**NOT THE SAME JOHN CAREY.**  
Telegram Received by Chief of Police Gurrell from Youngstown, O.  
Chief of Police Gurrell received a telegram last night from Chief of Police McCartney, of Youngstown, Ohio, stating that the John Carey who was killed there Saturday was a man thirty-eight years of age, five feet, ten inches in height, and wore a sandy mustache.

Mrs. John Carey, of North Scranton, whose husband went west three years ago and little being heard of him since, when at police headquarters Monday, stated that her husband had on his left forearm marked in Indian ink the letters "J. W. C." The telegram received last night stated that the dead Carey did not have any marks of any nature on his body, also that the little finger of the left hand was not missing.

It is evident that the husband of the North End woman is not the dead man.  
Go to Lane's for your meals. 329 Spruce street.

**NEW NOMINATIONS FOR THE POOR BOARD**

**FILED JUST BEFORE MIDNIGHT BY ATTORNEY J. J. MURPHY.**

In Four of the Seven Districts the Democrats, in the Guise of "Citizens," Put Up Poor Director Candidates, Three of the Nominees Being Candidates for Re-Election, as It Were, and the Fourth being a Candidate to Fill a Vacancy—Supposed to Be a Measure of Precaution.

At 11:20 o'clock last night—forty minutes before the last moment allowed for filing nomination papers for city officers—Attorney John J. Murphy, accompanied by another well known Democrat, as a witness, handed to the court house janitor four "citizens" nominations for the office of poor director.

The janitor placed the papers in the county commissioners' private office pursuant to general instructions given him when the commissioners closed their office for the day.

The nominees are: Martin F. Handberg, for the Seventh, Eighth and Sixteenth wards, formerly the North ward of Scranton; John J. Murphy, for the Eleventh, Twelfth, Nineteenth and Twentieth wards, formerly the South ward of Scranton; Daniel J. Campbell, for the Ninth, Tenth and Seventeenth wards, formerly the middle ward of Scranton; and Fred W. Berge, for the Third and Twenty-first wards, formerly the township of Providence.

Just what this move means was not officially given out, but it is understood that it is simply a precautionary measure.

The law under which the men are claiming a place on the poor board directs that in certain wards elections shall be held on certain years, as in councilman elections, where a member is elected in odd numbered wards in one year and even numbered the next year. The fact that only four nominations are made where there are seven offices to be filled, tends to substantiate this view.

Three of these four nominees, it will be remembered, were elected, unopposed, last spring. Mr. Berge was a candidate on their ticket, but was defeated by J. J. McNamara, who quietly secured enough votes to defeat the unwary Berge. He, however, has since moved away, and Mr. Berge appears as a candidate to fill the vacancy.

Frank J. McDonald, who was chosen from the Dunmore borough end of the district, has also moved out of the district. Six days, however, remain in which to make nominations from boroughs and it is quite possible a candidate for the vacancy will be named in the interim.

**DYNAMITE IN WOOD.**

**Heavy Cartridge of the Terrible Explosive Placed in a Wood Pile at the Residence of Charles Hillerman.**

Some person as yet unknown put a cartridge of dynamite in the center of a block of wood and placed the latter in a pile of kindling wood in the yard surrounding the residence of Charles Hillerman, at 141 Birch street. Mrs. Hillerman went to the wood pile early yesterday morning, and seeing a block that was apparently too large to fit in the kitchen stove, she was about to split it with a small ax when something about the appearance of the block attracted her attention and she did not strike.

If the blow was delivered Mrs. Hillerman would not, in all probability, be alive to tell the story.

She examined the block carefully and found that it was originally one piece, but had been split and afterwards nailed together. Her curiosity now fully aroused, Mrs. Hillerman forced the section of the block apart and found a quantity of dynamite carefully wrapped in oil paper. A hole had been made in the center of the block to admit of the dynamite being placed in it.

Mrs. Hillerman brought the infernal machine to Chief Gurrell and explained to him her suspicions concerning the identity of the person who sent it. It is the third such machine that has been found in that part of the city within the last few weeks.

Mrs. Hehrings, of Beech street, recently threw a piece of wood into her kitchen stove and an explosion followed which wrecked the stove and did considerable damage to the kitchen.

Mrs. Greenwald, of the same neighborhood, also found a quantity of dynamite in the yard at her home a short time ago.

