SNEAK THIEVES AT WORK.
**Residents on Lower Linden Street
Report Losses.**

Judging from the complaints being
made by the residents on lower Linden
street, or, more, being made the
victims of two clever sneak-thieves.
Yesterday one person, who refused to
give his name, but is the proprietor of
a boarding house on Linden street, went
before a central city alderman and
swore out a warrant for the arrest of
two unknown men, charging them with
having stolen a purse containing a
large sum of money from his residence.
He felt sure that he would recognize the
felons again if he saw them, and was
willing to look around for them.

He further stated that the two men
whom he accused of taking his money
had visited several of his neighbors,
but he did not know with what suc-
cess. The fellows came to his resi-
dence and asked for lodging. They
were shown a room and seemed satis-
fied. They left stating that they would
surely return. A few minutes
later the purse was missed.

The two were described as being
young and of medium size and weight,
with dark hair, and neatly attired in
dark clothes. One, who gave the name
of J. Harris, was smooth shaven, and
had blue eyes. The other wore a sandy
moustache and his eyes were grayish.
Wherever they visited they had a suit-
able story ready to secure an oppor-
tunity to carry out their fell designs.

LACKAWANNA COLONIES.
**Cost of Maintaining Our Law Break-
ers in the Eastern Penitentiary
and Industrial Reform-
atory at Huntington.**

The county commissioners yesterday
received from the Eastern penitentiary
the bill for keeping prisoners from this
county, who are doing time in that
institution. Altogether, Lackawanna
prisoners spent 21,561 days in the peni-
tentiary during the year. The rate is
twenty cents a day, making the total
bill of the year \$4,312.20. There is a
credit of \$525.75 for labor done by pris-
oners, which reduces the bill to \$3,786.
65. Clothing to the value of \$86.85 was
furnished to discharged convicts, which
makes the bill Lackawanna must pay
\$3,759.80.

Among the Lackawanna prisoners
who earned nothing during the year
were Peter Hurnbach, Augustino Noll,
Pasquella Paretto, Thomas P. Griffin,
Joseph Roschino, Frank Dominoski
and Frank Schummon. Amounts earned
by some of the men convicted of
grave offenses are as follows: John
V. Rostovsky, \$16.20; Joseph Wisnisky,
\$16.43; Frank Burchino, \$5; W. J. Van
Dyke, \$2.65; Joseph Rusa, \$1; Mar-
tin Conway, \$5.40; John Gouse, \$46.20;
Max Koshier, \$43.15; Abraham Green,
\$39.50.

The bill for maintaining the Lacka-
wanna colony at the Pennsylvania In-
dustrial reformatory at Huntington
was also received. It is as follows:
August Schultz, 365 days; John Green,
335 days; George Traub, 46 days; Wil-
liam Simpson, 365 days; Amel Miller, 520
days; Harry O'Neil, 265 days; John A.
Woolker, 365 days; Walter Major, 245
days; David McManus, 179 days; John
Peter Lanz, 67 days; Thomas McDon-
ough, 67 days. Total, 2,667 days at 25
cents, \$666.75.

**Contractor V. O'Hara Impaled on an
Iron Fence.**

Contractor Vincent O'Hara met with
a painful accident early yesterday
morning while walking along Lacka-
wanna avenue. Just in front of F. J.
Mangan's hotel, at 392 Lackawanna
avenue, he slipped and falling struck
his chin against one of the pickets of a
small iron fence rail used to guard the
hotel approach. A lacerated gash was
inflicted in the fleshy part of the neck
beneath the chin.

A friend assisted Mr. O'Hara to his
feet and he slipped and falling struck
his chin against one of the pickets of a
small iron fence rail used to guard the
hotel approach. A lacerated gash was
inflicted in the fleshy part of the neck
beneath the chin.

LEFT ARM CRUSHED.

**Edward Maloney Injured by Cars in
Johnson's Mine.**

Edward Maloney, employed as a driver
boy in Johnson's mine, met with a
serious injury yesterday about 2:30
o'clock while at work. He was driving
a loaded trip of cars down a run,
when the "stretcher" got caught, threw
the first car off the track and pitched
young Maloney headlong and directly
beneath it. His left arm was crushed
between the two and shoulder and he
was bruised and cut about the body
and face.

