BLEEDING PILES

And all other forms of this common and often dangerous disease readily cured without pain or inconvenience. Thousands of men and women are afflicted with some sort of piles, without either knowing the exact nature of the trouble, or knowing it, are careess enough to allow it to run without taking the simple means offered for a radical cure.

The failure of salves and ointments to permanently cure piles has led many to believe the only cure to be a surgical operation.

Surgical operations are dangerous to life and moreover not often entirely successful and at this time are no longer used by the best physicians or recommended by thom.

The safest and surest way to cure any case of piles, whether blind, bleeding or protruding, is to use the Pyramid Pile euro, composed of healing vegetable oils, and absolutely free from mineral poisons and opiates. The foldwing letter from a Phisburg gentleman, a severe sufferer from bleeding piles, gives some idea of the prompt effectual character of this pile cure. He write:

Most of the amendments met with the approval of Messes. Roche and Meshould present a tabulated report of Cann, and they will recommend that ouncil approves of them. A few of the amendments, however, do not meet with their favor. One of these is the clause so enlarging the powers of the mayor that "whenever in his judgment it is necessary for the public safety or to preserve order he may hire supernumerary policemen to serve for a peried not exceeding ten days, their compensation to be fixed by councils.

This it is thought is giving to the executive a power that permits of ready abuse. This power in the mayor of third-class cities existed before 1874 and was abused.

Another clause that is not in favor with the committee is one which authorizes the mayor to suspend a policeman without pay for thirty days at his own discretion and without consulting the select council. The fault with this is that a mayor could keep on suspending a man or set of men every thirty days. In this manner he could dismiss a whole police force without consulting councils.
