Burglars Are Successfully Working the City - Tony Parker Again on His Muscle - The Bloomsburg-Pittston Basket Ball Game, and a Column of Lively Local News from the Black Diamond City.

That this city at the present time is harboring, although unintentionally, some of the light fingered gentry, is very much evident by some of there cunning work which was discovered yesterday morning. A week ago we mentioned how this gang was scared off while attempting to enter the furnishing store of Anthony Spuclino, on North Main street. This did not prevent them from repeating the visit on Sunday night, when they were more successful. They cut out one of the large panes of glass from a front window and, gaining the inside, proceeded select from the varied stock just what they wanted, and this was considerable. From here they went up Mill street to what is known as Frogtown and in the same manner entered the building of Mrs. Nick Bollig, In this building they proceeded with their work leisurely. They did not disturb her, but made a thorough search of the promises and succeeded in securing several dollars in each and a large number of articles of value.

Tony Parker is perhaps the only individual of the colored persuasion who has survived after having his jugular severed by the usual razor in the hands of his more successful suitor in a love affair. This happened several months ago and the physicians at the hospital mude such a good job upon Tony's herves that today he is a better man than before, at least he thinks Tony has been employed at the Wyoming Valley House for some time in manufactoring steam and vesterday he succeeded in getting mixed up with a burly Hungarian named John Cosco who tips the scale at two hundred and fifty pounds, and the result was the settling of an old grudge and it was settled right there and then when Tony landed a blow on Cosco's eye that closed it for some time and raised a hump as large as an exhibition Easter eag. Parker was at once placed unher arrest and before Alderman Barcett the difficulty and what caused its miniencement was thoroughly aired. The result was that Parker was glad to settle for six dollars and keep out

of jall J. E. Boyle liquidated for him, and now while Tony will have to work extra time to cancel the amount of the fine, Cosco went one-eye to the hospital to have his optic dressed. There was a large audience at Phoenix hall last night to witness the best untosted basket ball game seen in of the Bio mshurg Normal school and termoons and evenings.

the first team of the Young Men's Christian association. There was some very elever playing on both sides and for some time it was thought that the champions would meet their Waterloo but at the conclusion of the last half the visitors were the victors with several points to spare. The Wyoming Seminary second team and the Y. M. A. second team afterwards were pitted against each other and after an exciting battle with the pig skin Pittston was victorious.

The funeral of the late William Carpenter took place yesterday afternoon, and besides the large number of relatives and friends present, there was also the members of Thistle lodge, Independent Order of Odd Fellows, the Order of Red Men, and No. 4 Shaft Keg-

copal church, conducted the services and the interment was made in the Pittston cemetery The deceased was well known among our English and Weish people, and the numerous attendance at the obsequies attested to the estimation in which he was held by them. ### "A Ragtime Reception."

A company, of which Gus Pixley is one of the features, presented "A Ragtime Reception" at the Academy of Music last evening. It is a farce without any pretense to a plot, but is filled with bright, entertaining specialties from beginning to end. Gus Pixley did his famous whistling tramp specialty, which won round after round of anlause.

The songs of Henry Laurent were varmly applauded, as were those of Gertrude Fort, Several clever dance numbers were introduced during the performance, which has many things about it to recommend it to public favor. The performance will be repeated this city between the champion team at the Academy this and tomorrow af-

### Big Sensation Show.

The Big Sensation Double Show, inluding white and creale artists, made a good impression at the Galety yesterday. The company, under the direction of Matt. Flynn, and headed by Mile, Zitella, has been frequently seen in Scranton, but never presented a hetter programme than during the present engagement, which will continue during the entire week, with matinees daily. The opening sketch, "A Joke in High Life," gave, both the white and creole artists an opportunity to display their particular talents in a musical way, and among the most pleasing ws an operatic duo by Ella Arderson and George Hammond. olio embraced some excellent spe dalties by Baker and Lynn, the German sketch artists; Bryce and Inman, character comedians; Lina and Vina, the European acrobats; the great Rastus, probably the most talented olored acrobat on the road, and the Am. Grundys and Murray, who gave a marvelous exhibition in dancing. The programme concluded with a burlesque Am. Spirits . upon the Philippines in which the enire company of white and creole be uties appeared. The costumes were das-zling, the music was catchy and the scenic effects were handsome and aristsic throughout the performance. An mprovement could be made in the production by a less lavish use of gan-powder and blank cartridges, much of the good music which people were endeavoring to catch yesterday was Fed. Steel, Pr . # THE MARKETS.

