New York, Feb. 27.—The market continued very irregular today, and ieft off rather heavy but with fractional advances in the prominent shares. The railway shares assumed more prominence in the dealings than of late, important fluctuations occurring from time to time in those properties during which the specialties were temporarily relegated to the background. Prices were receding when, toward noon, it was reported that Aguinaldo was inclined to accept pacific overtures and a raily ensued. London was a moderate purchaser. A covering movement in Sugar advanced the price smartly, but free selling appeared which attracted particular attention and it was by brokers who were believed to represent houses prominent on the built side in other stocks, and the stock lost its early gain and closed but fractionally up for the day. The grangers were its early gain and closed but fractionally up for the day. The grangers were in request in the afternoon, St. Paul showing a quarter of a million net increase in January. The grangers, however, together with the specialties, sagged during the late selling movement. Then came the ollo which is one of the strong features of the show. Gussie Mines sang several illustrated songs which was followed by a real colored cake walk. Kate Neal and Gussle Mines sang and danced well. Others who had numbers on the programme were James Williams, Bob Tasker and

"This role enables him to give a thorough and most convincing proof of his wonderful versality. Those who have seen Mr. Clarke in the heaviest roles, are not aware of his comedy talents and will stare at his Garrick with the utmost amazement. It is comedy, pure and simple, but of the most graceful and refined order, with bursts of pathos, which go straight to every heart."
