

CARONDALE. \$20,000 BONDS REQUIRED. Heating Company to Furnish Steam. Councilmanic Doings. Select council held a regular meeting last evening and among other things took up the application for a franchise made by the Steam Heating Company. The street committee reported favorably on these conditions: That the company furnish a bond of \$10,000 as a guarantee that the streets will be left in a satisfactory condition, and another bond of \$10,000 to protect the city from any litigation that may arise; also that the company furnish steam for heating the city building and the Columbia and Mitchell hose houses. The report was adopted. Messrs. Neaton and Swigert made animated speeches in and against the ordinance reducing the city engineer's salary to \$700 a year, after which the ordinance was ordered printed. Action on the ordinance providing for a street commissioner at \$500 a year was postponed, as that salary with the \$700 makes what the engineer now gets and it is economy the people want, says the author of the measure. Progress was reported on the telephone franchise application.

KILLED BY CARS. Life Crushed Out of James Bryden Yesterday Morning. Shortly after 7 o'clock yesterday morning, James Bryden, of Brooklyn street, met sudden death in the Erie railroad yard. He was employed as a flagman, and in helping to make up the train somehow got caught between the buffers of two cars he was coupling and he was literally crushed out of him. When helped to the end of the track by his fellow-workmen he was unconscious and in a very few minutes breathed his last. He had been employed on the Delaware and Hudson railroad for the past eighteen years and this was his last accident of any kind to befall him. Deceased was born in this city about thirty-six years ago, and is the son of Mr. and Mrs. James Bryden. He was unmarried, and resided with his parents. Besides his parents, he is survived by two sisters, Mrs. A. F. Cook and Mrs. Michael Lynch. The funeral arrangements will be made today.

OVERCOME BY COAL GAS. A couple of days ago a family named Ransom took charge of the McGarry farm, which was recently purchased by the Delaware and Hudson company. Yesterday afternoon Dr. D. L. Bailey was called and he found Mr. and Mrs. Ransom and their children suffering from a peculiar illness, in which stomach sickness was one of the marked symptoms. The doctor attributed the cause to coal gas and says the family narrowly escaped asphyxiation. The stoves were not properly put up. Two boarders who slept in a room cleared of the other part of the house were not affected.

FOUR BOXES DID IT. Remarkable Success of a New Pile Cure. People who have suffered for months or years from the pain and inconvenience of that common disorder, piles, will look with skepticism upon the claims of the makers of the new discovery for a cure of all forms of piles, known under the name of Pyramid Pile Cure; nevertheless the extraordinary cures performed by this remedy are such as to warrant the investigation of any sufferer. As a case in point the following letter speaks for itself. Mr. Henry Thomas, of sub-station No. 3, Hosack avenue, Columbus, Ohio, writes as follows: Pyramid Drug Co.: Gentlemen—I want you to use my name if it will be of any use to you. I was so bad with piles that I lost work on that account. Nothing helped me. I read in Cincinnati of the many cures of piles by the Pyramid Pile Cure and I went to a drug store and asked for it. The drug clerk told me that he had something else that he thought was better, but I told him that I wanted to try the Pyramid first. The first box helped me so much that I tried another, and then to complete the cure I bought two more boxes, making four in all. I am now completely cured. Have not a trace of piles and I had suffered for four years with the worst kind of protruding piles. I suffered death from piles, but I have found the Pyramid Pile Cure to be just as you promised. I have recommended it to several of my friends and an thankful to be able to write you what good the remedy has done me. Physicians recommend the Pyramid Pile Cure because it contains no opium, cocaine or mineral poison of any kind, and because it is so safe and pleasant to use, being painless and applied at night. The patient is cured in a surprisingly short time and with no inconvenience whatever. The Pyramid Pile Cure is sold by druggists at 50 cents per package, and if there is any constipation, it is well to use the Pyramid Pile Cure at the same time with the Pile Cure as constipation is very often the cause of piles and the pills effectually remove the costive condition. Price of pills is 25 cents per package. Write to Pyramid Drug Co., Marshall, Mich., for little book on cause and cure of piles; sent by mail free.

