

CARBONDALE.

RAILROAD WRECKS.

Trip of Cars Run Away—Collision in Delaware and Hudson Yard.

A terrific smash-up occurred at the foot of No. 1 plane on North Main street Saturday evening at 5 o'clock. Four cars loaded with huge boilers, fly-wheels and machinery from No. 1 road house were started down the plane. They were roped to a car which was being held on a parallel track. A latch which was supposed to be open in some manner got closed and derailed the sustaining car. The rope broke and the heavy trip dashed to the foot of the plane, where it collided with a train of cars also loaded with big boilers. The report of the impact was deafening. The first car was derailed. In fact, it was reduced to splinters, the only thing left bearing any resemblance to a car being the wheels and axles. Three other cars were demolished, the boilers were broken and three cars were hurled up the track 200 feet to the company's office, where they left the rails. The effect was like that produced in striking a run of billiard balls with a given number, an equal number leaving the opposite end of the rail.

WRECK IN THE YARD.

Saturday morning at 8 o'clock there was a wreck in the Delaware and Hudson yard just north of the Fallbrook street crossing. Engine No. 58, in charge of Conductor Kellow and Engineer Smith, was hauling a train down the south-bound main track. Engineer Korrigan and Conductor Case, with engine 35, were backing down from Fallbrook breaker on a switch, with a train of cars. The tender of engine 35 ran diagonally into the cars on the main track. Several of the cars and the engine were thrown from the rails. A big hole was punched in the engine tank, leaving the water out of the boiler. The fire was immediately drawn. The cars were quite badly damaged and the switch was torn from the ties. The Erie flyer was delayed for some time, but the wrecking gang soon had the road opened. No one was injured.

SUNDAY ACCIDENT.

Yesterday afternoon Erie locomotive No. 1063 jumped a frog just above the dispatcher's office and ploughed through the ties for several feet. The work of re-railing it required two hours. The damage was slight.

THE OLD WAY.

Of Treating Dyspepsia and Indigestion by Dieting a Dangerous and Useless One.

We say the old way, but really it is a very common one at present time and many dyspeptics and physicians as well consider the first step to take in attempting to cure indigestion is to diet, either by selecting certain foods and rejecting others or to greatly diminish the quantity usually taken, in other words, the starvation plan is by many supposed to be the first essential. The almost certain failure of the starvation cure for dyspepsia has been proven time and again, but still the moment dyspepsia makes its appearance a course of dieting is at once advised. All this is radically wrong. It is foolish and unscientific to recommend dieting or starvation to a man suffering from dyspepsia, because indigestion itself starves every organ and every nerve and every fibre in the body. What the dyspeptic wants is abundant nutrition, which means plenty of good, wholesome, well-cooked food and something to assist the weak stomach to digest it. This is exactly the purpose for which Stuart's Dyspepsia Tablets are adapted and this is the method by which they cure the worst cases of dyspepsia. In other words the patient eats plenty of wholesome food and Stuart's Dyspepsia Tablets digest it for him. In this way the system is nourished and the overworked stomach rested, because the tablets will digest the food whether the stomach works or not. One of these tablets will digest 3,000 grains of meat or eggs. Your druggist will tell you that Stuart's Dyspepsia Tablets is the purest and safest remedy for stomach troubles and even a trial makes more friends for this excellent preparation. Sold at 50 cents for full sized package at all drug stores. A little book on stomach diseases mailed free by addressing F. A. Stuart Co., Marshall, Mich.

PECKVILLE. The new gongs recently put in place at the borough electric light plant for fire alarm purposes serve their purpose well, for there is not a more far-reaching and harmonious sounding alarm in the valley. Altogether there are four gongs, the largest a twelve-inch, and the smallest a three-inch, three of these whistles were made by the engineer, Mr. Edward Barnes, the Delaware and Hudson donating the other, which, for over thirty years, has been used by that company as a signal. That Mr. Barnes understands the arranging and making of a best-class gong there is no mistake, and he is deserving of all the credit for this most efficient alarm. Miss Ruth Griffin spent Sunday with Mrs. Henry Wheeler at Jersey. Calvin Hollis is confined to his home by an attack of quinsy. Professor H. E. Barnes, who has been ill some time, is improving and will soon be able to be about again. Elmer and George Roberts left last night for a few days' stay at New York. Florence Stangle is working at Yatesville. William Harkins was called to Wyoming on account of the serious illness of his father. Yesterday afternoon a thunder storm passed over this place. Wararapha Tribe, No. 21, Improved Order Red Men, will hold a banquet on Thursday evening, April 6.

