SPIRITED CONTESTS ARE BEING WAGED FOR THE HONORS.

City Solicitorship Is Attracting a Great Deal of Attention and the Probably Some of the Mayor's Appointments Will Be Influenced by the Otucome of the Struggle for the Legal Plans-Men Mentioned for the Different Offices.

A decidedly lively battle is being waged for the positions to be filled when the new city officers are sworn in the first Monday of April and the councils reorganize. Each branch of the councils will elect a chairman and common will have the selection of a clerk to succeed H. C. Hatton, who will become Mayor Moir's secretary. The fight for chairman of both branches of council is somewhat com-plicated by the fight for city solicitor and by the various appointments May-

or Moir will have at his disposal. The battle for chairman of the select ouncil lies between C. F. Wagner and Richard H. Williams, and it is being waged with a good deal of vim. Idr. William's has been in the select counil for seven years, and Mr. Wagner for six. Both are prominent Republicans. The party caucus to be held next week will result in either one of them being chosen as the party nomince. The new select council will have twelve Republicans and nine Democrats, and the Democrats will not seriously advance a candidate for the

DETAILS GIVEN OF THE CONSOLIDATION

NEW COMPANY HAS A CAPITAL OF \$2,000,000.

The Simpson & Watkins Coal Interests Are Merged Into One Concern and Are to Be Operated by a Company Which Includes Some of the Large Capitalists of New York. Temple Iron Company Is the Corporate Title of the New Concern. Mr. Watkins President.

The consolidation of the coal interests of Simpson & Watkins, of which exclusive announcement was made in The Tribune, has been effected, and the details are now given to the public as was promised at the time when the fact that the consolidation was under way was first printed.

The Temple Iron company is the title of the corporation under which the consolidated concern will be operated. The title is taken from a small company located at Temple, Pa., near Reading, which Simpson & Watkins controlled. Its charter was found to cover all the interests which the combine proposes to operate and all that was necessary to In St. Peter's cathedral vesterday do was to enlarge its capital stock. The capital stock was fixed at \$2,090,000. The properties which were merged the late Bt. Rev. William O'Hars, under this new title are the seven coal companies controlled by Simpson &

Mr. Watkins stated yesterday that decisions would be reached in these matters in the course of a few days. He further stated that it was not the present intention of the Temple company to acquire any other properties latter two are brothers of Joseph Millthan these already under option. As previously stated by Mr. Wat-

kins in an interview in The Tribune. the purpose of the consolidation is to make it more convenient to handle the business of the different concerns. The various integral companies will be continued under their present local officers, but their general management will be centered in the new company.

Mr. Watkins has been elected preshave the direct management of the

oat mining business. The election of the other officers will take place March 18. Until that time, Mr. Watkins says, he can not say positively who will represent the interests associated with them in the new company. The deal was effected brough the Guarantee Trust company, of New York, and as yet the Trust company has not seen fit to divulge the exact identity of the parties for whom it acted. Simpson & Watkins have only a general idea of who their associates will be.

Mr. Watkins stated positively yesterday that there is no truth in the story that they have sold out to the Morgan syndicate. The people associated with them in the Temple company are large ly, Rev. PRICE NOT STATED. In regard to the price paid by the Temple company for the Simpson & Watkins' holdings, Mr. Watkins would only say that it was not much less than \$5,000,000, which, rumor had it, was the consideration.

When asked if it was true that the onsolidation was effected in the interests of the Ontario and Western or any other particular railroad, Mr. Watkins "At present we are shipping our oal over five different roads, the Lehigh Valley, Delaware, Luckawanna and Western, New York, Susquehanna and Western, Ontario and Western and Eric. There will be no change in our shipping plans. Our coal will continue o he delivered to the nearest convenent railroad."

Mr. Simpson will be one of the direct tors of the new company, but it is not likely that he will accept an office, as his whole time is now taken up with

Was Presented with a Gold-Mounted

Fountain Pen Last Night. The members of Robert Burns lodge No. 859, Independent Order Odd Fellows, turned out en masse last night and did themselves proud. An informal and consequently perfectly enjoyable reception was tendered Mayor-elect James Moir, who is a member of the lodge. Many visiting members from sister lodges were present.

The affair followed the conclusion of the regular business session of the lodge, which was held in Odd Fellows hall, on Wyoming avenue. rangements for the evening were made by a general committee, of which W. S. Ward was chairman and Attorney 12 C. Reynolds presided. His opening remarks were of a general nature, and he tendered the compliments of the lodge members to the mayor-elect. Then in behalf of the lodge he presented Captain Moir with a beautiful gold-mounted Waterman fountain pen. Mayor-elect Mole, utterly taken by surprise, for a few moments, was unable to respond, but recovered nimself and made a short but hearty speech of acceptance, which evoked cheers and applause.

Attorneys W. Gaylord Thomas, Walter E. Davis, W. S. Hulslander, D. J., Fickes and B. F. Tinkham were called upon and responded. The remarks made by these gentlemen were interspersed with selections by the lodge quartette, F. Suydam, G. Perroit, E. Rowley and B. Wolfe. At the conclusion of the affair a general hand-shaking with the honored guest took place.

The matter has

been at issue for some time. A recent opinion of Commissioner N. B. Scott at Washington recently received by Revenue Collector J. Frank Penman states that the steamship agents are brokers within the meaning of the second paragraph of section 3 of the war tax act and accordingly they must pay the special tax.

In this revenue district alone there are about two hundred of these brokers who refused to remit the amount until a decision was given on the matter. Acting Commissioner Wilson in January last in an opinion decided that the sellers of drafts were brokers and a penalty of fifty per cent, was imposed upon all who had not paid in proper time. Through the efforts of Collector Penman the penalty has been dropped.

New President of the D., L. & W. R. R. Co. Passes Through the City on His Way to Buffalo-Was to Have Spent a Day or Two Here, But Decided to Go Farther West Where There Is No Snow.

The snow storm set awry all the plans laid for the inspection tour of W. H Trucsdale, the new president of the Delaware, Lackawanna and Western Railroad company. As was stated in vesterday's Tribune, he was to have been given a rapid ride from New York Scranton and then shown the comany's extensive holdings in this region, or else taken down the "Bloom division, after which he was to proceed to the western, Syracuse and Uticz divisions.

Instead of this, he proceeded direct from New York to Buffalo and will return later in the week, probably to-morrow, to make his local inspection. The snow storm also interfered with the contemplated fast run.

The reason that the Buffalo division was preferred to this city for yester day's visit was because the weather there was quite mild and there was an entire absence of snow. Whether of not Mr. Truesdale will inspect the Syracuse and Utica divisions before oming here was not definitely settled yesterday.

Mr. Truesdale reached Scranton at 12,22 p. m., accompanied by General Manager W. F.
