JERMYN AND MAYFIELD.

An exciting runaway occurred on South Main street yesterday afternoon. A team of spirited graye attached to a cutter in which were young farmers, couple became frightened at a passing street car and broke the whiffletree. The driver made a desperate effort to hold back the horses, but at the corner of Cemetery street the cutter overturned and both the occupants were thrown out in the street. Fortunately neither were injured, although the young lady was badly frightened. She was taken into the home of Mrs. Bray and later on went home in the street car. The horses, at the silk mill, freed themselves from the cutter and continued at a rapid speed up Main street, where they were afterwards captured without having apparently injured themselves. The cutter was badly damaged and the horses are now at the barn of the St. George hotel, belonging to Liveryman McDonough, of Dunmore.

The corps of thirty-one carpenters who left this place some time ago for Avery Island, La., arrived at their destination in due time and are now installed in a hut on Avery Island. A letter from one of the members of the party dated Feb. 6 may prove to be of interest to many Peckville people. The boys on their arrival found that there was no hotel accommodation and each one purchased a cot bed. On the island is a large building once used as a boarding house for lumbermen. This the boys took possession of, a negro cook was secured and the start in was made. The meals served by the chef proved unsatisfactory and the boys struck Mr. Purdy was made chief cook and Charlie Billings bottle washer (both members of the party). The party now has no reason to complain for supper on Feb. 6 was as follows: Baked beans, boiled ham, fried potatoes, rice pudding, apple pie, pigeon stew, roast squirrel, clams, steamed oysters on the half shell, coffee. The weather is fine but the nights are very cold and damp. All are enjoying first class health. The only one sick was Emory Strong, whose illness only lasted a few days. Peach trees are in full bloom and beautiful scenes are everywhere. For a few days the boys have been idle on account of the lumber not arriving fast enough and the members of the party have been having great sport hunting and fishing. Game and fish are abundant, and deer and bear are plentiful. The Tribune is a welcome visitor each day and there is a great scramble for the paper upon its arrival from the postoffice, 7 miles distant. The majority of the houses there are merely shacks. Mosquitoes are a source of much trouble and strong language. It will take at least four months longer to complete the salt breaker when the party will then return.

Miss Sadie Jopling, of Pittston, returned home Friday after a three days' visit with friends in town.

A regular adjourned meeting of the borough council will be held this evening at the council rooms.

Peck, Peckville; Miss Bertha Kizer, Peckville. Mrs. J. D. Kizer presented each of her sons and daughters with a valuable book. They also presented her with a beautiful gold watch. After passing a very pleasant day, the family parted, to meet again at Kizers, Pa., Aug. 22.

PITSTON NEWS.

A Blaze That Made Trouble for the Firemen—And a Column of Local News Gathered During Yesterday's Storm.

The funeral of the late James Heffernon took place yesterday afternoon from the family home in Oregon and despite the inclement weather was largely attended by friends and neighbors, including a branch of the Ancient Order of Hibernians and the Keg fund, the two organizations to which he belonged. The remains were borne to St. John's church, where the last sad rites were said for the dead, after which interment took place in the Market street cemetery.

J. C. Fuller, of Wyalusing, was "hura again" and spent the day like many others, at the Eagle. He will be "off again" this morning.

The Huntley-Jackson Comedy company closed a very successful engagement here on Saturday evening, and will spend the present week in Scranton. We bespeak for this excellent company an extremely warm reception, the same success they met with here.

Frank Brundage and William S. Callahan braved the cold and heat themselves to Scranton, where they spent yesterday with their relatives.

John F. Boyle and mother went down to New York yesterday and will spend the coming week in the metropolis with friends.

James Nowcomb and his affianced went up to Scranton yesterday behind a 2:10 passenger.

O. F. Davis, of Philadelphia, and a genial knight of the road, who was intimately acquainted with our former representative business men, of years ago, made one of his periodical visits yesterday and made his home at the Eagle. He misses many of the old familiar faces who have since gone on that long journey whence no traveler returns.

The curlers on Saturday made it exciting on the Susquehanna as the club of this place met the players of Avoca, and contested for the medal. The Pittston Scots vanquished their opponents. They entertained the latter with a mutton pie and some supper in the evening at the Caledonian club rooms.

On Saturday night a sleighing party from Plymouth arrived in the city and stopping at one of our prominent hostleries, but when informed the price of the kind of meal they desired, or that they had no such thing, they were issued to proceed further. They held up at the Vienna dining rooms, and at once took possession of the place. A well regulated oyster stew was the menu, but when it came time to liquidate, the entire party had not enough coin of the realm to do so. There was a stormy time until Officer Linn, of the Pennsylvania police, was called in, and when the guests saw that nothing was before them but the unobtainable shelter of the Water street bastle, they scurried about and succeeded in satisfying the landlord.

The young ladies who had to assist in organizing the Vienna dining room, but complimentary in their remarks of the young men who accompanied them.

The house of William Musgrave, near Curtis street, was badly damaged by fire on Saturday morning, and he himself injured by the bursting of hot water pipes attached to the kitchen range on Saturday morning. He was confined to his bed for several days, and the contents of the grate were scattered about the room, with the result as above stated.

A new arrangement has just been put into effect in the Lehigh Valley road, which makes it obligatory for all trains stopping at Pilling Springs, near Coxtown, for clearance orders.
