EVENTS OF DAY IN WEST SCRANTON

ADDRESS ON LABOR'S DEMANDS BY REV. MR. DE GRUCHY.

Was Delivered in the Jackson Street Baptist Church-Secretary Pearsall Led the Epworth League Meeting in the Simpson M. E. Church-Services in Some of the Other Churches-Thomas Quinn Injured in the Hampton Mines-Personal Mention and Minor News Notes.

Rev. Thomas de Gruchy, paster of the Jackson Street Baptist church, took up the cause of the workman at last evening's service and spoke upon the subject of "Labor's Demands," Owing to the inclemency of the weather a small audience was in attendance, but the address was very interesting. The speaker, in part, said:

'Many will doubt the propriety of bringing this subject into the pulpit, but where does the limit of Christianity end? Christ came into the world to educate, cultivate and save men, and he was the poor man's friend. He sald, Come unto Me all ye that labor and are heavy laden and I will give you

"Christ is the answer to all the perplexities and ills of humanity. The rich are getting richer and the poor attentivel; poorer in America. God fostered the audience. liberty and equality of every man and only through agitation has anything been gained by Him. Let the workingman agitate for rights. Capital and labor are not so far divorced as in former years. The intelligence of America is enshrined in the working-

"The cause of all the trouble is the inhuman treatment of wealth. Men have souls from God, and it is about time the corporations knew it and recognized their needs. The workingman has bettered his condition through strife and strikes. He had to do it or starve. All the wrongs of the workingmen are not yet redressed, and they ought to receive a fair day's wages for his labors that he may bring up his children and educate them as well as and the twenty-first and twenty-sec-

world, but there must also be love and sympathy combined.

'No man ought to work more than eight hours a day. His time should so nivided that he can spend it equally at home, in the shop and in rest. There is a tide of prosperity coming and the laboring man ought to feel It as well as the capitalists, and I believe the workingmen of Scranton are justified in their demands for an eighthour day and increased wages.

"There are wrongs in the industrial world that must not be made public, but there is one thing I want to refer to in conclusion, and that is regarding many firms in this city who are paying starvation wages to their female employes, and thus driving them into temptation which cannot be named from the pulpit. They are compelled to dress beyond their means, and reatty ought to be in school and be educated for the positions in life which will fit tion; but no mother need hesitate to them to become the wives of American workmen."

AT THE SIMPSON CHURCH. Secretary Frank W. Pearsall, of the Railroad Young Men's Christian association, led the Epworth league meeting at Simpson Methodist Episcopal church at 6 o'clock last evening, and also occupied the pulpit at 7 o'clock.

Mr. Fearsall chose his texts from Deuteronomy, "He brought them out that He might bring them in," and "Ye have compassed this mountain long enough to go northward,' referring to the topography of Egypt and speaking along those lines, where Christ brought the people out of Egypt that they might walk in the light of Canasan. The talk was very interesting and

We Have

Pleasure in Announcing

Our Annual Spring Exhibition Of Correct Millinery Fashions for Wednesday and Thursday this Week.

Extreme novelties from the most perfect designers in Paris and London will be shown, but our main effort has been directed to making a worthy and elaborate display of modified styles embodying all the essentials which fashion demands, but illuminating these wild fancies which look well enough in fashion plates, but are impracticable, because hardly one lady in one hundred could wear them.

Common sense and the proverbial good taste of American women demand styles that are becoming to them as individuals; thus, while Paris may set the pace and suggest the pattern or design, its decrees are no longer arbitrary. In a word, we accept the good, reject the extremes and create new patterns of our own.

The Display on Wednesday and Thursday

Will include Trimmed Millinery of every discription. Every thing in flats, shapes and trimmings that will be worn, Veilings, Ribbons, Flowers, Feathers, etc.

All Visitors Will be Welcome on Show Days.

THE DUTY OF MOTHERS. DAY'S DOINGS IN

Daughters Should be Carefully Guided in Early Womanhood.

What suffering frequently results from a mother's ignorance; or more frequently from a mother's neglect to

properly instruct her daughter! Tradition says "woman must suffer." and young women are so taught. There is a little truth and a great deal of exaggeration in this. If a young woman suffers severely she needs treatment and her mother should see

that she gets it. Many mothers hesitate to take their daughters to a physician for examinawrite freely about her daughter or herself to Mrs. Pinkham and secure the most efficient advice without charge. Mrs. Pinkham's address is

Lynn, Mass. The following letter from Miss MARIE F. JOHNSON, Centralia, Pa., shows what neglect will do, and tells how Mrs.

Pinkham helped her: "My health became so poor that I had to leave school. I was tired all the time, and had dreadful pains in my side and back. I was also troubled with irregularity of menses. I was very weak, and lost so much flesh that my friends became alarmed. My mother, who is a firm believer in your remedies from experience, thought perhaps they might benefit me, and wrote you for advice. I followed the advice you gave, and used Lydia E. Pinkham's Vegetable Compound and Liver Pills as you directed, and am now as well as I ever was. I have gained flesh and have a good color. I am completely cured of irregularity."

ACTING ALTOGETHER TOO REAL-ISTIC FOR DERRIG.

Badly Cut While Doing a Scene with Edward Milner-Mr. and Mrs. A. J. Marsh Entertained Friends. Unveiling of a Statue in St. Mary's Catholic Church-Fair of the Ash Street Methodist Church Was a Success-Services in the Christian Church-News Told in a Few Lines

From pretense to reality is often but step and Patrick Derrig and Edward Milner, both well known young mer vire, are well nigh certain that this is a fact. They were taking part in the mtertainment given last Friday night by the members of Division No. 26 Ancient Order of Hibernians. Their part was tragic, for Milner was sup posed to stab Derrig. The latter was of course, to seize Milner's wrist and rustrate the stabbling business.

Both worked up to the climax in ex ellent style and ended as brilliantly, ut entirely too realistically for Derrig, for he seized the knife instead of the wrist and his thumb was slashed to whole length. The rest of the "busi ress" was abruptly "cut out" and Derrig left the hall to have his wound dressed. It required several stitches to lose the cut. It is said that next time the knife will be a "play" knife too.

ENTERTAINED FRIENDS. Mr. and Mrs. A. J. Marsh entertaind a party of their young friends at their residence on East Pine street, Friday evening. The guests were provid-ed with sultable diversions for their enjoyment and Mrs. Marsh served refreshments. UNVEILING A STATUE.

In St Mary's Catholic church last light there was an impressive service and blessing of a statue of St. Joseph, which was presented by a member of the congregation. It is an imported statue and very beautiful.

Notwithstanding the very unpleasant weather the church was crowded. The rmon in connection with the unveiling was breached by Rev. A. F. Brod-erick, of West Scranton. He took for his text the words found in Matt., fit:-18-21. He began his discourse by a history of the devotion to St. Joseph and hen gave the reason for Catholic devotion to St. Joseph. The father of the Savior of Man, he said, is the model of what the head of a household should

Following the sermon came the blessng and unveiling of the statue and the benediction of the blessed sacrament.
