#### Connell Building ANNUAL REPORTS OF TWO OFFICERS

READ AT THE MEETING OF THE BOARD OF HEALTH.

Secretary R. J. Murray Exhaustively Reviewed the Work Accomplished During the Year-Report of Health Officer Allen Shows That This Is One of the Healthiest Cities in the Country-Health Officer Directed to Proceed with Clark and Heirer

The board of health met in special ession last night in their rooms in the city hall for the purpose of receiving and passing upon the annual reports of Health Officer Dr. Allen and Secretary Murray. Dr. Paine presided. The reports were read and passed without any comment

Attorney Horn introduced an amendnent to the resolution adopted by the oard early in the winter in reference to the prosecution of Charles Heirer and G. W. Clark, the two men held responsible for the epidemic of diphtheria among the pupils of public school No. 28, in Green Ridge, a few months ago. The resolution in tion directed Health Officer Dr. Allen to prosecute and the amendment was to the effect that "he (the health officer) should proceed with the prosecution under the advice and assist-nnce of the city solicitor." The amend-

ment was passed. The board then adjourned to mee again Monday evening, March 13. Following is an excerpt from the exhaustive report of Secretary Murray;

A careful compilation of home and for-sign vital statistics shows that our city s one of the most healthful in the world. This is positively true, and in support of this claim, I append the following table of statistics. A brief review of the same, will convince the most skeptical of the trustworthy character of our claims, and corroborate them beyond the possibility of successful disapprovals 1,351,708

trol and preventible diseases restricted.

FREE FROM EPIDEMICS.

During my short service as an office of the board I have noted how free th ity has been from any epidemics of an erious character; we have been threatned, however, and it has often occurred o me that this city would find itself in terrible straits in such an emergency. The importance of establishing an isolation hospital should be discussed and demanded by the board and the people; it is true we have no particular use for should be and can be erected for a few thousand dollars, and should be ready to perform its functions in times of need,

thus becoming a means of protection to the community at large. Isolation is the essential means of procases. In most cases quarantining proves a failure; however vigilant we might be ve cannot entirely prevent intercourse of persons living in infected houses with others. In private houses it is impossible to prevent the obtaining of supplies and the interchanging of portable substances therefore, will not alone stamp out the disease, it must be isolation, and that cannot be secured at the patient's l

must come through a hospital crected for that purpose. It would be a grand thing for Scranton, if some benevolent citizen or organization, would build a bathing house for the working population. The board of health would be glad to erect such an institution. but the undertaking would cost more money than the board would feel justified in asking in the form of an appropriation. It is a rather curious phase of our wonderful development that today there

should be no public baths in this city. From experience in the larger cities and even in cities where the population is no greater than our own, with the bath provided cheaply for the people, it rapidly becomes popular. By promoting clean ss we promote health, wealth and happiness.

OF GREAT IMPORTANCE. The board of health believes that this question is one of great importance commend that councils put their time and research toward a plan by which the working people could be provided with a cold or warm bath, either free, or for a sum not exceeding five or ten cents; soap and towels to be charged for, if you please, or to be brought by the bathers, This year we only suggest the idea, and if sufficient encouragement be given in the matter, the present board or its successors should more thoroughly study the

scheme, and put it into shape.

In the new regulations of the board will be found recommendations compelling those in charge of schools, theaters, hos-pitals and other buildings used for instruction and amusement, to take the necessary steps that will insure proper light, good ventilation and sufficient floor space. I believe that It is the intention of the present board to regularly and thoroughly inspect all such institutions as above mentioned.

Strictly sanitary regulations will also enacted for the outside surrounding

One matter that should receive the important attention of the board is that of the abatement of smoke. It is the tentency of this evil to grow, and is fast becoming a source of repeated com-[Continued on Page 8.]

#### TOO MUCH ALCOHOL.

Caused the Death of Felitzko Potonitz Last Monday Night.

Coroner Roberts held an inquest in the case of Felitzko Potonitz in the arbitration room of the court house last evening. According to the testimony the man's death was caused by excessive alcoholic indulgence, Potonitz formerly boarded on Wyoming avenue, Pine Brook, up to about three months ago, when he left here

and went to Michigan. He returned last Saturday night somewhat under the influence of drink, and had in his possession a quart bottle of alcohol This he drank, with the exception of a small quantity, which he gave members of the household. The man afterwards had the bottle refilled at a drug store on Capouse avenue and drank that.

Monday morning Potonitz was very ll and Dr. S. E. Feinberg was called, The doctor found the man unconscious, and he remained in that condition intil he died at 11 o'clock on Monday night.

County Detective Leyshon was not! fied and the latter informed Coroner Roberts of the case. The coroner held an autopsy Tuesday evening and empanelled the following jury: James Swift, Dr. W. A. Paine, Dr. D. J. Jenkins, Dr. Talliesen Phillips, George Miller and C. M. Butts, and after hearing the testimony last evening the jury endered the following verdict:

"We, the undersigned, agree that the above named person came to his death from an over indulgence of alcohol." The dead man was a native of Aus tria, and his wife and seven children are there now.

#### 200,000 TONS OF COAL ARE INVOLVED

FIRST TESTIMONY IN THE SUIT WILL BE HEARD TODAY.

Michael Morris, Ebenezer Drake and Others Have Brought Suit Against Lacoe & Shiffer and John and Joseph Jermyn to Recover the Royalties on the Above Named Number of Tons of Coal-Same Question Was Tried In Another Form In This County.