**HAD AN ENJOYABLE EVENING**

**Historical Society Entertained With Cards and Dancing.**  
The members of the Catholic Historical society and Newman Magazine

club had a rare evening's enjoyment at cards and dancing at their quarters in the Guernsey building last night. A score of tables were occupied at the progressive euchre. The prize, a handsome set of opera glasses, was won by Mrs. M. J. Conliffe. Dancing was indulged in for two hours following the euchre game, to music by Miss Nellie Gordon.

**PROVIDENCE PAVEMENT.**

**Petition for Vitri-fied Brick Material Has Been Filed.**  
Property owners having a frontage of 145 feet of land along the proposed pavement north from Court street on Providence road and North Main avenue to the city line yesterday filed with the city clerk their petition for a pavement of vitri-fied brick on a concrete base.

The petition represents the wishes of the required majority of property owners. The ordinance is now on its passage in council.

**PRESIDENT BARROW HERE**

**Consulted with Local Base Ball Men About Atlantic League Matters—Officers Elected Last Night.**

E. G. Barrow, of Philadelphia, president, secretary and treasurer of the Atlantic league of base ball clubs, was in the city last night and had a conference with the men who comprise the local association. They are Wade M. Pinn, Edmund J. Robinson, Harvey E. Long, P. W. Costello, James Fleming and Martin Swift. The following officers were chosen: Wade M. Pinn, president; Harvey E. Long, secretary and treasurer; Martin Swift, manager.

"President Barrow explained to the members of the association that he was in Wilkes-Barre yesterday, where negotiations closed for the admission of a team from that city into the Atlantic league. The meeting was held in the office of George Tegmaler, who is president of the Wilkes-Barre association. The men interested in base ball in that city are practically the same ones who owned the Eastern league club there. When they left that league they were allowed to retain their Eastern league players and will go into the Atlantic league with a club of seasoned material.

The other clubs that will comprise the circuit are Newark, Paterson, Lancaster, Allentown, Reading and Richmond, Va. It is a compact circuit, and the traveling expenses will be about one-third what they are in the Eastern league. Each club has to give a guarantee of \$500 that it will finish the season. A further means of insuring the stability of the league is the creation of a sinking fund, in which fifteen per cent. of the receipts of each club will be deposited. That fund will be used in the event of a city not being able to support its club. The league will take charge of the players until the franchise can be placed in a suitable city.

The salary limit in the Atlantic league is \$1,750 per month. The season will open about May 1 and continue for four and one-half months. Each club will play sixty-five games at home and as many abroad.

The local association has fortunately been able to secure the old grounds on Providence road. Scranton takes the place in the league made vacant by the dropping out of Norfolk, Va., and will get the players that club had under contract last season.

Among the players Manager Swift has already secured are Hodson, Keenan, Allen, Risley and Staley, pitchers; O'Neill, catcher; Morris Steelman and William Hargrove, outfielders; Jack Wong, second base; and Shortstop Klapp. A number of other good men are being negotiated for.

President Barrow expressed himself last night as much pleased with the circuit. He is confident the coming season will be very successful.

**DID NOT MATERIALIZE.**

**Expected Nomination Papers Were Not Filed.**  
Yesterday was the last day for filing nomination papers from cities. The papers taken out by Mr. Von Bergen, who was mentioned as an independent candidate for treasurer, did not put in an appearance.

The only nominations of note filed yesterday were from the Third ward, where John J. Nolan, for common council; M. H. Burns, for Alderman; Patrick Cavanaugh, for constable, and James H. Nolan, for assessor, will run "independent," and Patrick W. Lynch, for common council; Thomas F. Bally, for alderman, and P. J. Cavanaugh, for constable, are the nominees of the "citizens."

**PAPER ON APPENDICITIS.**

**Read by Dr. R. H. Gibbons Before Medical Society.**  
The County Medical society met last night in the city hall and listened to a very interesting paper read by Dr. R. H. Gibbons. His topic was "Appendicitis." The paper was discussed by Dr. D. A. Capwell and Dr. W. M. Reedy.

**PORTER'S CUBAN MISSION.**

**Will Collect All the Data Possible Regarding Cuban Troops.**  
Washington, Jan. 31.—It is learned at the war department that Mr. Robert P. Porter's mission to Cuba is entirely of a financial and statistical character and that he is not empowered to make any payment of the Cuban troops.

It is admitted that Mr. Porter is within the line of his duty while in Cuba collecting this information to gather all the data he can respecting the strength and condition of the Cuban troops.

**Six Workmen Injured.**  
Worcester, Mass., Jan. 31.—Six workmen employed in the highway department were injured today by the explosion of a stick of giant powder. The burst of John O'Brien, Michael Prendergast and Robert McGeehan are serious.

