At the previous session, when Mr. Brooks was on his way to Florida for a short visit and a vacancy was exist-ing in Mr. Terppe's place, Messrs. Langstaff, Murphy and Fuller made an attempt to effect a reorganization Messrs. Paine and Shotton protested, and when it was seen by them that their protests went for naught they holted from the room for the purpose of breaking a quorum. While they were gathering up their hats, coats and overshoes and hurrying to the door Mr. Fuller, as chairman, was ruching through the formalities of electing Mr. Langstaff chairman, Mr. Shotton was disappearing through the door as Chairman Fuller was declaring Mr. enjoyed. ANOTHER CONTEST The Way to Kill the Microscopic Pests That Make Fevor. BROOKS PEOPLE OVERTURNED

Unlike some communicable diseases, typhold fever is not "In the air." You do not take the germs into your lungs. You take them into your stemach when you drink tainted milk or water. Where drainage is insufficient and where the water supply is contaminated, typhold fever breaks out.

Treatment consists in killing the germs, so that they cannot mulitally in the system. A sound stimulant stops the spread of the microbes. Of course, it must itself be free from impurity. Duffy's Pure Mait Whiskey meets all the requirements of the case, and is therefore prescribed to patients who have been exposed to typhold fever. A tablespoonful in a glass of water before each meal will be beneficial in more ways than one. It will tone the system and the glands in the stomach so that the gastric julces will flow freely upon the food, thus making digestion complete and prompt.

Many substitutes for Duffy's Pura Malt Whiskey are offered. Don't be coaxed into buying one. Insist on the genuine Duffy's and remember that all alert druggists and grocers keep it. The Gevernment says that this is the only medicinal whiskey in the country. Hence it bears the proprietary revenue stamp.

#### DR. MACKEY ARRIVES.

Denies That the Turn of Affairs on the Poor Board Caused Him to Bolt from the Quay Supporters at Harrisburg.

Dr. Mackey's bolt from Quay, comng as it did on the very morning following the appointment of a poor director here who was antagonistic to the interests fostered by Dr. Mackey struck many yesterday as being rather a singular coincidence.

One of Dr. Mackey's political lieutenants stated yesterday afternoon substantially that this was the cause of his chief's desertion of the choice of

the Republican caucus. It was stated by a friend of this aforesaid lieutenant that he, the Mackey lieutenant, had in his possession a communication to Senator Quay on the poor board matter that would cause a big sensation if it was made public. When cornered he admitted that he had such a document but did not care to talk about it. He preferred to consult Dr. Mackey about it first, he said. He also informed the reporter that Dr. Mackey would be at the Rudolph last night and that he proposed to see him

The lieutenant was not on hand, but Dr. Mackey came. When the latter was asked if there was any connection between his bolt from Quay and the poor board reorganization, the doctor answered: "Not the slightest, I did not know anything of the poor board until I saw what was going on by one of this evening's Scranton papers."

He also stated that there was no connection whatever between his bolt and that of the others who yesterday deserted Quay, I did not know they were going to bolt, and they knew

nothing of my intention.
"My withdrawal from the Quay column," he went on to say, "was as much of a surprise to the anti-Quay men as it was to the Quayites. I never was a Quay man, and only supported him out of consideration of helping for the past three years to refuse to grant the county by presenting a solid delehim out of consideration of helping gation. The overwhelming sentiment ever pray, etc. of my district is against Quay, and I had to listen to my constituents. I had to listen to my constituents. ### DICKELNICK AGAIN HAS OPPOSITION

REMONSTRANCE AGAINST HIS LICENSE.

It Was Filed on Behalf of the Congregation of St. John's Cerman Catholic Church, West Scranton. Objections That Are Set Forth. Remonstrance Also Filed Against Granting a License to John Dubee, of the First Ward, of Archbald Borough

A remonstrance on the part of the ongregation of St. John's German Catholic church, of West Scranton, was filed yesterday with Clerk of the Courts Daniels by Attorney Walter E. Briggs against the granting of a license to William Dickelnick for a hotel at South Main avenue and Luzerne street, just across the street from the church. There has been a great struggle over

this license ever since 1894, when the hotel building was completed, and the court was asked to grant a license for it. The application was first re-fused and afterwards granted. In 1895 there was another exciting contest and the license was refused because it was shown that Mr. Dickelnick had not scrupulously observed the law. Court also refused to grant a license

n 1896, 1897 and 1898. The remonstrance filed yesterday is as follows:

To the Honorable the Judges of the Court of Quarter Sersions of Lackawanna

mittee of the Catholic church, situate at mittee of the Catholic church, situate at the corner of South Main avenue and Luzerne street, known as St. John's church of Scranten, on behalf of said church and the congregation thereof, reconstrate against the granting of a l nse to William Dicklenick to keep a ho tel and to vend, retail and sell spirituous vinous, malt or brewed liquors at No. 21 South Main avenue, Fifth ward, Scran on, and we most carnestly pray that you honors will refuse to grant such licens for the following reasons to wit:

REASONS ADV...NCED.

First-The place asked to be ficensed i not necessary for the accommodation of the public and the entertainment of strangers and travelers. Second-William Dicklenick, the appli-cant, is not a fit person to receive a license and conduct a hotel, as on a former occasion it was clearly shown to your honors that the said William Dickelpick was guilty not only of selling liquors to minors, but of violating the act of us

sembly requiring all licensed places to be closed on election day and that the said act of assembly was violated in the same place where a license is now again aske Third-Within a few feet of said building and in sight and hearing of said proposed hat I is the St. John's church and the German parochial school, con-taining about 180 pupils ranging from 6 to and the German parochial school, containing about 189 pupils ranging from 6 to 12 years of age. This is the only school of its kind in the section of the city commonly known as Hyde Park, and in the ppinion of your petitioners, a hotel at this blace would corrupt the morals of the

children in attendance and greatly dam-age the usefulness of this educational in-Fourth-Practically the same condition is exists as have moved your honors

The following names are attached to 8 the remonstrance;

and John Shauman, church committee. A remonstrance was also filed against granting a license to John Dubec, of the First ward of Archbald. It is the First ward of Archbald. It is signed by eighty-three residents of the neighborhood where it is proposed to leave the scloon

cate the saloon. It is objected to for the reason that the house is unsuited for hotel purposes and that a hotel at that place is not necessary.