JERMYN AND MAYFIELD. The activity in the Delaware and Hudson colliery, by which the men for the past few months have been working about three-quarters time, has apparently ended. During the past week the H. and H. men were paid for their full time. It is apparently more than the company needs and today the breaker is idle. Possibly the big trust, which has recently been so much talked of, has something to do with the sudden restriction. Curtis E. Holmes, of Hazleton, is spending a few days here with his wife and family in Rushbrook street. Miss Annie Griffiths, of Montrose, who a few years ago was a resident of this borough, called on friends here yesterday. The infant child of Mr. and Mrs. John Yates, of Fourth street, is quite ill. Walter Snyder, sergeant-at-law, representative in the Thirtieth regiment, came home last evening. Although not so stout as when he started away, he nevertheless looks well and enjoys good health. I have been afflicted with rheumatism for fourteen years and nothing seemed to give any relief. I was able to be around all the time, but constantly suffering. I had tried everything I could hear of and at last was told to try Chamberlain's Pain Balm, which I did, and was immediately relieved in a short time. I am happy to say that it has not since returned. —Josh Edgar, Germantown, Cal. For sale by all druggists. Matthews Bros., wholesale and retail agents.

PITTSTON NEWS

Very Reverend Eugene Garvey Says Mass—Father Quinn's Plain Facts—Several Deaths, Funerals and What Local Were Gathered on a Very Quite Sunday. St. John's church, on William street, was filled to its capacity yesterday morning at the 10.30 service and this included a high mass, which was sung by the new pastor, Very Reverend Eugene Garvey, and successor to the late Father John Finnen. During the mass there were several well sung solos by John Allen, William Dovanney and the Misses Kearney and Keating. The sermon was preached by Rev. Father Quinn, who delivered a most plain, facts, and so plainly told, that they must have left lasting impression upon the large congregation present. His text was the parable of the five loaves and two fishes. In the lecture room of the Broad Street Presbyterian church yesterday afternoon, conducted by the Rev. Father Fulton, of Brooklyn, and under the auspices of the Young Men's Christian association was attended by the usual large congregation. Rev. Father Fulton, who was speaking, as he leaned down to speak to a young man seated near the car stove, "you have a very remarkable mustache."

"Yes?" "What's that?" growled the young man, looking up at him sideways. "Just let it alone, will you?" "Yes, I'll let it alone. I'm not a barber, you know. Still, there can't be any harm in telling a man, when he's got a mustache like yours, that it's something worth looking at. You'll pardon me for calling your attention to the fact that it grows straight out from your lip about an inch, at a right angle, and then most of the hairs turn directly up, while others turn directly down. That shows it's natural. It couldn't be waxed so as to stand out that way. It looks like the long arm of the letter F. A man couldn't train it in that shape in a million years. I don't suppose, now, you ever took two looking glasses and stood so as to get a side view of that mustache, did you?" "None of your business," responded the young man. "I'll thank you to attend to your own affairs, if you have any, and let mine alone."

ALTRUISTIC IN HIS OWN WAY.

On This Occasion He Felt He Was Fortified by a Circumstance. From the Chicago Daily Tribune. "If you don't mind my mentioning it," remarked the cheerful passenger who was holding on to a seat, as he leaned down to speak to a young man seated near the car stove, "you have a very remarkable mustache."

Professor Thomas Kneebone, who is a pianist of no mean pretensions, gave an interesting rehearsal at the music rooms of Pritch & Williams on Saturday evening. A large audience of friends gathered and out enjoyed the program. Frank Brundage, the genial day clerk of the Eagle, spent Sunday with friends in West Scranton. The funeral of the late Mrs. William Shear, of Nafus street, who died on Saturday, will take place this afternoon with services at the house and interment in the Pittston cemetery. The funeral of the late William H. Davis, of the West Side, whose death was mentioned on Saturday, took place in the West Side, and the services, which were conducted in the Welsh Hill Baptist church by the Rev. Dr. Thomas, the pastor, was attended by a large concourse of people, including the Gohlts lodge and Encampment of the I. O. O. F. The sermon included a deserving eulogy of the departed of his sterling worth as a man, husband, father and citizen, and also expressed words of comfort to the members of the grief-stricken family. The interment was in the Pittston cemetery. Yesterday morning at 4 o'clock occurred the death of William Morrison, of Parsonage street, after an illness of several weeks. The deceased was widely known among railroad men, and for several years was an employe of the Lehigh Valley at the Coxson yards. The funeral will take place tomorrow. This evening "The Sunshine of Paradise Alley," with Denman Thompson, will make their first and only appearance at Music hall. The company is first-class, and those who for some time have been waiting for this quality can

have their wishes gratified. They appeared at the Nesbit in Wilkes-Barre on Saturday to crowded houses, and this fact leaves nothing else for us to say. Never-Work society on North Main street held one of their so-called socials on Saturday night, and if the parents of some of the young girls present could have taken the time to see what company they were in, it is doubtful how long such a state of things would exist. Yesterday several of these young men, who pose as gentlemen, were amusing themselves by hanging out of the third story windows, and the passerby who did not come up to their standard was made the butt of ridicule. If we have occasion to refer to this crowd again we will take the pains to furnish a complete list of the membership. Low Bachman and M. J. Hughes were down at the county seat yesterday and returned by the way of the duck pond. ALTRUISTIC IN HIS OWN WAY. On This Occasion He Felt He Was Fortified by a Circumstance. "If you don't mind my mentioning it," remarked the cheerful passenger who was holding on to a seat, as he leaned down to speak to a young man seated near the car stove, "you have a very remarkable mustache."
