Oliver Byron, Kate Byron and their company of comedians will be the attraction in the strongest comedy drama ever written, and with which the Bycons have tested the capacities of the heaters of this country, "The Ups and Downs of Life," a comedy drama filled with scenes of dramatic interest and hilarlous fun. The Byrons are too well known to be commented on, as they have for a long time been established favorites, and this play gives them umple opportunity.

## THE MARKETS.

Wall Street Review. New York, Dec. 23.-The market moved in an irregular fashion today, but net changes as a result of the day's operations were fractionally in favor of the advocates of the long account, a very unusual thing on the eve of a Christmas holiday. The activity and breadth of the market were well sustained. The action of the government in calling for the \$8,000,000 of Union Pacific payments now in the depository banks, which is to be paid in 10 per cent, installments, failed to cause a ripple in the money market. The speculation in Federal Steel issues was on a tremendous volume of business and both common and preferred rose very sharply, but in the afternoon on free liquidation and the withdrawal of some of the usual support the stocks broke ading to a moderate reaction in other shares. There was good buying, however, of Federal Steel on the dip and this steadied the general list. Total

sales were \$73,400 shares.
