SPECIAL LEVY NECESSARY. Nearly 590,000 Has to Be Raised for

New Sewers. City Engineer Joseph P. Phillips yesterday served notice upon Dunn Bros-to begin work on the South Side sewer on April 1. The ordinance under which the contract was certified prescribes that the work shall begin when the city

engineer shall elect. The sewer will cost \$33,000, of which the city contributes two-thirds. There Main avenue, John Foley, Gammit and nue; Stephen Maslyar, Summit and Lloyd; Herbert W. Arndt, 1431 North pense but as the work was directed to proceed by order of court, the controller could certify the contract with Hability to himself. The expense will be made up by special levy, if provision cannot be made for it in the judgments and incidentals fund next year.

In addition to this, the city will have to make provision this year for its share of other sewers as follows: Philo street, \$17,200, Scranton street, \$673.80; Sections B, C and D of the Fifth sewer district, Providence, \$12,300.75. There is also \$47,660.36 to be provided

for the Nineteenth district sewer, and \$863.77 for the Seventeenth ward sewer, on which viewers are now at work and which will probably be ready for construction before the year is out This makes a total of \$89.487.93 that

the city must meet and for which there

isn't a cent available. A special levy will doubtlessly be the result.

COMING MINSTREL SHOW. Better Local Entertainment Was Never Given in This City.

An unusually fine selection of music has been made among which are many songs new to Scranton, while some of the old ones will be given new settings, which will reintroduce them in a very successful manner. There are jokes in the first part free from mess, and the audience from the local Illusions, which are entirely legitimate at a min-
