New Flesh, New Vigor and New Hope.

When a physician discovers, studies or classifiles a disease, his name is given to it by his fellow doctors. They think that in this way they pay him a compliment, although the discoverer need not have found a cure for the disease. Dr. Richard Bright, an Englishman, is condemned to a sad immortality which associates his name with a terrible disorder of the kidneys. Bright's disease appears in several forms, it springs from several causes, and the older works on medicine positively declare it to be incurable.

To say that a man has Bright's disease was once considered equivalent to saying that he stood in the valley of the shadow of death. The end was only a question of time. But that was before Warner's Safe Cure had spread its benefits over the land. The story of C. H. Lincoln, of Medford, Mass., shows how this wonderful medicine raised a man from his sick bed, even when his closest friends believed they were hoping against hope,

Mr. Lincoln says:

"I had typhoid fever and after it coame kidney trouble. I tried a dozen doctors and still grew worse. After taking doctor's medicine enough to sink a ship, I heard it whispered around that I had Bright's disease of the kidneys. I knew what that meant, so I pitched the medicine I had outdoors. I then bought one bottle of Warner's Safe Cure and took it according to directions, The first bottle gave me relief and I bought a second. Before that was gone I had gained nearly ten pounds. I continued taking Safe Cure and it cured

"I am fifty-nine years old and enjoy as good health as any man of my age. If anyone has kidney trouble and Warner's Safe Cure will not cure him. nothing this side of the grave will. I believe it the best and only cure for kid-

Mr. Lincoln is a veteran fireman with a wide acquaintance in Medford. Unconsciously he makes a valuable suggestion to sufferers from kidney disease. Do not wait until you have taken "medicine enough to sink a ship." Maybe in the course of your investigations you will light on a good remedy you never heard of before. But probabilities are all against it.

Nowhere does the proverb, "Delays are dangerous," apply with such force as in kidney derangement. When Bright's disease has set in the kidney tissue is breaking down and passing away every minute. The strength of the body is sapped steadily, surely,

Inasmuch as Warner's Safe Cure alone stops kidney degeneration, should it not be used without an hour's delay when pain in the back and head, a cold skin and bad digestion give unmistakable warnings

Ordinance Reducing Engineer's Salary Passes Two Readings.

At last night's meeting select coun cil passed two readings the ordinance reducing the city engineer's salary from \$1,200 to \$700 per fiscal year. Messrs. Nealon, Mannion, Battle and Thompson voted for it and Mr. Swigert against it. Mr. Eaton was absent. Residents of Laurel street submitted a petition praying to have their thoroughfare made a uniform width of forty-five feet. It was referred. A resolution instructing the city engineer to prepare plans for the extension of Salem avenue, west to Hospital street, was referred to the street committee. This action was taken in view of the expected abandonment of the highworks. Common council amended Mr. Mannion's resolution so that the city englneer will prepare Pike street profile and plans for a forty-foot street from intersection of South Main street to city line, instead of to the "Lookout" only. The ordinances for sidewalks on Terrace street between Sixth and Seventh avenues, and annexing territory to First sewer district were passed two readings. The commoners also concurred in select council's resolution directing the drawing of ordinance granting franchise to the Carbondale Telephone company. The conditions are That 'phones be placed in offices of city officials, in Mitchell and Columbia hose houses; that poles may be used for fire and police service and that in case the corporation decides to construct conduits a bond of \$10,000 be furnished. guaranteeing the city against loss.

OFF FOR KLONDIKE.

W. L. Barton and Edward Wright left this city last evening for the Klondike. They will go by way of San Francisco. Mr. Barton is an engineer and prospector of wide experience. CURES WITHOUT PAIN.

One of the Best Features of the New Pile Cure.

The Pyramid Pile Cure cures all forms of piles without one particle of pain. This desirable point is not obtained by the use of injurious opinies which simply deaden and paralyze the erves of the parts and make matters worse in the long run. But it is done solely by its remarkable healing and soothing effects.

And while it thus gives immediate relief, at the same time the disease is not merely checked, but a radical cure is rapidly accomplished. And the point we want to make clear that all this is done without a par-

ticle of pain. This fact is one great reason for the popularity of the Pyramid Pile Cure and constitutes one very great difference between it and almost any other

kind of treatment for piles. Every kind of surgical operation for piles is excruciatingly painful besides in most cases is not to be compared with the Pyramid Cure, neither in nor in cheapness and safety.

The Pyramid Pile Cure has been be recognized by too many people to allow it to be classed with the many salves, no risk in trying it, as is often the with untried preparations.

If you are ever troubled with any orm of piles or rectal disease do not forget the Pyramid Pile Cure, Prepared by the Pyramid Drug Co., of Marshall, Mich., and sold by druggists ut 50 cents per package.