The injured lad was taken from be-
neath the car and removed to the
Lackawanna hospital, where it was
found necessary to amputate the arm
at the elbow. While his sufferings
without murmur and rallied well from
both shocks. Maloney is 16 years of
age and a son of Mr. and Mrs. M.
Maloney, of River street.

**CHARGE MADE AT MEETING OF
AUDITING COMMITTEE.**

**Only Way the Large Bill for Elec-
tric Lighting of Fire Department
Houses Could Be Explained Last
Night—A Committee Was Ap-
pointed to Make an Investigation.
Bills of Viewers on Section D of
Fifth Sewer District Not Looked
Upon with Favor.**

Another investigation of the bills for
lighting the fire engine houses is on.
At the bi-weekly meeting of the
joint auditing committee of councils
last night, bills for the lighting of a
number of the department houses for
the quarter ending Jan. 31, 1899, were
presented against by Chief Hickey, and,
after some discussion, referred for in-
vestigation to a special committee, con-
sisting of Messrs. Thomas, Jackson and
Sheridan.

The objectionable bills showed that
either the firemen are using a remark-
able amount of light or that the elec-
tric light company's meters are work-
ing over time. Here are the bills for
three months:

	Nov.	Dec.	Jan.
Crystal	29.67	29.67	29.67
Star	29.67	29.69	22.88
Hook and Ladder	11.59	11.28	8.13
Phoenix	4.13	5.75	4.59
Relief	5.44	7.25	

Originally the city buildings, includ-
ing engine houses, were lighted free.
Councils allowed a second company to
extend its lines through the city and
the first company thereupon refused to
furnish nuptial lights free any
longer. One of the companies was
contracted with to supply lights at 50
cents per lamp. The bills were too
high, it was thought, and the contract
was given to another company. Now
this other company's bills are higher
still and the auditing committee wants
to know the cause.

Chief Hickey positively avers that
the fire companies do not use the
amount of light charged for. What
the electric light company has to say
on the matter will be developed by the
investigation.

The chief further said that the only
way he could explain the change in the
contract was that some of the coun-
cilmen were "interested."

A former, similar investigation
brought from the electric light com-
pany, then furnishing the light, the al-
legation that at some of the engine
houses where big lightning bills occur-
red, the firemen were wont to stay up
late at night playing poker. The as-
sertion, however, was not proven
beyond reasonable doubt.

The present rate for municipal lights
is 25 cents a night for arc lamps and
five-cents of a cent an hour for in-
candescents.

The bill of John J. Fahy, C. E.
House, D. J. Davis and his substitute,
George W. Jenkins, for making the
view of Section D of the Fifth sewer
district in Providence was passed, with
the usual amount which accompanied
the passage of viewers' bills.

They averaged 125 days work at \$5 a
day and the total bill amounted to
\$1,950.50. Councilman Ross said "It's a
shame. The work could have been
done in fifteen days." Court had ap-
proved the bills however and there was
no alternative but to settle.

THE CONTEST RESUMED.

**Testimony in Rebuttal the First
Offering of the Respondent.
Wednesday the Examiners
Will Sit at Winton.**

The first batch of testimony on the
part of M. J. Kelly, the respondent in
the contest which was begun by W. S.
Langstaff for the office of county treas-
urer, was taken yesterday in the
arbitration room by Examiners W. R.
Lewis and T. J. Dugan. In the morn-
ing Hon. M. E. McDonald, counsel for
Mr. Kelly, went before court and asked
to have the order made Saturday by
the court revoked. The order directs
the respondent to close their testimony
on Aug. 15.

Mr. McDonald thought the order
ought to be recalled until such time
as they have finished examining wit-
nesses in rebuttal. There was a possi-
bility, he said, that it would not take
them long thereafter to close the case.
The judges thought in that event the
order could do no harm and it was al-
lowed to stand.

The witnesses examined yesterday
were: Stephen Cawley, second ward,
Olyphant; William Shea, first ward,
Dickson; John Heffron, first ward,
Olyphant; Stephen Frencho, third
ward, Olyphant; Patrick Kane, first
ward, Olyphant; Martin Walsh, first
ward, Olyphant; Patrick Kane, third
ward, Olyphant; Martin McGowan
and Michael McCormack, Throop.