PECKVILLE. The following is the Republican ticket in the three wards of Peckville. At large—High constable, Frank Martin. Auditor, three years, Thomas Lintern, James H. James; one year, Frank Pickering, Jr. First ward—Councilman, Columbus Hartman; school director, W. W. Watkins; constable, William Gyrene; judge of election, W. H. Broad; inspector, Charles Jenkins. Second ward—Councilman, 3 years, George Williams; one year, Daniel Parry; school director, W. H. Priest; constable, Frank Bonnie; judge of election, Gwilym Evans; inspector, William J. Davis. Third ward—Councilman, three years, O. A. Holford; school director, three years, John E. Williams; two years, Harry Simpson; one year, Bert Morgan; constable, James Curtis; judge of election, Gomer J. Reese; inspector, Robert Abraham. The obsequies of the late Miss Julia Brong will be held at the M. E. church this afternoon at two o'clock. Delawares and Hudson Station Agent W. J. Broad is confined to his home with the grip. Dr. J. B. Slicker is confined to his home by a badly swollen right arm, from which he suffers great pain. Deceased Barber is ill at his home on Main street. Prof. H. E. Barnes has suffered a relapse and is again very ill. N. H. Johnson, candidate for the Third ward councilmanic honors, will make a hard fight for supremacy today.

JERMYN AND MAYFIELD. There is not much interest evinced in today's elections in some of the wards. In the First ward the ticket nominated at the Republican rally will have no opposition and it is therefore probable the vote cast will be light. In the Second ward the Republican ticket will have no opposition, with the exception of constable. The regularly nominated candidate for that office, David Johnson, will be opposed by John Jay. In the other ward there are two tickets in the field, the Democratic and Citizens. James Edmunds, the Democratic candidate for school director, has been endorsed on the Citizens' ticket, but the fight for county clerk is between Patrick Edmonson, who is seeking re-election for the third term, and E. B. Nicholson, a well-known Republican, promises to be a very close contest. The latter will probably get the votes of most of the Democrats on the West Side, and with the regular republican vote he stands a good chance of defeating Bloomer. The contest for constable in the Third ward between James Hodge and Michael McHale, will also be spirited. The only borough office to be filled is that of justice of the peace. W. B. Swick is the regular Republican candidate, and his friends think there is not the slightest doubt regarding his election. Alfred T. Matthews, who is running stump against Swick, has been working hard during the past ten days to get the office. It is claimed he will have a big vote in his own ward—the Third—and his friends are offering to bet money on his election. He has certainly an up-hill fight and will score a big victory if he wins. The funeral of the late Mrs. Sarah Lloyd took place yesterday afternoon. Services were held at the home of her son, Mr. Richard Stevenson, of L. street. Rev. C. A. Benjamin, pastor of the Methodist Episcopal church, officiated. At the conclusion of the services the remains, followed by a number of relatives, were taken to the local cemetery, where interment was made. The pallbearers were: Walter Pryor, Thomas E. Griffiths, Thomas Hopkins, Samuel Penny, W. L. Houghton and Fred Daway. Among those from out of town who attended were: Mrs. George Pruner and children, Miss Kate Stevenson and Tom Stevenson, of Scranton. The funeral of the late Mrs. Richard Bunt took place on Sunday afternoon. Services were held in the Methodist Episcopal church, and were largely attended. Many from neighboring towns being present. There were a number of floral gifts, among them being a beautiful pillow with the inscription "Mother." The members of Rushbrook lodge of Odd Fellows and Mayfield lodge, Sons of St. George, attended. The pallbearers were: Thomas Walkley, Michael Roberts, William Bronghalt, James Nicholson, John Solomon. John Gannon, of the East Side, who has been ill for some time past, is in such a critical condition that no hope is entertained of his recovery. William Mellow, of Third street, was taken with sudden and severe illness on Sunday evening and is threatened with apoplexy. Mr. and Mrs. L. W. Cramer, of Bacon street, spent Sunday with Blakely friends. Mr. T. E. Griffiths and son, Willard, were Scranton visitors yesterday. John Burley, a well-known resident of Scott, died on Saturday. Dr. and Mrs. M. J. Shields and two children will leave today on a visit to

friends in the South, and expect to be absent about a fortnight. Mr. H. Dunn, of Forest City, spent Sunday here with his son, George S. Dunn, of Main street. Frank Collins, of South Main street, was able to be on the streets yesterday. Mr. Benjamin, of Pittston, has been the guest of her sister, Mrs. T. E. Griffiths, for several days past.

OLYPHANT. Today's election promises to be one of the most political contests ever held in this borough, particularly in the Second and Third wards. In the First ward, the Democratic stronghold, there is no doubt of the result and the Republicans will have no trouble in carrying the ward.