Wall Street Review. New York, March 20 .- The stock market after a sensational movement in Sugar and the local transportation shares closes weak with mixed net changes. Interest centered largely in Sugar, in which the transactions were over 191,000 of a total of about 900,000 Sugar opened with an adshares. vance of about 8 points, ran off 31/2 and then touched 182 with a subsequent plunge of 18 points, closing with a net loss of about 8 points. The extraordi-nary movement of this stock had a wide influence in other directions. Brooklyn Transit was lifted over 6 points and then lost much of the gain. ronounced strength appeared in the Vanderbilts, Union Pacific, Northwestern, the coalers and Chicago Terminal eferred, while some of the Internationals made a show of strength in the early dealings in sympathy with the higher range in London. The Tobacco stocks were extremely feverish. American Tobacco broke 616, rallied 9 and left off with a loss of 2; Continental Tobacco slumped 14% and was off 3 points at the close. The liquidation in these stocks was attributable to the reported formation of a new opposition tobacco company, Manhattan retained the

greater part of a four point rise. There was a disperition of the professional element to let commission house purchasers have stocks and subsequently while Sugar was tumbling and call ioney reached 9 per cent., prices were freely offered down. Standard stocks, while easing with the drift of the marthe best did not exceed two per cent. except in special cases. Total sales Fond prices today were raised gen-

erally, considerable activity developing in the St. Louis southwestern issues, Texas Pacific seconds and Wisconsin Central firsts. Total sales were \$2,439,-

By J. R. L. Carrington & Co. New York, March 20.—The market opened with a "whoop" and a "bang" this morning, Sugar being up § points, Brooklyn Rapid Transit 6 and the list generally at an advance varying from fractions to several points. The high prices brought in quite heavy realization during the first two hours and there was some set-back throughout the whole mar-ket, but buying of very persistent char-acter in Brooklyn Rapid Transit, Sugar, Manhattan, Union Pacific, Northern Pa-cific and some of the specialities held prices at high figures and Inmost cases scored advance above opening prices. To-By J. R. L. Carrington & Co. ored advance above opening prices, To eco was weakened by the sharp decline bacco was weakened by the sharp decline in Continental Tobacco, in which there was considerable realizing by traders and the absence of inside support, the stock selling down 10 per cent, with a quick recovery on the execution of stop orders. The whole market showed exi-dences of great strength and begins to look as if the upward movement might be under way again. At same time, to-day's advance was very sharp and there

ay's advance was very sharp and there eems no question but what the list hould react somewhat before continuing should react some what before continuing very much higher. Generally speaking the sentiment continues builtsh and the leading houses are looking for higher prices this week. There scems to be very little question but that Sugar will sell very much higher although the fluctua-tions in it are so violent as to make trading somewhat of an open proposition. Market during last hour showed the ef-tect of the tremendously heavy dealings during the balance of the day and be-came somewhat dull, although retaining its strength.

came somewhat dull, although retaining its strength. Sugar broke sharply below Saturday's closing, prices weakening the whole list fractionally but aside from this, there was no movement of any magnitude. We helleve the market is a purchase on all weak sports and we have repeatedly suid, think there is no better purchase than Union Pacific stocks on all declines. The common will sell at very much blebar common will sold at very much higher prices before the end of this year, and if taken now and held irrespective of the momentary uffetuations will show a large profit. Money leaned as high as 9 per cent. Market closed irrespite but strong