These men had their votes knocked
out during the examination in chief be-
cause they did not have their natural-
ization papers and tax receipts with
them. All but one of these witnesses
produced the necessary papers yester-
day.

The examiners will hold another
meeting in the arbitration room today
and on Wednesday will sit in bedd-
ing.

**DO METERS WORK
OVER TIME FOR CITY?**

REPUBLICAN CITY COMMITTEE

**Held an Enthusiastic Meeting Last
Night at Headquarters.**

The Republican city committee under
the able direction of City Chairman
W. S. Millar has already systematized
the work of the campaign in an ad-
mirable way and the reports received
show that the work being done is hav-
ing an excellent effect.

A special committee of the organiza-
tion of the Republican city organization
was held in the Central Republican club
rooms last night and it was a large
and very enthusiastic session.

Much routine business was transacted
and eloquent speeches were made by
Chairman Millar, Attorney M. W. Law-
ry, C. E. Chittenden and Thomas H.
Dale. The burden of the addresses
was an appeal to the party workers to
prove to the evening on election day
that there are no disensions in the
Republican ranks that cannot be set-
tled within party lines.

COL. COURSEN'S LETTER

**Will Likely Be Mustered Out in
Georgia, but Regiment Will Re-
turn Practically Intact,
It Is Expected.**

The expected letter from Colonel
Coursen replying to the entertainment
committee's query as to the probabili-
ty of the Thirtieth regiment coming
home intact was received yesterday by
Chairman Frank M. Vandling. In it
Colonel Coursen says that the men will
very likely be mustered out there, but
that fully 95 per cent. of them will
come home in a body. The letter in
full reads as follows:

Headquarters Thirtieth Regiment, Penn-
sylvania, Camp MacKenzie, Ga., Feb. 3, 1899.
P. M. Vandling, Scranton, Pa.

Dear Friend: Your telegram received
and I am glad to hear of it. I will
will soon write you more fully as prom-
ised. From all we learn it is the in-
tention of the government to muster the
regiment out here. The Fifteenth Pen-
sylvania were mustered out here, and left
for home last Monday. The men received
one day's pay and \$36 which is for pri-
vate and some few and some few and some
few more. They all want this and I
cannot place myself in opposition, though
I have been my great desire to bring my
regiment home almost intact, and
near enough for all purposes and the men
will have their extra \$40 or \$50 in their
pockets. We have definite orders from
the other side to balance. The time has
been very short for any discussion of the
matter, but I am inclined to believe I can
bring the regiment home almost intact,
near enough for all purposes and the men
will have their extra \$40 or \$50 in their
pockets. We have definite orders from
the other side to balance. The time has
been very short for any discussion of the

**WORK RESUMED
AT NO. 14 SHAFT**

**DESTRUCTIVE MINE FIRE HAS
LEEN EXTINGUISHED.**

**Plan of Walling Up the Opening
Was Successful, and It Was Not
Necessary to Flood the Mine—It
Was at First Feared Such a Course
Would Have to Be Pursued—Penn-
sylvania Coal Company Will Take
Additional Precautions to Prevent
Mine Fires.**

No. 14 shaft of the Pennsylvania
Coal company at Pittston resumed
work yesterday after a suspension
of two months, owing to
the fire in No. 6 shaft. At the
time the fire was discovered it was
thought that nothing would prevent
the drowning out of both places, as the
one communicates with the other, but
a new and novel idea and an excellent
one was suggested by the officials, that
was in the walling up of several open-
ings and flushing the slope where the
fire was located. As has since been
proven, the scheme was a success, and
in a short time the repairs in No. 6
will be far enough advanced to resume
work.

It was not only a large saving
to the company in the matter of ex-
penses, but will give employment to
nearly one thousand employes at once.
The company has decided to be more
cautious in the future, so that occur-
rence of this kind will not be repeated
and to that end have engaged additional
fire hoses and other, whose duties will
make it an impossibility for a fire to
make any progress before its discov-
ery. It was in this same shaft that a
fire was discovered several years ago
and it raged for months before it was
extinguished, and the cost of this ex-
perience run up to many thousands of
dollars.

The spot where this fire oc-
curred is today a curiosity and has
been visited by many distinguished
people from different parts of the world.
The roof is consumed for a distance of
fifty feet towards the surface and rep-
resents a huge dome.