**What the Result May Be.**  
Any cough neglected may sap the strength and undermine the health until recovery is impossible. Coughs and cold leads to lung trouble if not stopped in time. Take Dr. Alexander's Lung Healer. It stops that cough, cures that cold, strengthens the lungs and prevents consumption. Ask for it and take no other. All dealers sell it at 25 cents a bottle.

**CARBONDALE CASE ABRUPTLY ENDED**

**McMullen Vindicates Prosecutrix and Pleads Guilty.**

**It Was Not Miss Tappan's Portrait, He Avers, and It Was Never Meant as Such—Judge Archbald Lets Him Off with a Fine of \$25 and Costs—Mooney and Hope Go to the Penitentiary—Wife Beater Is Found Guilty—Murphy Needed the Shoes.**

Carbondale's lascivious picture case fell through yesterday afternoon and the morbid throng which packed the main court room to the doors dissolved in disappointment. McMullen gave Miss Tappan the vindication she sought by publicly declaring that the photograph did not represent her and then pleaded guilty of displaying an obscene picture and was fined \$25 and costs.

McMullen, when brought in by Deputy Sheriff Ryan, did not appear to be the invalid the court was asked to believe he was when a plea for continuance of the case was made the day before, and the general impression prevailed that Judge Archbald did not make a bad guess in taking it for granted that no great harm would come of taking McMullen out of his sick bed and bringing him into court.

After Miss Tappan had caused a general "rubbering" by responding to her name and taking a seat at the prosecutrix's table, Mr. Scragg, attorney for McMullen again moved to continue the case on the ground that he had not been able to prepare a defense, owing to the illness of his client and the fact that the bill of indictment contained no many counts that a satisfactory defense could be prepared without a bill of particulars, for which he proposed to ask. District Attorney Jones removed the cause of the latter complaint by electing to proceed on the last two counts of the indictment, which charged, in substance, having possession of and exhibiting obscene pictures. Judge Archbald thereupon directed the trial to proceed.

**SAW HIM EXHIBIT IT.**  
Several witnesses told of having seen the picture in McMullen's possession, and one of them, William McDonough, swore that McMullen exhibited it to him as a picture of "Lizzie May," meaning Miss Tappan, as he took it.

The noon recess came at this juncture and when the case was resumed at 2 o'clock p. m. Mr. Scragg announced that his client would plead guilty.

"Miss Tappan simply wants a vindication," Mr. Scragg went on to say, "and my client is willing to give it. I think she is much prettier than the picture. McMullen says that the photographer who gave him the picture told him it was taken in New York state three or four years ago."

To this Judge Archbald said: "If there was any evidence that the defendant exhibited it for the purpose of throwing any slight on the prosecutrix, I would be inclined to visit him with a serious sentence, but as it was simply shown around as an obscene picture without any suggestion or effort to do that kind of thing, I will not imprison him." He then imposed a fine of \$25 and costs. McMullen paid the fine and forthwith pleaded insolvency and put the costs on the county.

Judge Gunster discussed the case of assault and battery against Fred Nicholson, a fourteen-year-old Jersey boy, charged with beating Mrs. Mary Jay's twelve-year-old boy. It was a case for the parents to attend to and not for the criminal court, the judge decided.

The case of Max Rosenbluth, of Old Forge, charged with hitting L. Friedman in the face with a beer glass, is on before Judge Gunster.

Judge Archbald is trying the case of Jacob Chararato, of Glyphant, charged with criminal assault on Mrs. A. Chararato's fourteen-year-old daughter.

**MOONEY'S RECORD.**

Mooney served six months in the county jail for burglarizing A. B. Cohen's house in 1892; two years and six months in the Eastern penitentiary for robbing P. H. Daly's store and one year and six months in the penitentiary for breaking into A. B. Frear's store. Hope was tried, but acquitted of burglary at an 1898 session.

William O'Brien, who was captured coming out of J. C. Kettner's shoe store in the Commonwealth building, after having broken in and helped himself to a pair of shoes, plead guilty and was sentenced by Judge Archbald to six months in the county jail. The fact that O'Brien took only one pair of shoes and his statement that he only committed the deed because his feet were on the ground" moved the court to doubt if he was a bold bad burglar and resulted in his getting a light sentence.

