FELL DEAD.

John Ammerman Succumbs to Heart Failure in the D. & H. Yard.

This city was shocked yesterday morning shortly after 10 o'clock by news of the death of Delaware and Hudson Engineer John Y. Ammerman, No. 46 Canaan street. Last week Mr. Ammerman ran the locomotive on the Honesdale branch between the Maple City and Waymart. He came some to spend Sunday and in the morning went to the railroad yard to get some information pertaining to his work. He felt as well as usual when he left home. At a point near the round-house he stepped up on a flatbottomed car, and, after walking a short distance, stepped off and sank to the ground with the remark: "I guess I'm done for." Friends who were near carried him into one of the offices, but he drew only a few breaths after the fall. His death is attributed to heart weakness, with which he had been troubled some for a couple of years.

The remains were at once conveyed to the home, where Mrs. Ammerman was in ill condition to receive the sad Brief services were held in Sacred Heart church by Rev. M. E. Lynott, and interment was made in Calvary intelligence, having been confined to her bed for a week.

Decensed was fifty-seven years old, and a much respected citizen. He belonged to the Methodist Episcopal church and was a member of the Masons, Brotherhood of Locomotive Engineers and Grand Army of the Republic. He is survived by a wife and one son, Frederick E. Ammerman, a machinist.

The funeral arrangements have not been made. Interment will occur in the family plot in Dyberry cemetery, Honesdale, where Mr. Ammerman buried a charming daughter a few years ago.

Several shots and dark forms hustling over board fences in the vicinity of Mr. Kennedy's residence, on Hickory street, caused no little excitement about 9 o'clock Saturday night. It seems that chicken thieves were operating, when they were discovered and a hombardment by neighbors was opened up at once. It is not known if any of the shots took effect. The people of Peckville have sustained so many losses of chickens of late that they do not intend to show any mercy to any thief caught in the get of appropriating

How to Prevent Pneumonia.

You are perhaps aware that pneumenia always results from cold or from an attack of la grippe. During Scranton Board of Trade Exchange the epidemic of la grippe a few years ago when so many cases resulted in pneumonia, it was observed that the attack was never followed by that disease when Chamberlain's Cough Remedy was used. It counteracts any tendency of a cold or la grippe to resuit in that dangerous disease. It is th best remedy in the world for bad colds and la grippe. Every bottle warranted. a veritable sea of white garments

Every woman will be charmed by the sight. Enormous quantities of every itemproducing a brilliant, dazzling array at prices that will stand the strain of comparison with any store in the universe. The biggest event of its kind ever known to Scranton.

Think of it—nearly 22,000 pieces of Underwear

Produced by two of the biggest factories in the United States-made at a time when business with them was dull-and bought at a price less than the bare cost of the trimmings. The bargain chance of a life-time-with NO exception.
