# January clearance sale

with the most amazing bargain opportunities offered in many a day. We intend to make this sale memorable in the bargain events of this store and have therefore set an example in price cutting that will be hard to imitate. This sale will continue throughout the month of January without change of price. Everything on sale at cut prices will remain so until sold, and in every instance where it is possible new lots will take the place of those that have been closed out, even if we are compelled to substitute higher grades than we offered in the first place.

Read this advertisement carefully, as it means much money-saving to you

**Our January sale of muslin and cambric underwear**

Superior qualities and excellent workmanship have made this store famous for years in all its muslin underwear transactions. From time to time the public has been amazed with special sales here, the principal features of which were the magnitude of the assortments shown, the fineness of the goods and the lowness of the prices, but in no case were our preparations as great as during this sale and never again will there be such a grand opportunity for muslin underwear buyers as now. More than ten thousand pieces of underwear reached this store in one shipment during the last week and the result of this purchase as a money-saving chance will be clearly demonstrated during this sale.

**You save one-third the price**

And in many cases you do not pay more than one-half what the garment is actually worth. Note the prices carefully and remember that this underwear is the best that is made, having come from one of the biggest and most noted manufacturers in the country, whose factories are located only in suburban districts, amid hygienic surroundings. Every garment will bear testimony to this statement.