Mrs. W. L. Schlager has returned home from a visit to Philadelphia. The funeral of William Brown, who died at the home of his parents in Jessup on Saturday last, will take place this morning at 9:20 o'clock. A requiem mass will be sung in St. James' church, after which the remains will be taken to Archbald for interment. Rev. James Hughes, of Scranton, delivered an interesting lecture on "The Land of Gold and Diamonds" in the Blakely Baptist church last evening. J. F. Giblin has purchased the Hudson hotel on Lackawanna street from P. E. Callahan. Mr. Martin intends to take possession of the Martin house on April 1. Miss Ella Price, of Spring Brook, was the guest of Miss Georgia Thomas over Sunday. Miss Lucy Farrell left yesterday to spend two weeks in New York.

Miss Lida McHale, of Green Ridge, who has been visiting relatives here, has returned home. Miss Bettie McHugh, of South Scranton, is spending a few days in town. Mr. and Mrs. W. K. Harnden spent Sunday with the former's parents at Carbondale. Mrs. Thomas Phillips, of Archbald, visited relatives in town on Sunday. Miss Jennie White, of Providence, called on friends here yesterday.

WHAT IS SUICIDE? One of the Leading Ministers of New York Speaks Out Openly.

"What is suicide? It is the taking of one's life. Whether this is done instantly or through a long course of years matters not. In either case it is suicide. The man who allows the strains and cares of life, overwork, ambition or dissipation to undermine and shorten his life is committing suicide as actually as the man who sends a bullet into his brain. The woman who permits the cares of her family, her social ambition, her disregard of the laws of health to weaken her, cause her to fade, bring about early old age and untimely death, is committing suicide as surely as the one who takes an overdose of laudanum."

The above remarks were made in substance by one of the most prominent preachers of New York City during the present week. He is a man known to everybody, and his remarks as above stated are true. Probably few people have looked at the subject in just this light, and probably fewer ever thought what it is that first gives way under the strain of life. To such we will say that the most delicate, the most sensitive and the first to be affected organs of the body are the kidneys, and upon them comes the great strain of life. They become weakened, then diseased, and then death ensues. Myriads of men and more women die from this cause; indeed, there is no source of modern trouble so prevalent as diseased kidneys.

And yet there is a way by which, with all the strains of life and all the self destruction which they cause, these evil effects can be avoided. Do you ask how? I will tell you. Take proper care of yourself. Avoid excesses. Above all, guard your kidneys as you would your life. It is no easy thing to do, I will admit, but it can be done. There is a great modern discovery which will keep you perfectly. You ask what it is? I answer, Warner's Safe Cure. It is this wonderful preparation that has enabled so many people to retain their health and enjoy a good old age. Thousands of men and women are kept alive today entirely by its use. Here is one case. It is that of Charles Jacobs, residing in Wayland, Mass., he had been a sufferer from kidney trouble and for months he was unable to eat any solid food. Now he is in far better health than he ever was, and he says he owes his life to Warner's Safe Cure. His letter is as follows: "For four years I had been a terrible sufferer from kidney trouble and was at last reduced to such a debilitated condition that I was unable to do the slightest work. I consulted a physician, in Waltham and he prescribed for me, but I steadily grew weaker under his treatment. He said there was nothing more that any one could do for me. I felt rather discouraged upon receiving such information, but I determined to make another effort and consulted a specialist in kidney diseases, located in Boston. This physician told me that he could cure me, but, after taking five or six bottles of his medicine without relief, I again became discouraged and gave up hope. To add to my agony the specialist informed me that he had done everything in his power for me, and he advised me to go home and take no more medicine, as my lease of life was about ended. A few days later I ran across an advertisement of Warner's Safe Cure and was struck with the testimonials of some of the people that claimed to have been cured of kidney trouble by it. I purchased a bottle of Warner's Safe Cure and I have thanked the Lord many times since for throwing that advertisement in my way, as I firmly believe that it was the means of saving my life. I had not taken more than half a bottle of the medicine before I began to feel better. The severe pains that I had suffered for months became less severe, and when I had finished the bottle they had entirely disappeared. I continued taking the medicine until I had finished the second bottle, and I am free to say today that I am stronger and healthier than I ever was before in my life. Can you not see the way clear now to long life and renewed health and vigor? Let me, by all means, advise you to do just this good advice and follow it now."

In 1883 she founded and became president of the World's Woman's Christian Temperance union. Miss Willard was about 34 years of age when she entered the work, and from then until her death she bent all her energies toward this great object, "Woman's suffrage and home protection." Her noble character and her things about Miss Willard was she never spoke of or any one. Just one year ago today at the Empire hotel in New York city Frances Willard passed from earth to Heaven.