At Rendham today the work of takng testimony in a very interesting coal suit will begin. The royalties on 200, 000 tons of coal is the matter at issue, Michael Morris, of Pittston; Ebenezer Drake, of Old Forge, and others are the plaintiffs and Lacoe & Shiffer, John Jermyn and Joseph Jermyn are the detendants. The testimony will be heard before Attorney S. J. Strauss, of Wilkes-Barre, who is referee in the case. The suit was begun in Luzerne county.

About the middle of the sixties certain coal leases were executed between the plaintiffs and Lacoe & Shiffer, proriding for the mining of coal from their lands at Old Forge a certain specified um to be paid for each ton "miner's weight." Subsequently the leases passed from Lacoe & Shiffer to John and Joseph Jermyn, who have for years conducted mining operations under them, It is contended by the plaintiffs that the term "miner's weight" means a ton of coal as it comes from the mine, while the defendants argue that it means as play her own accompaniment. The much coal as a standard ton of the marketable article can be extracted attendance. rom. This makes a difference of from 700 to 800 pounds on each ton, and the defendants have been paying royalties m what they believe a ton "miner's eight" means. The plaintiffs aver that this difference of 700 or 800 pounds a ton has given the plaintiff 200,000 tons which they have paid no royalty. The lease also provided that the plaintims were to receive a certain amount of coal each year for their own use, but the plaintiffs contend that this provision of the lease has not been lived up

to by the defendants. The same questions were involved in an equity suit between the same parties begun in this county at the November term, 1888. It was referred to Attorney W. W. Lathrope as master, who, after a careful hearing of the case, framed a report in favor of the defend-

#### seph Jermyn. VERY DIFFICULT OPERATION. Performed by the Surgeons in the

Hahnemann Hospital. John Matyok, aged fifty, a miner re iding in Throo) was recently admitted to the Hahnemann hospital suffering from an infrequent condition. On December last, while picking slate, piece of coal fell, causing him to Mr. and Mrs. Zimmerman will spend jerk his right leg suddenly. He felt omething burst inside, as he expressed it, and immediately complained of severe pain in the right side of the

Finding no relief from the continuance of these pains, which compelled him to remain in bel, he sought admitance to the Hahnemann hospital. On examination the surgeons found a movable mass low down in the right side of the abdominal cavity, which they pronounced dislocated or floating kid-

On the advice of the surgeons the patient, who had become much emanciated from his torturing pains and loss of rest and sleep, said he must have relief and underwent an operation, An incision was made in the back and the dislodged member by careful manipulation was brought back to its normal osition and fastened by means of

trong sutures. The patient is doing well and the surgeons think he will be entirely relieved by the operation.

#### ANOTHER ORGAN CONCERT. Organist William C. Carl to Appear in This City.

Lovers of music and admirers organist William Carl and they are gion hereabout, will welcome with give a grand recital on the large, fine, new organ of the Providence Presbyterian church. The ladies of the Aid society of that church are singularly fortunate in securing for our music loving people Professor Carl, whose re outation is now world-wide and who has played on most of the large or-

gans in America and Europe.

The Standard, of London, says of his recital there a few years ago: fessor Carl manipulated the splendid instrument in Queen's hall to perfec-

### AN ACTION IN EQUITY.

By William C. Ogden Against Other Heirs of Ogden Estate.

William C. Ogden yesterday began n action in equity naming Mary J. Hayden, Ella Collwell, Charles R. Short, Martha Lee, Charles F. Reeder and William Reeder as defendants, He desires to secure the partition of 100 acres of land in Scott township which descended to the plaintiff and defendants from John Ogden, who died intestate in Scott township in 1855, The plaintiff alleges that he has fre-

quently applied to the defendants for an equitable division of the property but they have refused to act. He now asks the court to make an order for its division, or if it cannot be divided without manifest prejudice that it be sold and the proceeds divided among

#### FOR THE BENEFIT OF THE HOME

Colonel and Mrs. Boies Will Open Their Conservatories.

Colonel and Mrs. H. M. Boies will open their conservatories on Saturday to the public for the benefit of the Home for the Friendless. On this occasion the azaleas are the attraction. They make undoubtedly the most magnificent floral display ever seen in this region. One of the plants is at least fifteen feet in circumference and contains fully three thousand blossoms. It is of the most exquisite pink hue and is

moly a mass of gorgeous color. Another beautiful specimen is a rich cerise, while others are the deepest rimson, pure white or variegated. The side entrance will be used, and the triffing admission of ten cents will

#### be charged. Roses will also be on sale. MARTIN MAY GO FREE.

Dispute as to Who Will Stand Ex-

tradition Expense. Nothing has been done as yet in the matter of extraditing "Hank" Martin, who is being held at Buffalo for the theft of a diamond pin from Patrick

Haggerty, of this city. The parties interested in the recovery of the diamond have not as yet agreed to stand the expense of bringing the prisoner back, and the police are not disposed to take it upon themselves to do it. There is a possibility that the case will be allowed to go by default.

#### PLAN PROVES SUCCESSFUL.

Contributions for Carriers' Conven-

tion Numerous and Liberal. The plan of soliciting subscriptions the letter carriers' convention, adopted by the convention committee, is proving a success. The contributions are coming in very promptly and in most instances the largest space in the contribution card is the one of the "lady of the house," used to transmii her contribution, Several merchants have offered to

give prizes to the carriers whose route gives comparatively the largest returns. Rev. E. Edwards, pastor of the Eng-

lish Baptist church at Minersville, Pa., when suffering with rheumatism, was advised to try Chamberlain's Pain pleasure the announcement that the Balm.