MR. JENKINS RESIGNS.

**Ill Health Compels His Retirement
from Two Positions.**

E. D. Jenkins, of Capouse avenue,
has resigned his position with the Stev-
ens' Coal company and the mercantile
firm of Jenkins & Co., at Pittston, as
general manager and president and
treasurer respectively.

Mr. Stevens' resignation went into
effect yesterday. H. W. Kingsbury, of
this city, formerly manager of the
Scranton Supply and Machinery com-
pany, and later secretary and manager
of the Lackawanna Lubricating works,
will succeed Mr. Jenkins.

The retirement of the latter was due
to failing health. Mr. Jenkins was
connected with the coal company and
store since July, 1894. In no small de-
gree, by his comprehensive knowledge
of business affairs, contributed to the
success of the company, from which
he has resigned. When the Stevens
company changed ownership two years
ago, he was retained to fill the posi-
tion entrusted to him under the out-
going management. He will assist his
successor for a short time.

At the conclusion of the meeting
yesterday the following resolutions
were drafted and adopted:

Whereas, Through increasing ill health,
and by advice of his physicians, Mr. E.
D. Jenkins, for a long years a stockholder
and for several years the general man-
ager of this company, has found it nec-
essary to sever his connection with the
Stevens Coal company, and

Whereas, His fidelity to the company
while occupying the position of general
manager has been unquestioned and his
satisfaction by the directors, therefore
be it

Resolved, That it is with keen regret
that his resignation is hereby accepted,
and that we resign with it, the hope
of returned health and an earnest desire
for his future welfare and prosperity, and
other be it

Resolved, That these resolutions be
spread upon the minutes of the meeting
and that the secretary be instructed to
forward a copy suitably engrossed to
Mr. Jenkins.

WILL BE CARED FOR.

**Remains of Late Charles Tury to Be
Buried by G. A. R.**

The remains of the late Charles Tury,
who died early Sunday morning in his
rooms at the Grand Central annex, on
Lackawanna avenue, of which P. H.
Durkin is proprietor, will be given a
proper burial by the members of the
Grand Army of the Republic of this city.
Deceased was a veteran of the Civil war,
having enlisted in Company A, Twen-
tieth Pennsylvania Volunteers, in which
ex-Chief of Police William T. Simpson
also served.

Deceased received a wound in the
right thigh and never fully recovered
from it. He drew a pension and was
known here by many old soldiers. He
was 68 years of age, and was at-
tended by Drs. Kearney and Heady.
The direct cause of death was pneu-
monia. Deceased was 55 years of
age, and once stated that he had a
cousin named Flood, who resides in
South Scranton. He also said he had
relatives in Jersey and Pittsburg.
The remains were removed to Price's un-
dertaking establishment, on South Main
avenue, and prepared for burial.

Adjutant George S. Brock, of Lieut-
enant Egan Griffin Post, No. 129, of the
Grand Army of the Republic, viewed the
remains yesterday and stated that the
Grand Army veterans would see that
they were given a proper interment.
Governor Roberts has already viewed
the remains and will conduct an in-
quest in a day or two.

CRYSTALS HAVE MOVED OUT
**Horses and Apparatus Stationed at
Different Places.**

Yesterday the Crystals moved out of
their Linden street quarters, on which
the work of remodeling is to begin this
week.

The horses and the hose wagon are
stationed temporarily in Troop's barn
in Forest court, between Mulberry and
Vine streets. The engine is in the
street commissioner's shed in the rear
of the city hall. The permanent men
will have their quarters in the barn.

**Remains Will Not Be Brought on
Here for Burial.**

The John J. Carey whose violent
death in Youngstown, Ohio, was an-
nounced to his friends here through
the medium of the police, is a former
resident of Olyphant. The widow wait-
ed upon Chief of Police Gurrell yester-
day and stated that owing to her pov-
erty she would not be able to bring the
remains here for burial. The chief
thereupon notified the authorities in
Youngstown to inter the remains
there.

Carey went away last April, saying
he intended to try his fortune in the
west. He wrote several times during
the early part of his absence, but noth-
ing was heard of his whereabouts re-
cently until word of his death in
Youngstown was received.
