# CARBONDALE.

#### FIRE ALARM SITUATION.

It Is Too Late for Present Councils

to Accomplish Anything. was intended to introduce in common council tonight an ordinance pro viding for the sale of \$12,000 bonds, \$5,000 of which was to be appropriated for fire alarm, and \$6,500 for surface sewers on Garfield, Salem, Seventh and Eighth avenues.

It was discoverd, however, that there is not time enough between now and the first Monday in April to get the measure through both branches as it can be acted on at regular meetings only As the new councils cannot take up unfinished work of the old the ordipace will have to wait. If started now it would simply die with old coun-

Hence there is no prospect of a fire alarm system inside of four months. It will take until the first or middle of May to get the ordinance through and easily another month to advertise, get bids and have the system erected. With all possible expenditure it will be the Fourth of July before the city can be provided with the protection it so ur-

gently needs. It is proposed to have the bonds redeemable at the rate of \$500 a year and to levy a special tax of four-tenths of a mill to pay principal and interest.

This is the situation and it will do no good to stew about it. The fire alarm will come just so quick and no quicker. Derelict as councils may have been in the past they are now doing the best they can.

#### DEATH OF MRS. HUNSICKER.

home of her daughter, Mrs. J. S. Niles, of North Main street, at two o'clock ness of grip. Deceased was born in Collegeville, Pa., sixty-nine-years ago. She had been visiting her daughter, who is now recovering from a serious attack of pneumonia. Mrs. Hunsicker tues. Those who have met her dur-ing her visits here became warm Besides Mrs. Niles, another daughter, Mrs. E. J. Laros, and a son A. R. Hunsucker, who reside in Philadelphia, survive her. Miss Beatrice Hunsucker is her granddaughter, Funeral arrangements have not yet been

### BETTER TELEPHONE SERVICE
