

GATHERED IN SOUTH SCRANTON

LITTLE AGNES TOOLE PROBABLY BLINDED FOR LIFE.

Her Three-Year-Old Brother Poured a Quantity of Iodine Into Her Eyes—Was Only Flying Doctor. The Child Suffers Great Agony. Dr. Walsh Is in Attendance—Periodical Flooding of Cellars Evidences the Urgent Need of Sewers. Association Notes—Other Notes.

Agnes, the four-months-old child of Mr. and Mrs. Frank Toole, of Cedar avenue, near the city limits, was the victim yesterday of a deplorable accident. The three-year-old brother of the baby poured into her eyes two ounces of iodine, which will in all probability blind the little one.

Leaving the baby in the cradle, Mrs. Toole went to another room. While engaged there, her son took the iodine and in an innocent, childish way went over to the cradle and spilled the contents of the bottle on the baby's eyes.

Dr. John J. Walsh was hurriedly called to attend the child. He is doing his utmost to save the sight of the baby, but entertains slight hopes of accomplishing his efforts.

The little one suffers in beyond description. Her eyes are swollen and she is unable to see.

The sixty-sixth anniversary of the birth of Mrs. Theodore Hessinger, of Willow street, was fittingly observed at her residence by a number of her friends.

Mrs. Hessinger was the recipient of several useful presents. Those present were Mr. and Mrs. Finn, Rev. and Mrs. Nord, Mrs. M. Hessinger, Mrs. Frank Washburn, Mrs. Mary Held, Mr. and Mrs. George Yunkert and Miss Minnie Kolb.

URGENT NEED OF A SEWER.

That the seventeenth anniversary of the sewer is a necessity is apparent, for the heavy thaw of the past few days has caused great damage to the cellars and ground floors of the buildings on Pittston avenue, especially those situated between Alder and Willow streets.

Incidentally it might be said that a similar state of affairs follows every heavy rain or thaw and the residents are made victims of a small pest, their cellars being covered with water ranging in depth from eight inches to several feet.

Yesterday there was a large influx of water in these old time receptacles. The cellar beneath the Schager bakery on Pittston avenue contained five feet of water by actual measurement.

Jacob Demuth, the hotelman, has over three feet of water in his cellar.

Pat "Chates" the Railway. "Well," said Pat, chucking, "I've just chatted this old railway company nicely."

"How so?" "Why, I've taken a return ticket, and I've no intention of going back at all, at all."

Dr. Bull's Cough Syrup. The best remedy for whooping cough. Give the child Dr. Bull's Cough Syrup and relief will come at once and the sufferer will soon be cured.

Scott's Emulsion of Cod-liver Oil with Hypophosphites is pure and palatable.

For years it has been used for coughs and colds, for consumption, for those whose blood is thin or colorless, whose systems are emaciated or run down.

For children it means health and strength, stronger bones and teeth, and food for the growing mind.

Baby gains in weight and thrives when Scott's Emulsion is added to its milk.

INITIAL SUPPER. The ladies of the Simpson Methodist Episcopal church, whose names begin with the letters in alphabetical order, K to R, served an excellent supper in the class room of the church last evening.