Thomas Sayres, the soldier boy, charged with stealing a gold watch from the residence of John H. Jones, on Harrison avenue, was found guilty of receiving stolen goods. The jury recommended that the maximum penalty be imposed, but when they learned that this was three years in the penitentiary and \$500 fine, they did not insist on the court adopting their recommendation. Judge Archbald was at first inclined to give him a year and

**SUDDENLY STRICKEN**

**When Timely Aid at the Right Time Might Have Saved the Life.**

Scarcely a day passes that one does not hear of men and women, known as pictures of health and strength, stricken down by that dreaded disease pneumonia. There are various causes of pneumonia, but whatever form it may come, it is terrible. If you have a tickling in the throat, a tightness in the chest, a pain in the head, a chilly feeling, or pains throughout the body, act promptly, act wisely—bring about an immediate reaction. Take at once a pure medicinal stimulant which will tend to equalize the circulation, check congestion and restore health.

There is but one that can be recommended. That is Duffy's Pure Malt Whiskey. This is the only medicinal whiskey upon which the Government and the power is proven by its popularity. It has saved the lives of more men and women who were candidates for pneumonia, than any discover of modern science. Don't confound it with ordinary whiskey, which has no medicinal value.

Six months in the penitentiary, but, on second consideration, sent him to the Huntington reformatory.

James Murphy plead guilty to two charges of larceny and was sentenced by Judge Gunster to five months in the county jail. He stole wearing apparel from the Windsor and the Conway House.

**WITHOUT LEAVING BOX.**  
Without leaving the box, the jury in the case of Samuel Smith, colored, charged with robbing Richard Shovelin of a watch and \$1 in money, agreed upon a verdict of acquittal. Shovelin was lying down drunk on Spruce street, near Raymond court, one night in December last, with a man named John McKinney tugging at him to get him along, and at McKinney's request, lent a hand in getting Shovelin to his feet.

During the righting process Shovelin was robbed of his watch and money. He discovered it before Smith had gotten out of sight, and when he complained, McKinney, who was still with him, raised the cry of stop thief. Smith stopped, offered to submit to a searching and then went on about his business. That night he was arrested and held to bail for the theft, remaining in jail ever since.

At the trial yesterday Shovelin insisted that he was knocked down and robbed by a colored man, McKinney said Smith did not strike Shovelin, but alleged that he stole the watch. Smith admitted he helped Shovelin to his feet, but denied robbing him. The jury stopped, offered to submit to a searching and then went on about his business. That night he was arrested and held to bail for the theft, remaining in jail ever since.

Alex Dunn declined to prosecute Harry Caskey for failing to deliver some advertising notices entrusted to him to distribute and Caskey was liberated.

William Gibney was found guilty of wife-beating and sentenced to thirty days in the county jail.

Alderman Emmet Lowery, of Carbondale, was declared not guilty of assaulting Albert L. Wright and the jury made him pay half the costs.

John Murphy was returned guilty of assault and battery upon James Doud.

**FOUND GUILTY.**

Frank Kavalofski, Peter Barasak, Carl Schneider and Ignatz Belonka were found guilty of assault and battery upon Joseph Chouck. They beat him so badly during a saloon fight at Austin Heights on Oct. 1 that he was in the hospital for four weeks.

Judge Gunster discussed the case of assault and battery against Fred Nicholson, a fourteen-year-old Jersey boy, charged with beating Mrs. Mary Jay's twelve-year-old boy. It was a case for the parents to attend to and not for the criminal court, the judge decided.

**FOUND GOLD BY THE CHUNK**

**A Remarkable Strike at the Isabella Mine, Cripple Creek, Colorado.**  
Denver, Colo., Jan. 31.—A special to the News from Cripple Creek, Colo., says of the recent strike in Isabella ground:

"Your correspondent saw chunks of sylvanite that were three inches thick and solid metal, and chunks of the oxidized ore of the same width that he whittled with his pocket knife. No assays have been made on the rock; it is not necessary; but the chunks of the free gold ore, if it can be called at all, run over \$500,000 per ton. The Mollie Gibson never produced any one that carried more ounces in silver per ton than this Isabella ore does in gold. With every hour's work the streak is lengthening and widening. Joining this metallic body, there is six feet of quartz that will run from \$1,000 to \$2,000 per ton."

Manager Kilburn said to your correspondent: "I do not like to say anything that will excite the people any more than they are at present. The metallic ore body has doubled in size both ways since yesterday morning. Some of the pieces of ore are 60 per cent. gold. I never saw such mineral, and do not believe that its like was ever mined in this or any other camp in the world. We have had no assays
