Advanced Medical Science knows of no more powerful alterative medicine than Dr. Pierce's Golden Medical Discovery. Alterative medicines, so-called because they alter or change the condition of the system, have ranked among the most valued of medicines prescribed by physicians. It is by the skillful and scientific combination of several such alteratives that Dr. Pierce has produced an alterative remedy, having the specific value of each ingredient and the combined and concentrated power of all these alteratives in union, which are so blended and so balanced, that they unite the greatest delicacy of operation with the utmost healing power. It is these facts which give this greatest of alteratives a genuine claim to the title of a Discovery.'

The action of "Golden Medical Discovery" is primarily directed to the stomach and the nutritive or digestive system. Here is a common starting place of disease.

What "Weak Slomach" Means.

There never was a strong man with a "weak stomach." And a so-called weak stomach may and often does mean weak heart, weak liver or weak Why? Because in the stomach the nourlungs. ishment for each organ of the body is prepared, and from the stomach it is distributed. Bread kneaded in a sour trough will take on the taint of the trough. Food mixed and prepared in a tainted stomach will take the taint and poison of that stomach all over the system, to finally lodge at the weakest point of some weak organ. Hence it is that in curing the stomach and other organs of digestion and nutrition, and in increasing the activity of the blood-making glands, "Golden Medical Discovery" at once begins to send throughout the body an increased supply of pure blood, because the blood is made from the food taken into the stomach, and with the "weak stomach" made strong and foul blood made pure, comes a change to other organs which gather strength to throw off disease. 'Golden Medical Discovery'' works with Nature ; it puts into Nature's hand the only weapon with which she can fight disease.

I got six bottles of each and I received a good result in a week, and to-day I am cured sound and well. The symptoms were

The power of the "Discovery" is best exemplified in its cures of chronic cases, where after years

and faithful trial. The trouble is that so many of these people have become hopeless. They have dribbled away the savings of years in doctors' fees, and without any improvement. They are fixed in the belief that their cases are a little different from anybody's else. And those are the very people that "Discovery" cures. It's the people whose diseases are just a little different, and who are given up by doctors, the people whose diseases are chronic, and

who try "Golden Medical Discovery" as a last resort, that form the bulk of that great army of the cured which numbers over half-a-million persons, It is absolutely impossible to have a strong body where there is a "weak stomach" or good health where there is had blood. The use of the "Discovery" may be an experiment with you, but the experience of others surely warrants the experiment.

"I can say honestly that Dr. Pierce's Golden Medical Dis-covery is the greatest medicine ever compounded for purifying the blood," writes Miss Annie Wells, of Fergusson's Wharf, Isle of Wight Co., Va. "I suffered terribly with rheumatism, and pimples on the skin and swelling in my knees and feet so that I could not walk. I spent about twenty dollars paying de-tors bills here the skin and swelling in my knees and feet so that I could not walk. I spent about twenty dollars paying doc-tors' bills but received no benefit. About a year ago I decided to try Dr. Pierce's Golden Medical Discovery and 'Favorite Prescription,' and am entirely cured."

But the most remarkable feature of the cures produced by the use of "Golden Medical Discovery," is where the lungs are "weak."

Proof Positive.

Here is found fullest demonstration of the theory that if you can supply Nature with the needed nourishment she will build up the waste places of the body into health and wholeness. And here again it is proved that the "Discovery" does supply in the most perfect form that nourishment which Nature uses to effectually renew the broken down organs of the body. Those who have suffered with obstinate coughs, hemorrhages, bronchial affections, emaciation, night sweats, weakness, and like conditions which when neglected or improperly treated end in consumption, have found in Dr. Pierce's Golden Medical Discovery perfect health.

"Last spring I was taken with severe pains in my chest, and was so weak I could hardly walk about the house." says Mrs. G. E. Kerr, of Fort Dodge, Webster Co., Iowa. "I tried several physicians and they told me I had consumption. I heard of Dr. Pierce's Golden Medical Discovery and I thought I would try some of it. Before I had taken the first bottle I was very much better; I took five bottles of it and have not yet had any return of the trouble." "After using about five bottles of Dr. Pierce's Golden Medical

stopped taking your medicine and he is still in good health. We are very thankful to you for saving our sou." "Last spring 1 wrote you in regard to my health which at that time was very poor." writes Mrs. Metile M. Barnes, of Garfield, Pawnee Co., Kansas. "My trouble was bronchial affection. Symptoms, spliting of blood almost every morning for five years, shortness of breath raw and sore throat, loss of strength, at times almost loss of voice, irregular periods—in fact I thought I was surely going into consumption. We lived in Ohio when I consulted you. You advised me to give Dr. Pierce's Golden Medical Discovery a trial, which I did, and with happy results. I got two bottles just before we started for Kansas. I did not feel as if I ever would get there, but we arrived and I used the two bottles of 'Golden Medical Discovery' and health returned as I used the medicine. I have only raised blood three times since I began using it. My periods are regular, strength re-turned, and I am almost a new person. I have all faith in Dr. Pierce's medicine. I know ofa lady that was cured of consump-tion by this same 'Golden Medical Discovery,' and she always sings its praise."

After using about five bottles of Dr. Pierce's Golden Medical After using about two obties of Dr. Fierce's Golden Medical Discovery my boy seems to be all right," writes Mr. J. W. Price, of Ozark, Monroe Co., Ohio. "He was very bad when I com-menced to give him the 'Golden Medical Discovery.' The doc-tors claimed he had consumption and we doctored with them until he was past walking. It has been ten mouths since he stopped taking your medicine and he is still in good health. We are very thankful to you for saving our son."
