#### TYPHOID FEVER IN THE KLONDIKE

THE HOSPITALS IN DAWSON CITY ALWAYS FULL.

Scurvy Also Prevalent-Result of Overwork and Exposure-Prices of Provisions Being Advanced - Food Becoming So Dear That a Poor Man Will Not Be Able to Work His Claim Unless It Is Very Rich. Merchants Content with 200 to 300 Per Cent. Profit Could Relieve the Situation-Rush to Stewart River Expected Soon.

Washington, Jan. 25 .- J. C. McCook, United States consul at Dawson City, reports that there has been a continuance of typhoid fever at that place in the last few months, the hospitals, accommodating about 200 patients, being always full and many sick persons having to remain in their cabins. Some scurvy cases are being received in the

hospitals. Scurvy in this section as a rule, is not brought on by the salted food eaten. It appears to come from the system being run down by typhold. Very few perhim over the trail the very best canned vegetables, fresh meats, etc., has brought on scurvy simply from overwork and exposure.

The stampede for claims has been ended in the Dawson section, as the country is all staked. The only question now is relocation. A rush over the ice to the Stewart

Hiver district, some seventy-five miles from Dawson, is expected soon,

SOME GOOD LANDS.

Some good lands have been found on Thistle creek and other smaller creeks series of productions, many of which in that district. The owner of Discovery claim, on Thistic creek, has refused \$75,600 for it. All of Thirtle creek. thirty-five miles in length, was staked in two weeks. The other creeks then came in for attention. In all new staking-that is, on territory not preof ten claims is held for the crown, so only, that only 50 per cent, is really open for staking by miners. That law went into effect last fall.

The prices of provisions in this sec tion are being advanced. The cost of living for a miner who has to buy his if it falls to cure. 25c. The genuine food supplies averages 36 per day, has L. B. Q. on each tablet. There is no reason for the prices asked There are more food supplies there than can possibly be used, and the supply companies are making immense fortunes. If some firm would send in a few thousand tons of supplies and be satisfied with 200 or 300 per cent. profit, it would prove a blessing to the thousands of miners there.

Unless the cost of living becomes more reasonable, the poor man who owns a claim cannot afford to work it, unless it should prove to be very rich.

#### CLUE IN ADAMS CASE.

A Letter from Cincinnati Turned Over to the Police.

Cincinnati, O., Jan. 25.-What may be an important clew in the murder case of Mrs. Kate J. Adams, of New York, has been found in the fact that before the murder of Mrs. Adams, Von Mohl & Co., of Cincinnati, dealers in nedicines, received a letter from H Cornish, 1620 Broadway, New York. asking for a rample of medicine advertised in a New York newspaper.

The letter was written on stationery from the Knickerbocker Athletic club. Mr. Brewster, of Von Mohl & Co., after reading of the murder and the connection with the case of Cornish, turned the letter over to the police. It is now in New York where the handwriting can be compared with that of Cornish.

# THE MARKETS.

Wall Street Review.

New York, Jan. 25.—There were gains of 1 to 11½ points in stocks today on transactions in excess of a million shares, which were widely distributed, many usu-ally neglected shares figuring in the total. The market here opened hesitatingly in ally neglected shares figuring in the total. The market here opened hestiatingly in sympathy with the irregularity in London which was a seller of some 25,000 shares in the first hour. The effect of this selling was but slight, owing to the support given by leading interests. The professional element refleved the pressure which it had been exerting on the market reset tuesed burers. The commission busand turned buyers. The commission bus iness was in fair volume and was dis posed to follow advances wherever they occurred. Continued talk of the prospects of rehabilitation in the antinacity coal trade brought a rise of from 1 to 2½ in the coalers. The Grangers likewise were up from 1 to 2½ except in the case of northwest where the advance was larger, on investment and speculative absorption because of increase in carnings. The closing was firm, well up to the top figures. Total sales were 1.121,700 shares. Quotations furnished by LABAR & FULLER, stock, grain and cotton brokers, rooms 209 and 216.
