Maine Assembly, No. 39, Degree of Naomi, Ancient Order Knights of the Mystic Chain, met in regular session Monday evening in the Odd Fellows' hall, Main street. A very interesting session was held, the most beautiful and instructive degree of Naomi was conferred on ten candidates and four applicants pending. No. 39 was instituted at Moosic April 12, 1898, and worked with pretty fair success until a few months ago they decided to move to Avoca. The ladies had an idea it would be a better field to work in which has proved itself so, for since they took up their shows in the above hall it has been a continuous pleasure to them. Last meeting was the largest number to initiate at one meeting, and it is expected they will have several more targe classes to instruct as they are determined to exceed in numbers all assemblies in this part of the state. The present membership of the assembly is a little over one hundred. Arrangements are being made to celebrate their first anniversary, which will be a very grand affair, as they intend to make if a memorable time in the history of the assembly. Refreshments were served to all and a pleasant time spent. On Monday, the 27th, several will be initiated and propositions received.
